Ánimo Westside Charter Middle School (also referred to herein as “Ánimo Westside” and “Charter School”) shall:

Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(d)(1).)

Not charge tuition. (Ed. Code § 47605(d)(1).)

Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code. (Ed. Code § 47605(d)(1); Ed. Code § 220.)

Except as provided in Education Code section 47605(d)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(d)(1).)

Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(d)(2)(A).)

Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). (Ed. Code § 47605(d)(2)(B).)

If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(d)(3).)

Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(c)(1).)

Consult, on a regular basis, with Charter School’s parents, legal guardians, and teachers regarding the school’s educational programs. (Ed. Code § 47605(c)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School’s employees for the purposes of the Educational Employment Relations Act (EEERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EEERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EEERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific “District Required Language” (DRL), including the Assurances, Affirmations, and Declarations section above. The DRL should be highlighted in gray within each Charter
element or section. The final section of the Charter provides a consolidated addendum of the DRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the DRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the DRL contained in the addendum, the provisions of the DRL addendum shall control.
Element 1: The Educational Program

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(b)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(b)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(b)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(b)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School “shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.” (Ed. Code § 47606.5(e).)

ACADEMIC CALENDAR AND SCHEDULES

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.
**TRANSITIONAL KINDERGARTEN**

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School’s admissions, enrollment, and lottery.

**HIGH SCHOOL EXIT EXAMINATION**

Charter School shall comply with all applicable requirements of Education Code sections 60850 – 60859, including but not limited to the requirements of sections 60851.6 and 60852.3.

**WASC ACCREDITATION**

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

**ENGLISH LEARNERS**

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School’s core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD English Learner Master Plan or Charter School’s own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School’s EL program, and shall address the following:

- How Charter School’s EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELs) with an effective English language acquisition program as well as meaningful and equitable access to Charter School’s core academic curriculum
- How English Learners’ specific needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.

Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.
Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

**STUDENTS WITH DISABILITIES**

**Federal Law Compliance**
Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

**Special Education Program**
Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School’s inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a “school of the district” for special education services, Charter School shall execute a Memorandum of Understanding (“MOU”) by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area (“SELPA”) Local Plan for Special Education and shall be considered a “public school of the District” for purposes of Special Education pursuant to Education Code Section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code Section 47641 (a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b).

**SELPA Reorganization**
The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding (“MOU”), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.
**Modified Consent Decree Requirements**

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree ("MCD") and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measurable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s ("OIM") required format in accordance with the OIM’s required timelines and as follows:

- **End of Year Suspension**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- **Statewide Assessment Data**
  
  The standard file including District ID.

- **Norm day**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **CBEDS**

- **All Students enrolled as of December 1 of each school year**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **Dropout**
  
  District ID, SSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district.

- **Monthly SESAC and Suspension data**

- **Graduation roster from all charter schools with 12th grade students with disabilities**

The MCD requires charter schools to implement the District’s integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Strategy for Transforming Los Angeles Secondary Public Education
Green Dot Public Schools California (“Green Dot” or “Green Dot California”), a non-profit charter management organization, is leading the charge to help transform public education so all students graduate prepared for college, leadership and life. Green Dot’s efforts are helping to implement a small schools model for all schools, and are raising the public’s awareness around the need for high quality, small public middle schools and high schools.

Green Dot currently operates 20 successful charter schools, 16 of which are authorized by the Los Angeles Unified School District (“LAUSD”). Green Dot serves over 11,500 students in some of the highest-need areas of Los Angeles. Our schools are located in the following communities: South Los Angeles, Watts, Boyle Heights, Inglewood, Lennox and Venice.

Ánimo Westside Charter Middle School (“Ánimo Westside” or “Charter School” or “School”) is a charter middle school opened by Green Dot in 2010. Since its opening, the school has existed to meet the specific needs of the students and community it serves. Ánimo Westside provides students in Los Angeles with an alternative choice for their middle school public education.
New School Model for Urban Secondary Schools

All schools that Green Dot opens and operates are based on the school model that Green Dot has developed over the past nineteen years. Green Dot’s school model has been created to ensure that Green Dot can consistently open high-quality schools in which students are being prepared for college, leadership, and life.

There are three main components of a Green Dot school—our core values, our theory of change and our academic model.

Green Dot’s Core Values
- An Unwavering Belief in all Students’ Potential
- Passion for Excellence
- Personal Responsibility
- Respect for Others and the Community
- All Stakeholders are Critical in the Education Process

Green Dot’s Theory of Change
- Firm Commitment to Serve All Students
- Highly Effective Teachers
- Strong School Leaders
- Culture of Transparency, Performance & Accountability

Green Dot’s Academic Model
- Ensuring Quality Teaching and Instruction
- Cultivating a College-going Culture
- Eliminating Barriers to Learning
- Promoting Leadership and Life Skills.

Results of Existing Schools
Green Dot has a proven track record of successfully serving the highest-need students in Los Angeles. All of our schools are addressing the needs of students who have traditionally struggled in the public school system, and they are achieving far greater results than comparable schools in standardized test scores, graduation rates, and college matriculation.

Graduation and College Acceptance
Green Dot schools have produced outstanding results: 85% of graduating seniors across Green Dot high schools were accepted into two- or four-year colleges. The graduation rates from most of our schools significantly outpace those of the schools where our students would have previously attended.

