ELEMENTARY RESOURCES & EVENTS

ELEMENTARY INSTRUCTION – Resources & Events

Transitional Kindergarten (TK) Grading Guidelines/Report Cards
TK students are not expected to meet kindergarten benchmarks. They are held to the Preschool Learning Foundations (60 month descriptors): http://www.cde.ca.gov/sp/cd/re/documents/preschoollf.pdf
For more information, see "Progress Reporting" in the TK Implementation Reference Guide 5777.3. The Reference Guide and additional information regarding the TK program can be found at http://achieve.lausd.net/Page/6503, LAUSD.net>Offices>Transitional Kindergarten.

Expanded Transitional Kindergarten and TK instruction is aligned to the Preschool Learning Foundations (the California Standards for TK) with a focus on oral language and social emotional development. Instruction is designed using child-centered developmentally appropriate practices that engage children in authentic learning activities. ETK and TK do have some distinctions. TK support resources including the TK Alignment Document (TK-K standards) and a FAQ detailing the similarities and differences between ETK & TK and can be found here: http://achieve.lausd.net/Page/6503

English Language Arts
Early Language and Literacy Plan (ELLP) Academies
ELLP Academies are growing with more schools adopting the model promoting teacher collaboration and small group instruction according to student need in TK-2. See resources for all schools here: http://achieve.lausd.net/Page/6545
- ELLP Cohort 1 Schools (15 per LD) have upcoming PD with 95 Percent Group for Designees and Principals on March 5 and March 17, respectively. An additional Designee PD has been scheduled April/May. Participating schools will be notified via email – Alison.pickering@lausd.net for further information.
- ELLP Cohort 2 Schools (30 per LD) are being identified through collaboration with the Division of Special Education Coordinated Early Intervening Services department, the Division of Instruction, and Local Districts. If you are interested in being a part of ELLP Cohort 2, please communicate this to your director.

SECONDARY RESOURCES AND EVENTS

SECONDARY INSTRUCTION – Resources and Options for Growth

Literacy
Middle School Textbook Adoption
The middle school textbook adoption is now in process. The Selection Committee (selected teachers and administrator) are starting to review the books. On April 4th and 5th, the Selection Committee will reconvene to deliberate and rank the books. The books being reviewed have already been adopted by the California Department of Education.

Literacy Design Collaborative

LAUSD is preparing to enter the second year in partnership with the Literacy Design Collaborative (LDC) in its Federal i3 Grant. LDC provides planning tools that:

- Support teachers in using the California Standards to identify and teach the skills students need to access content.
- Guide teachers in a backward design process to plan assignments that help students build the enduring literacy skills they need to write about what they read.

For more information on LDC tools and resources or to express interest in having your school participate in the grant, please visit our webpage: [http://achieve.lausd.net/Page/9933](http://achieve.lausd.net/Page/9933).

Mathematics

Algebra 1 Summative Assessment

The district will be administering the Algebra Summative Assessment to middle school students enrolled in Algebra 1 course this school year. The purpose of this assessment is to support placement decisions for students as we continue with full implementation of the California Standards and to determine mathematics graduation credit for high school. The assessments will be administered online. The administration window for the placement assessment is as follows: May 23 – June 3, 2016.

Middle School Mathematics Placement Assessments

The district will be administering the MS Math Placement Assessment for Grade 6 this school year. The assessments will be administered online. The results of the Mathematics Placement Assessment will be used by schools to make placement decisions in addition to class marks. The Memorandum for administering the assessment will be forth coming. The administration window for the placement assessment will be from May 23 – June 3, 2016.

Middle and High School Math Courses and Pathways

The updated memo is being reviewed. The purpose of this memo is to provide information to schools regarding the mathematics pathways and placement. The memo will be published soon for schools to use in building their master schedules. You can contact your local district mathematics coordinators for support.

Science

Middle School Science Teachers are invited to provide feedback on the merits of the two models for middle school science, Integrated and Discipline-Specific. Mastery Learning and Grading: Transforming Classroom Practices

Mastery Learning and Grading is a growth-mindset approach to teaching and learning, based on the expectation that everyone can learn when provided with the right conditions and support. It offers all students and teachers an alternative to the limitations of traditional instruction and grading. By refocusing classroom grading, assessment, instruction, and planning on clear learning goals, and by implementing research-based systems honoring individual variation in learning styles, Mastery Learning and Grading allows more students to succeed academically. If you’d like to learn more about engaging in this PD series, please contact Mastery Learning Instructional Coaches: Melissa Guice (mjg7290@lausd.net) or Chris Grounds (christopher.grounds@lausd.net)

A-G INTERVENTION AND SUPPORT – PASS Professional Development

The PASS credit recovery program is up and running in many of the schools for the second semester. At the January professional development, teachers collaborated on lesson design and best practices. Lessons and best practice ideas are posted and available on the MyPLN website.

Additional opportunities for professional development and collaboration for PASS teachers will be taking place on April 18th and April 25th (repeat sessions). PASS teachers may sign up for either date on the MyPLN website.

If teachers need assistance in implementing or initial roll out, please feel free to contact the PASS team to answer any questions you may have and to support your PASS program teachers.

COLLEGE AND CAREER EDUCATION – Planning Forward

On to Summer
Summer session planning has begun and the credit recovery opportunities it affords for future graduates will be the focus this month.