Working with Unions to Drive Change
As part of a comprehensive strategy to drive change and to attract and retain high quality teachers, Green Dot has developed a uniquely collaborative relationship with its certificated employee union. Teachers at Green Dot’s schools have organized as the Asociación de Maestros Unidos, which is its own bargaining unit, but an affiliate of the California Teachers Association (CTA). Green Dot management and the Asociación annually sign a Board-ratified contract that is a clear example of union reform. Key reforms written into the contract and agreed to by the union were: no tenure, teacher performance evaluations, professional work days (no defined minutes) and just cause for discipline. Green Dot management has

reached an agreement with the Ánimo Classified Employees Association (ACEA), a CTA affiliate that is the collective bargaining unit of classified school staff.

**Community Need for Charter School**

**Academic Performance Data and Other Performance Indicators**

Based on its record of performance, Ánimo Westside has successfully implemented its educational program which is evidenced most clearly by its student growth and achievement. Ánimo Westside, which opened in the fall of 2010, is a high quality option serving the Venice and Inglewood neighborhoods.

33.33% of students Met or Exceeded Standard on the 2017-18 administration of the California Assessment of Student Performance and Progress in English Language Arts (“CAASPP”). This is higher than the median of LAUSD Resident Schools of 31.08%, as provided by LAUSD. Additionally, 19.22% of students Met or Exceeded Standard in Math on the 2017-18 administration of the CAASPP, as compared to a median of 20.09% for Ánimo Westside’s LAUSD Resident Schools, as provided by LAUSD.

Additionally, Ánimo Westside saw improvement in the CAASPP results among Students with Disabilities and English Learners in English Language Arts and as well as improvements across almost every subgroup in Math. In order to continue to support subgroup growth for students with disabilities, the school has continuously invested in special education staff. Ánimo Westside will have three Special Education teachers and one Special Education aide in the upcoming year. The school hopes to move towards a co-teaching model that will integrate a teacher into content area courses for collaborative instruction with the general education teacher in the coming charter term. Additionally, professional development for all teachers will continue to focus on the CA English Language Development standards, implementation of language objectives, explicit language instruction and provide an integrated learning experience for all Newcomer and Long-term English Learners in all classrooms to increase language development and improve reclassification rates.
Green Dot is committed to using multiple measures to assess school quality. According to CORE Student Growth Percentile, a student growth percentile metric developed in collaboration with the California Department of Education which measures student growth based on incoming CAASPP data, students at Ánimo Westside are growing faster than their peers. Ánimo Westside students grew 72% more in English Language Arts and 84% more in Math than similar students attending schools across the state.

These results are particularly impressive given the entry level of incoming 6th grade students. According to Ready Inventory Lexile Assessments, a nationally recognized literacy assessment program, administered before the start of the 2018-19 school year, incoming 6th grade students entered below a 3rd grade reading level. Attending Ánimo Westside significantly altered their outcomes, with most students doubling their rate of growth in literacy.
Ánimo Westside is committed to serving all students, including English Learners. In the 2018-19 school year, 9% of students at Ánimo Westside were classified as English Learners, with 14% of English Learners classified as Long-term English Learners. Ánimo Westside has made significant progress with English Learners students. Ánimo Westside reclassified 35% of English Learners in the 2018-19 school year when considering only CELDT results. Combining both CELDT and ELPAC results, Ánimo Westside reclassified 38% of English Learners in the 2018-19 school year.

Additionally, Ánimo Westside has also proven its ability to improve student performance per LAUSD’s Annual Performance-Based Oversight Visit report. Ánimo Westside received the following scores on its 2018-19 Annual Performance-Based Oversight Visit Report: an Accomplished rating in Student Achievement and Educational Performance and Proficient Rationing in Governance. The school has worked with the Charter Schools Division to resolve concerns raised in Organizational Management, Programs and Operations as well as Fiscal Operations.

Lastly, in an effort to further enhance students’ abilities to succeed in college, leadership and life, Ánimo Westside provides after-school programming through the term of a federally funded grant. This allows students and families to explore their interests, improve their college-readiness and engage intellectually and socially beyond the school day. Additionally, Ánimo Westside partners with a number of organizations to provide academic and social-emotional intervention programs, enhance students’ college readiness and contribute to the surrounding community. Additionally, Ánimo Westside offers 4 electives, 8 after-school programs/clubs, and 3 sports teams.

School Accomplishments

- Ánimo Westside outperforms LAUSD Resident Schools’ median on the 2017-18 administration of the CAASPP in both ELA and math.
- According to CORE Student Growth Percentile, a student growth percentile metric developed in collaboration with the California Department of Education which measures student growth based on incoming CAASPP data, Ánimo Westside students grew 72% more in English Language Arts and 84% more in Math than similar students attending schools across the state.
- Ánimo Westside celebrates tremendous growth in English Language Arts, with students growing 1.5 grade levels per year in English Language Arts per Reading Inventory, a nationally recognized literacy assessment program, compared to 0.7 grade levels per year before attending Ánimo Westside.
- Ánimo Westside has reduced out-of-school and in-school suspensions and is committed to further reducing its out-of-school and in-school suspension rate through Green Dot’s updated approach to discipline and student interventions. The school’s 2018-19 CDE suspension rate is expected to be 3.0% once it is publicly available and 3.5% per LAUSD’s calculation of suspension incidents.
- Ánimo Westside has had historically high average daily attendance rates for the past three years, averaging at 97%.
- Ánimo Westside reclassified 35% of English Learners in the 2018-19 school year when considering only CELDT results. Combining both CELDT and ELPAC results, Ánimo Westside reclassified 38% of English Learners in the 2018-19 school year.
- 94% of parents would recommend Ánimo Westside to a friend, according to a schoolwide survey.
- Ánimo Westside received a six-year Western Association of Schools and College accreditation through June 30, 2022.

Areas of Challenge

- Ánimo Westside continues to focus on how to best serve its English Learner population with a number of interventions as well as both Designated and Integrated ELD for all English Learners to ensure they receive the supports necessary to graduate.
- Ánimo Westside will continue to focus on Math performance for all students. CAASPP data reflected 19% of students meeting or exceeding standard and we would like to see this number increase with the development of a strategic plan by the Math Department and emphasis on classroom walkthroughs for rigorous instruction focused on building conceptual understanding. To support the focus on rigorous math instruction, the school will participate in Math Mondays – a weekly walkthrough of all math classrooms by the administrative team to observe math instruction, assess pacing of curriculum, and determine next steps for coaching math teachers. Twice per year, these visits will be joined by the Chief Executive Officer, Chief Academic Officer, and Director of Math and Science Programs. Additionally, Ánimo Westside adopted a new math curriculum to accelerate student outcomes.
- Ánimo Westside is committed to ensuring it is operationally and fiscally sound. Green Dot takes its responsibility as a steward of fiscal funds seriously and has already taken steps to improve Ánimo Westside’s financial condition. While Green Dot had intended on locating Ánimo Westside on a district facility, Green Dot was forced to purchase an expensive facility that requires Ánimo Westside to cap its enrollment below the Green Dot model and incur additional facility-related expenses. Green Dot has already reduced costs significantly and continues to look for opportunities for additional cost savings, including a potential new facility or facility

4 Animo Westside submitted ELPAC results before the Fall 1 deadline, but after students had already been exited from CALPADS per state guideline. Even though Animo Westside’s reclassifications occurred within the allowable time window for submissions, the reclassification records are not attached to Animo Westside and will not appear on CDE’s website.
expansion. Green Dot’s Board of Directors has affirmed its support of Animo Westside as it works to improve its financial condition over the coming charter term.

Eligibility for Charter Renewal
Another way Green Dot evaluates the success of its schools is by the California Charter Schools Association (“CCSA”) accountability framework. The report below is an evaluation of our school according to the California Charter Schools Association’s framework based on publicly available academic indicators. All non-DASS public schools with 30+ CAASPP test-takers and in operation for 4 or more years are evaluated by the California Charter Schools Association (CCSA) based on the past three years’ worth of assessment results and post-secondary outcomes.

Per CCSA’s accountability framework, as described below, our school is above CCSA’s minimum academic criteria and has met the academic threshold for CCSA’s public advocacy support for renewal.

Every school in the Los Angeles Unified School District catchment is evaluated on the following criteria, and is considered “above” if the school is able to demonstrate academic success on at least one of the following metrics:

- **State Rank (Academic Status):** DF3 decile rank of 4 or more in 2 of the past 3 years (DF3 is described below). Academic Status is the school’s DF3 compared to all other eligible public schools in California, using decile rank.

- **Similar Schools Rank (SSR):** SSR of 4 or more in 2 of the past 3 years. The Similar Schools Rank is a 1-10 decile ranking of average student test results, after taking into account the demographics of a school’s tested students.

For Elementary and Middle Schools:

- **Academic Growth:** Above the 75th percentile in DF3 growth over the past 3 years (between 2015 and 2017, this was 18+ points). Academic Growth is the amount of change in a school’s average DF3 over the past three years, and shows that the school is making some progress toward having all students meet ELA and Math proficiency standards.

For High Schools:

- **Post-secondary readiness:** 75% of graduating seniors have completed the minimum course requirements of the University of California/California State University system with a “C” or better in 2 of the past 3 years.

Regardless of whether a school is above on any one of the above metrics, if a school is in the bottom 5 percent of performance statewide on DF3 in 2 of the past 3 years, the school is required to participate in a Multiple Measure Review in order to determine eligibility for CCSA’s public advocacy support for renewal.

Additional information about CCSA’s accountability framework:

- Like the California Department of Education (CDE), CCSA utilizes “Distance from Level 3” (DF3) as a status measure for academic progress. Unlike the CDE, CCSA incorporates grade 11 in the calculation – which will not be done by the CDE until later in the 2018-19 academic year. CCSA ranks the DF3 score given to every eligible public school in the state from lowest to highest into percentiles (1-100) and 10 decile ranks. The 1st percentile is equivalent to the lowest 1% of schools statewide, while the 1st decile translates to the bottom 10% of schools (1-10), according to the schools’ average CAASPP results. Conversely, the 10th decile rank is equivalent to a school having an average DF3 in the top 10% of schools statewide (91-100). A school’s percentile and decile rankings are used to evaluate whether the school is meeting minimum academic performance.
CCSA’s accountability framework is in alignment with California Education Code §§47607 in its similar use of State Rank and Similar Schools Ranks as well as prioritizing “pupil academic achievement for all groups of pupils served by the charter school as the most important factor” in determining whether to advocate for the renewal or non-renewal of the school. CCSA uses California Education Code §§52066 in determining what to classify as an indicator of academic achievement. This is in contrast to the California Dashboard published by the California Department of Education, which does not prioritize or weight academic achievement greater than non-academic indicators.

Success of the Innovative Features of the Educational Program
Ánimo Westside provides students and parents with a small school environment, personalized approach to learning, and rigorous curriculum. The Charter School’s focus on quality teaching and curriculum is demonstrated by the staff’s implementation of the College-Ready Teaching Framework, intensive professional development on Green Dot’s academic model and Signature Strategies, and adoption of the Green Dot Common Assessment Program in all core subjects (i.e., Common Core-aligned quarterly assessments) to measure student mastery and drive instructional decisions. In addition, there is a college-going culture on the campus that permeates all aspects of the Charter School.