Master Schedule Timeline
The MiSiS New Year process will increment student grade levels by one year and create new enrollments for continuing and matriculating students by the end of March. Articulation between schools sending and receiving matriculating students will be nearly complete and counselors will be nearing the end of the course request entry process. The tentative matrix will be well underway with completion anticipated in April. Also, diploma lists and graduation status letters are being prepared this month to help ensure a smooth graduation for all.

HIGH SCHOOL ACADEMY DISCOVER PROGRAM AT NYU

Full Scholarship Opportunity
This summer the NYU School of Professional Studies High School Academy will launch the Discover Program, a new one-week college prep and immersion program for high school students from underrepresented communities across the United States, who will be first-generation college students. Students apply as sophomores for the one-week NYC-based summer intensive and continue their progress throughout the academic year via an online mentorship. Successful applicants to the program must show academic improvement in high school and must be active in their local or school community.

Each student admitted into the program will receive a full scholarship that covers tuition, housing, and meals for the one-week summer intensive.

Da Vinci Schools Linked Learning Offerings Spring 2016
Da Vinci Schools are dedicated to preparing students for college completion and 21st-century jobs through real-world, Project Based Learning that is aligned to workforce needs. Based on feedback and interest from LAUSD visitors in the fall, the visits over the course of the spring 2016 semester have been designed to provide a more in-depth dive into two key practices at Da Vinci: Project Based Learning and Mastery Based Grading. We will also once again host visitors for our Exhibition Night and Student Presentations of Learning.

See schedule and sign up for the events at: http://tinyurl.com/DVInstituteLL

Please email Scott Weatherford at sweatherford@davincischools.org with any questions you may have.

Electronic Portfolios and Defenses
If you would like to learn more about portfolios and defenses as an effective form of assessing learning-outcome achievement, as well as diagnosing curriculum deficiencies that require improvement, you are invited to observe a Linked Learning professional development session. All teachers and administrators are invited to observe. The next session will be held on Saturday, March 12, 2016, at Global Studies on the MCLC from 8:00 am to 2:30 pm. Register at: http://bit.ly/PortfolioMarch2016

UCLA/LAUSD Collaborative – Updates

Budget Allocations
Funds have been allocated to participating school sites to support the implementation of the following activities pertinent to the UCLA-LAUSD Collaborative:

- Coordinator stipend
- Substitute coverage
- One Saturday training for the Village Movement Program
- Transportation for two buses to local colleges and universities

Please ensure that these funds are expended by June 18, 2016. Use of this allocation does extend through the 2016-17 school year.

AP Potential – Strategy for Expanding AP Access & Success
On Wednesday, February 10th, all Collaborative principals received an analysis of AP Potential data that indicates the number of students with the potential to earn a qualifying score of three or higher on a given AP Exam. We encourage schools to use the data for ensuring students with AP potential are enrolled in AP classes and developing your master schedule for the upcoming school year.

As a reminder, AP should not be limited to only students who have AP potential as measured by the PSAT exam. All students who have an interest or potential through other measures should be encouraged to enroll in AP classes.

For more information about AP Potential contact Michael Lovelady in Advanced Learning Options at michael.lovelady@lausd.net or 213-241-7516.

- In preparation for completing each teacher's Final Evaluation Report, please complete both the Informal Growth Plan Visit and Formal Observation in MyPGS. Once the evidence collection and observation rating are completed, observers may finalize the observation by providing an overall comment in the “Finalize Observation Cycle” activity located in the “Formal Observation Cycle (Required)” container in MyPGS. This comment will show in the Final Evaluation Report to prompt your thinking, but will not populate to the teacher’s Final Evaluation Report. Please contact your Local District’s Teaching and Learning Coordinator for additional support.

2016 Principal Summer Institute
Save the Date! The third annual Summer Institute for principals, “Learning-Centered Leadership,” will be held June 14-15 (Elementary & Early Childhood Principals) and June 16-17 (Secondary & Adult Education). Principals will have an opportunity to participate in two days of professional learning led by experts within LAUSD and from the field. For more information, please see the flyer or contact Professional Learning and Leadership Development at (213) 241-3444 or plld@lausd.net.

Reed Investment Schools
Certificated staff from the Reed Investment Schools who need make-up vendor training hours are invited to attend Reed make-up training during Spring Break: March 19, 21, and 26 or March 22, 23, and 24, from 8:30 am to 3:30 pm. Participants will receive their hourly rate. The professional development will be focused on the Habits of Mind. These make up trainings will be offered at Gage Middle School (and possibly other locations). For more information, contact Maria Sotomayor at (213) 241-3444.

SINGLE PLAN FOR STUDENT ACHIEVEMENT – SPSA

Spring is right around the corner, and so are Local District deadlines for the Single Plan for Student Achievement (SPSA). The SPSA plan writing process enables schools’ stakeholders to look at the entire school program in a rigorous, logical, and analytical way. It’s a time to reflect on the effectiveness of the previous year’s plan and to examine schools’ current data and needs assessments in order to create well-designed, functional SPSAs that drive school progress and student success going forward.

In the spirit of the season, imagine your school as a beautiful garden. As a good gardener, you’ll need to: (1) identify and appreciate the “flowers” (your school’s successes); (2) recognize the “weeds” that need pulling (strategies and actions not producing desired results); and (3) add evidence-based strategies that will contribute to student achievement (the new “seeds” that are likely to blossom into “flowers”).

GENTLE REMINDER: All new 2016-2017 SPSAs must be approved by School Site Councils (SSC) and reviewed by schools’ respective Local Districts prior to scheduled budget development appointments, or 2016-2017 categorical budgets cannot be approved and processed.