Success of the School’s Educational Program in Meeting the Specific Needs of its Student Population
Ánimo Westside’s educational program successfully meets the needs of its diverse student population. Ánimo Westside provides an alternative education model for the Venice and Inglewood communities. Ánimo Westside uses a data-driven collaborative approach to meet the needs of their students. A focus on data allows the school to individualize supports for students and provide appropriate intervention and acceleration. Furthermore, the small school model offers additional support and attention for students who would otherwise attend large middle schools serving up to 1500 students. Ánimo Westside’s target community is predominantly comprised of low-income, academically disadvantaged students who will benefit from the supports that will be available at Ánimo Westside. Reflective of the community, Ánimo Westside will serve a diverse student population that may include advanced students, students below grade level, English Language Learners, and Special Education students. The schools will aim to create a culturally responsive school that is rigorous and supportive.
Examples of these supports include:

- For all students, implementation of all three tiers of the Multi-Tier System of Supports with Social Emotional, Behavioral and Academic Intervention.
- For all English Learners, both Designated and Integrated ELD instruction everyday throughout the school day.
- For English Learners and Special Education students, Academic Interventions include programs in Literacy, Math, English Language Development and Special Education
- For students below grade level and Special Education students, programs for students requiring additional enrichment and intervention support, including Literacy Enrichment, Math Foundations, individualized tutoring, classroom push-in and co-teaching models and small strategic groupings
- For all students, an Advisory program to prepare them with the tools and behaviors to succeed in high school, college, leadership and life – covering topics such as: academic preparation, promotion of college awareness, developing strong peer relationships, developing life skills in areas such as resiliency/grit, growth mindset, organization, communication, health/nutrition and personal finance
- For students with social-emotional needs, integrated wraparound services to help address social and non-academic barriers to student learning including small group counseling and individual student counseling
- For all students, proactive and positive student behavior management, including various alternatives to suspension
- For advanced students, enrichment opportunities including Honors and additional elective courses
- For all students, opportunities for students to explore student leadership and other interests through participation in elective courses, student government, after-school programs and clubs
- In collaboration with the LAUSD Special Education Local Plan Agency (“SELPA”), Ánimo Westside offers special education services for students with disabilities. The programs are designed to foster a high-quality program for students with special education needs. Additionally, our special education programs cultivate collaboration between general and special education teachers to guarantee that students with disabilities are integrated into the school to the maximum extent possible to allow them full access to all programs.

Areas of Challenge the Charter School Has Experienced and How They Will be Improved in the New Charter Term

In the new charter term, the school will continue to improve upon its implementation of the academic program and continue to promote a strong and supportive school environment for all students. In particular, Ánimo Westside will focus on the growth and academic achievement of all student subgroups in core subjects, and will monitor their performance and progress through its assessment program. Additionally, Ánimo Westside is committed to strengthening its school culture, and will further its implementation of positive behavior support and alternatives to suspension to achieve this in the new charter term.

**Student Population to be Served**

While open to all students, Ánimo Westside will make a substantial effort to recruit underserved, low-income students in the South Angeles community that would typically attend Marina Del Rey Middle School, George W. Crozier Middle School and Audubon Middle School. Ánimo Westside is open to all students, however it aims to serve students in need of a high quality educational option in the Venice and Inglewood communities. In particular, Ánimo Westside will make an effort to recruit from communities with historically low-performing schools and in need of a high quality alternative option. Please see Element 7 for more information on how Ánimo Westside will attract students from these neighborhoods. The table above shows the demographic and achievement data for Ánimo Westside’s target student population.

**Enrollment**

Ánimo Westside serves students in grades six through eight. Starting in the 2021-22 school year, the school will matriculate approximately 170 sixth grade students each year. At enrollment capacity, Ánimo Westside will approximately serve 500 students. The table below shows Ánimo Westside’s projected five-year enrollment.

**Goals & Philosophy**

**Mission Statement**

The mission of Ánimo Westside is to prepare students for high school, college, leadership, and life through innovative instruction, a rigorous curriculum, and the use of the cutting-edge technology. Ánimo Westside is committed to the education, development, and socioeconomic success of all students.

We achieve our mission through a thoroughly student-centered environment that fosters life-long learning, cross-cultural competency, social responsibility, and academic excellence. We align the efforts of family, community, and school to foster these values. Parent education supports parents and families to support student learning and the issues they and their children face outside of the classroom that can affect their learning and lives as whole. Parent engagement includes, but is not limited to the following activities: Ánimo Parent Academy, Community Organizing Institute, Adult Education Classes and Road to College Workshops.

**Vision Statement**

The school will create "agents of change" who will positively impact our communities. Our vision is that the majority of Ánimo Westside graduates will be successful in and college, and return to their home communities, with college degrees, to be the teachers, entrepreneurs, doctors, and lawyers that will revitalize Los Angeles. Graduates will be self-confident, self-disciplined, successful, proactive leaders who will excel in high school, college and beyond.
Our mission and vision statements are in line with current research and education practices. The school’s underlying philosophy is based on the belief that all students can learn and will learn when they feel part of a community. Students are more likely to experience success when their home cultures are valued. To this end, our vision encourages parents to partner with faculty to create an atmosphere where all students can and will learn.

The Ánimo Student (A Description of What it Means to be an “Educated Person” in the 21st Century)

Ánimo Westside students are "agents of change," individuals who will positively impact our communities. Ánimo Westside students will be confident, disciplined, successful, proactive leaders who will excel in middle school, high school, college and beyond. Green Dot has identified four goals that describe what it means to be an “agent of change” and an educated person in the 21st century.

- Adaptive to a wide array of professional and cultural settings through exposure to events outside the immediate community

Means to Achieve Mission and Vision (How Learning Best Occurs)

Most students learn best in a nurturing, supportive environment where they are known and treated as individuals, and where their background is honored. Accordingly, personal attention to individual students and sensitivity to their backgrounds is a cornerstone of the school. To ensure that students will receive the personalized attention they need, Ánimo Westside and all schools that Green Dot opens/operates will be based on the core values, theory of change and academic model that Green Dot has developed over the past nineteen years.
Green Dot’s Core Values
The following core values guide the philosophical core of each and every Green Dot school:

- **An Unwavering Belief in all Students’ Potential**: All young adults can be successful learners if they are provided with an excellent academic environment and the necessary tools.
  - Key practices:
    - Provide special intervention courses based on specific needs of student population
    - Provide tiered support for all students through our Multi-Tiered System of Supports
    - Invest in Clinical Services to support retention and success of students facing challenges
    - Provide enrichment courses for high achieving and gifted students. Examples of these enrichment courses are Honors Courses, Advanced Placement courses and other electives as determined by the school. Courses are available to all students, however, data-driven master scheduling is used to provide students with an academic course schedule that is best suited to meet their learning needs.

- **Passion for Excellence**: Strive for excellence in all endeavors. Challenges can be overcome through commitment and passion.
  - Key practices:
    - Use technology and assessment platforms to give teachers and principals real-time access to data
    - Focus on Key Results: Administrators regularly review student performance data with peers and supervisors, and receive feedback on strengths and areas of improvement
    - Structure peer observations among teachers and maintain open door policy

- **Personal Responsibility**: Take responsibility and initiative in our lives and encourage accountability for our actions.
  - Key practices:
    - Demonstrate personal integrity and high individual accountability

- **Respect for Others and the Community**: Respect others in our daily interactions and be positive impacts on our communities.
  - Key practices:
    - Foster collaboration with others
    - Promote a positive school culture
    - Provide students with opportunities to develop self-discipline, cooperation, and respect for others inside and outside of the classroom
    - Cultivate the school’s mission, vision and core values
    - Build effective community partnerships and external relations

- **All Stakeholders are Critical in the Education Process**: Young adults will receive the best educations when all stakeholders participate in the education process.
  - Key practices:
    - Provide opportunities for stakeholders to participate in the School Advisory Council
    - Host parent education workshops regarding accessing PowerSchool, A-G requirements, college access, conflict resolution and wellness
    - Ongoing satisfaction surveys to assess stakeholders’ opinions and areas of improvement for the school
Green Dot’s Theory of Change:

- **Firm Commitment to Serve All Students:** Green Dot is committed to serving the needs of every student, no matter their background. Green Dot schools are located in communities of highest need, where for many diverse reasons, students are often falling behind and at risk of dropping out. Our schools are located in the following communities: South Los Angeles, Watts, Boyle Heights, Inglewood, Lennox and Venice. Approximately 98% of current Green Dot students are African-American or Latino and more than 95% qualify for FRL. Green Dot is also committed to serving high-needs students with 19% EL and 13% special education student populations at our schools. Moreover, all Green Dot schools are addressing the needs of students who have traditionally struggled in the public school system, and they are achieving greater results than comparable schools in standardized test scores, graduation rates and college matriculation.

- **Highly Effective Teachers:** Green Dot has collaborated with The College-Ready Promise (“TCRP”), a partnership of four high-performing charter management organizations, to build a Teacher Development and Evaluation System that provides a common language to guide teacher professional development, evaluation and collaboration for all Green Dot teachers. This framework identifies areas of support for teachers and uses multiple measures of teacher effectiveness (student growth, classroom observations and survey feedback) to create teacher effectiveness scores from Level 1 to Level 4 (Level 4 being a highly effective teacher).

- **Strong School Leaders:** In addition to the individual coaching and professional development that Green Dot principals and assistant principals receive, the organization has also made a large investment to develop an Administrator-in-Residence (“AIR”) program in which candidates are selected to participate in an intensive 12-month, multiple school-site administrator training program. The AIR program trains Residents on Green Dot’s transformation model and builds a pipeline of school leaders with the skills and experience to turnaround chronically failing schools. These Residents will then be placed as school leaders in future Green Dot schools.

- **Culture of Transparency, Performance & Accountability:** Green Dot values results and has built systems and processes to enable accountability and earned autonomy. Administrators and school staff members are able to view assessment results in Green Dot’s data systems and generate customizable reports with school-level, department-level, and teacher-level data. Staff also use Green Dot’s knowledge-sharing platform (Connect) to access resources and will be able to access professional evaluation data and a collection of training modules designed to improve teacher effectiveness on Ed Reflect. Students and parents will have access to the web-based, student information system PowerSchool where they can access student grades, test scores and attendance.

**Green Dot’s Academic Model**

Green Dot’s academic model outlines the framework that allows Green Dot teachers and administrators to be successful and focuses on four key elements: 1) Ensuring Quality Teaching and Instruction, 2) Cultivating a College-going Culture, 3) Eliminating Barriers to Learning, and 4) Promoting Leadership and Life Skills. Implementation strategies are provided in the areas of curriculum, student intervention, professional development, parent participation and school operations to help principals and teachers make the most informed decisions for their schools.

1. **Ensuring Quality Teaching & Instruction:** Dedicated, effective teachers with a passion for their work and their students are at the heart of the Green Dot model. Green Dot ensures high quality teaching and instruction in every classroom through its research-based methods of instruction, teacher effectiveness initiatives and robust professional development and supports. At

5 Based on Dataquest information averaged across Green Dot Public Schools California.
the heart of the TCRP Teacher Development and Evaluation System is the College-Ready Teaching Framework (“CRTF”) – a rubric that defines the core competencies expected of all Green Dot teachers. In addition, teachers will be able to pursue professional development and coaching support from the Instructional Coaches as well as from the Green Dot Education Team.

2. **Cultivating a College-going Culture**: Green Dot strives to attain high college acceptance rates by creating a culture of college-for-certain. School leaders create systems for ongoing academic counseling with counselors and advisors and offer college tours at every grade level. In addition, the school master schedule offers elective courses that support core content development (i.e., drama), as well as pre-AP pathways (i.e., honors courses). The elective courses offered are designed to support literacy across the curriculum and critical thinking with an emphasis on the use of text and rigorous problem-solving. Courses are structured to build students’ key cognitive strategies: intellectual openness, analysis, reasoning, accuracy and precision, and interpretation. School classrooms demonstrate the successful implementation of behavior management strategies. Support is provided to build key behaviors necessary for success in middle school, high school and college, such as self-monitoring, persistence, independent preparation abilities, and college-level study skills. Lastly, all Green Dot schools provide support to build students’ contextual awareness of college systems and culture.

3. **Eliminating Barriers to Learning**: Students come to Green Dot from a variety of backgrounds. Academically, many are far behind grade-level. Socially and emotionally, many require emotional guidance in order to be able to succeed academically. Green Dot strives to provide the academic intervention, counseling and clinical services necessary to breakdown these barriers. Green Dot school leaders successfully implement all three tiers of the Multi-Tiered System of Supports by appropriately providing intervention in literacy, math, English Language Development and Special Education for academic intervention. Green Dot schools offer an Advisory program that provides academic guidance, builds school culture & safety; and promotes college, career and personal development. Additionally, each school provides a menu of wrap-around services: mental health supports and psychological services; counseling groups; mentoring programs; and links to community partners for health and wellness programs.

4. **Promoting Leadership & Life Skills**: Green Dot aims to provide students with a broad set of tools, behaviors and skills to prepare them for college and beyond. Systems for student leadership such as student government, our student ambassador program, student mentorship, and the Principal’s Advisory Committee give students internal leadership experience. External experience is available through partnerships with community programs, including public speaking opportunities, job shadowing, volunteer work, mentorships, and summer internships. Advisory programs teach and promote life skills and help to reduce dropouts, foster youth development, enhance academic achievement, and promote whole-being development.

**Expected School-wide Learning Results (School Learner Outcomes for Enabling Students to Become and Remain Self-Motivated, Competent and Lifelong Learners)**

Schoolwide Learner Outcomes, designed in accordance with the WASC Focus on Learning Guide, embody the goals and high expectations that are maintained for Green Dot students. Schoolwide Learner Outcomes for Ánimo Westside include:

School’s Annual Goals and Description of Specific Actions to Achieve Each Goal

Refer to “Element 2, Measureable Pupil Outcomes and Element 3, Method by Which Pupil Progress Toward Outcomes will be Measured” for goals related to the Eight State Priorities as identified in the CA Education Code 52060(d) and the actions Ánimo Westside will take to achieve these goals. Ánimo Westside shall adopt any templates required by the State Board of Education in developing its LCAP.

Curriculum and Instruction (How the Objective of Enabling Pupils to Become Self Motivated, Competent, Lifelong Learners is Met by the School)
Green Dot has developed a research-based curriculum appropriate to the student demographics it serves that includes the following: course offerings, textbooks, curriculum maps, pacing guides, sample lesson plans, interim assessments and intervention programs. The model is derived from the following continuum of research-based practices:
- **Planning and Preparation**: Based on Essential Elements of Effective Instruction by Madeline Hunter.
  - Madeline Hunter developed the teacher “decision-making model” for planning instruction known as Instructional Theory in Practice (“ITIP”). This approach to teaching uses Direct Instruction (“DI”) as the framework for planning. DI refers to a rigorously developed, highly scripted method that is fast-paced and provides constant interaction with students.
- **Assessment and Learning**: Based on Understanding by Design: Backwards Design by Jay McTighe and Grant Wiggins.
  - The emphasis of Understanding by Design (“UbD”) is on "backward design", the practice of identifying the desired outcomes in order to design curriculum units, performance assessments and classroom instruction that will enable students to achieve these
outcomes. The backward design approach is developed in three stages. Stage 1 starts with educators identifying the desired results of their students by establishing the overall goal of the lessons by using content standards, common core or state standards. Stage 2 focuses on evidence of learning by assessment.

- **Instructional Strategies**: Based on *Teach Like a Champion* by Doug Lemov.
  - *Teach Like a Champion* offers effective teaching techniques to help teachers become champions in the classroom. Additional details provided in the section entitled “Instructional Design, Methods and Strategies.”

- **Classroom Environment**: Based on “Safe and Civil Schools” by Randy Sprick.
  - Green Dot developed a School Culture Team based on the Safe & Civil program, which provides high-quality programs and staff development services to help educators create proactive and positive behavior management strategies in schools. These sessions include school walk-throughs with Green Dot School Culture specialists to observe discipline and school culture. Findings from these sessions are compiled to create school-specific professional development for teachers and the necessary supports to create an environment where students can learn and where teachers can teach.

- **Culturally Responsive Pedagogy**
  - Green Dot Public Schools believes that culturally responsive pedagogy can increase student engagement, provide access to content, and as a result, bolster feelings of confidence and understanding in students. Green Dot’s Education team is currently analyzing the works of experts in the education field to refine our approach to Culturally Relevant Pedagogy and align our teacher supports to research driven best practices. School leaders and teacher leaders have read Zaretta Hammond’s *Culturally Responsive Teaching and the Brain* and use her Ready for Rigor framework to work towards a culturally responsive classroom experience for all students.

It is required that all Ánimo Westside students take courses that are high school-preparatory and are aligned with the Common Core standards. All students are required to successfully complete required curriculum credits upon promotion from 8th grade. Because Green Dot’s educational program emphasizes regular formative assessments and the use of data to increase student achievement, our pacing plans, which prepare for our internal quarterly assessments, guide and define the scope and sequence of the curriculum taught in our schools with regard to the four core subject areas identified by California’s State Board of Education. Ánimo Westside will emphasize the traditional subjects of Math, Science, English Language Arts, and Social Studies, as well as a variety of electives to provide opportunities for students to receive enrichment. Electives in the school may include Drama, Composition and Investigations for English Language Arts. These courses will offer students achieving at or above grade level in reading the opportunity for additional development in reading, writing and speaking skills. Additional electives include Technology and Physical Education for students achieving at or above grade level in Math.

Below is an outline of Green Dot’s recommended middle school curriculum. The curriculum places an emphasis on ensuring that all students are at or above grade level by their eighth grade year in order to be prepared for high school. Electives will be provided to students performing at or above grade level and intervention courses will be provided for students who need additional support in their core content classes. Each year multiple measures including state assessments, teacher assessments and grades will be used to determine a student’s course schedule for the upcoming year and whether or not they will have enrichment electives or intervention courses. This curriculum complies with Ed Code 47605(c)(1) by meeting all statewide standards.

Green Dot Public Schools California
This curriculum will be followed at Ánimo Westside. Administrators and teachers may make adjustments to the school’s master schedule and add additional Green Dot-approved courses in order to meet the specific needs of their students. Teachers are provided with professional development prior to the school year and on an on-going basis to support their implementation of the curriculum and the use of data to inform instruction. The recommended curriculum is based upon Common Core standards and CA State standards for each content area, and State-adopted texts are used in all core areas. The middle school curriculum will offer Drama as a Visual and Performing Arts course in the 6th grade for students who do not require literacy intervention. Other VAPA opportunities may be available to students through clubs and/or the After School Program. Green Dot values the importance of elective offerings and exposing students to a variety of experiences in the classroom, however, the academic needs of our students are prioritized in order to ensure that they promote from our middle school at or above grade level and high school ready.

The recommended curriculum is based upon the CCSS for ELA and Math, and CA State content standards for History and Science. Literacy CCSS are incorporated in History and Science, and Next Generation Science Standards are also being integrated in the curriculum. State-adopted texts are used in all core subjects.

ANCIENT CIVILIZATIONS A

This Grade six course investigates the origins and development of ancient societies of major western and non-western civilizations. Included are the societies of the Near East, Africa, the ancient Hebrew civilization, Greece, Rome, and the classical civilizations of India and China. For each of these societies, emphasis is placed on the major contributions, achievements, and beliefs that have influenced civilizations across the centuries to the present day. This course stresses the special significance of geography in the development of the human story and provides the opportunity to study the everyday lives of people living in vastly different areas of the world. The course content focuses on the people in ancient societies; their problems and accomplishments; their social, economic, political structures, and belief systems; the tools and technology they developed; the arts they created; the architecture; the literature they produced; their explanation for natural phenomena, and their direct or indirect contributions to issues such as the role of women and the practice of slavery. This course also incorporates the Literacy in History/Social Studies, Science and Technical Subjects CCSS.

ANCIENT CIVILIZATIONS B

WORLD HISTORY MS A

This Grade seven course explores world history and geography from the Fall of Rome through the Age of Enlightenment. The course investigates the social, cultural, and technological changes during this period. This course briefly reviews the role of archaeologists and historians in uncovering the past. It goes on to examine Islam as a religion and as a civilization. The course examines the spread of Islam through Africa, the rise of the Mayan, Incan, and Aztec civilizations; the civilizations of China and Japan; Europe during the High Middle Ages; the turbulent ages of the Renaissance, Reformation, and Scientific Revolution. This course seeks to enhance understanding of the interconnection of past events, people, and ideas to events and issues of importance in the world today. This course also incorporates the Literacy in History/Social Studies, Science and Technical Subjects CCSS.
US HISTORY MS A  
US HISTORY MS B

The Grade eight course examines United States history and geography concentrating on the growth of the United States during the period of colonization through the Age of Industrialization. The course begins with an intensive investigation and review of the major ideas, issues, and events preceding the founding of the nation. The course then concentrates on the shaping of the Constitution and the nature of the government that it created. The development of unique regions in the West, Northeast, and the South and the causes and consequences of the Civil War, is covered in depth. The course studies the movement of people into and within the United States; the experiences of diverse groups (women, racial, religious, ethnic, and economic classes) and their contributions to the evolving American identity. The course also connects historical issues to current affairs in order to develop a greater understanding of the basic institutions and policies of the nation. This course also incorporates the Literacy in History/Social Studies, Science and Technical Subjects CCSS.

ENGLISH

The English curriculum is a well-balanced rigorous program based the California English/Language Arts Content Standards and the Common Core State Standards. Courses in English require extensive reading of poetry, prose, plays and novels chosen from a variety of historical periods and styles. The curriculum must emphasize advanced critical analysis and interpretation in order to develop sophisticated written arguments about assigned literature. Frequent writing assignments, especially of papers averaging 3-5 pages in length, should emphasize the stages of composing sustained arguments based on detailed textual analysis: pre-writing, drafting, revising. Writing instruction and carefully designed prompts should aim at enabling students to express complex and interrelated ideas with clarity and a mature, sophisticated style. Regular feedback on written assignments is essential to the success of honors level courses.

ENGLISH 6 B

This course focuses on teaching students’ skills and strategies for critical, independent reading and writing of increasingly complex informational and literary texts. Driven by the Common Core standards, each core novel unit is supplemented with related nonfiction text sets that help build background knowledge and vocabulary students need to successfully comprehend and analyze each text. Instruction in each CCSS standards-based unit of study interrelates reading, writing, speaking, and language study. Students are provided with multiple opportunities to articulate their own ideas, as well as to question, interpret, and evaluate others’ ideas. In the 6th grade students will determine the central idea of each text and learn how to write a summary of the text that is distinct from personal opinions and judgments. The goal of instruction is to support students in becoming independent, strategic, critical readers, writers, listeners, and speakers who communicate effectively for multiple purposes and to various audiences. Students will write arguments to support claims with clear reasons and relevant evidence, informative/explanatory texts to examine topics and convey ideas, and narratives to develop real or
imagined experiences or events. In alignment with the demands of the CCSS, students will draw evidence from literary or informational texts to support analysis, reflection and research.

**NEWCOMER ENGLISH LANGUAGE DEVELOPMENT (ELD)**

The purpose of Newcomer ELD courses at Green Dot is to prepare English Learners recently arrived in the U.S. for success in English-medium instruction, including English Language Arts. Skills in all four strands of language—listening, speaking, reading and writing—are systematically developed. Students of mixed grade levels are grouped according to proficiency in English. Cultural knowledge needed for success in U.S. schools is integrated throughout.

Newcomer ELD courses are not recommended for students who have been in the U.S. longer than the five years (Long-Term English Learners or LTELs), whose language and motivational needs are very different from those of relative newcomers. LTELs often demonstrate strong oral English skills, but lack academic language and vocabulary. In order to engage with the academic demands of the secondary school curriculum, these students require explicit instruction in academic uses of English with a focus on comprehension, vocabulary development, and the advanced grammatical structures needed to comprehend and produce academic language in all content classes.

This program is a reading intervention program for middle school students reading below grade level. All students at Ánimo are tested using the Scholastic Reading Inventory assessment upon entering school. Any students reading below a lexile level of 900 are considered below proficiency in reading and are put into the program. This section clusters English learners together so the teacher can regularly utilize the L-book to support ELs continued growth in developing and utilizing academic language. Long-term ELs could be included in this class if needed.

**MATH 6 A**  
**MATH 6 B**

This course contains complete alignment, coverage, and support for the Standards for Mathematical Content and Practice. General Math 6 focuses on developing number sense by building on students’ understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; comparing quantities using ratios, rates, and percents; algebraic thinking by writing, interpreting, and using expressions and equations; geometry; and statistical thinking.

**MATH 7 A**  
**MATH 7 B**

This course contains complete alignment, coverage, and support for the Standards for Mathematical Content and Practice. In Grade 7, instructional time should focus on four critical areas: (1) developing understanding of and applying proportional relationships; (2) developing understanding of operations with rational numbers and working with expressions and linear equations; (3) solving problems involving scale drawings and informal geometric constructions, and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples.

**MATH 8 A**  
**MATH 8 B**

This course contains complete alignment, coverage, and support for the Standards for Mathematical Content and Practice. General Math 8 focuses on algebraic thinking by having students formulate and reason about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; geometry by having students analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem; statistical thinking and probability, revisits algebraic thinking by having students grasp the concept of a function and using functions to describe quantitative relationships; and revisiting geometry.

**ALGEBRA 1 MS A**  
**ALGEBRA 1 MS B**

Algebra I is a first-year algebra course for students at a variety of ability and grade levels. For the Algebra I course, instructional time should focus on four critical areas: (1) deepen and extend understanding of linear and exponential relationships; (2) contrast linear and exponential relationships with each other and engage in methods for analyzing, solving, and using quadratic functions; (3) extend the laws of exponents to square and cube roots; and (4) apply linear models to data that exhibit a linear trend. With this course, students generalize, formalize, and extend the mathematics they learned in the earlier middle grades.
INTEGRATED SCIENCE

The middle school course sequence aims to provide the foundational skills and knowledge for students to learn the concepts, principles, and theories of science at the high school level. While our 7th and 8th grade courses are focused on a more traditional course model of life and physical science, our 6th grade course has transitioned to an Integrated model focused on the interplay between multiple branches of science. The 7th and 8th grade courses will transition to Integrated over the next 2 years.

The integrated science curriculum offers a balanced and academically rigorous program aligned to the Next Generation Science Standards, which includes the Mathematical Content Standards and the Literacy in History/Social Studies, Science and Technical Subjects CCSS.

INTEGRATED SCIENCE 6 A
INTEGRATED SCIENCE 6 B

The middle school course sequence aims to provide the foundational skills and knowledge for students to learn the concepts, principles, and theories of science at the high school level. In this NGSS-aligned 6th grade science course, students will utilize various Crosscutting Concepts and Science and Engineering Practices as they explore the unique features of the Earth system that make it a habitable planet. As they investigate the requirements for a life system that is adapted to Earth’s climate system, students will also derive an understanding of why it is important to maintain these systems. Through an integrated study of concepts from life, earth and physical science, students will develop an understanding of Earth’s systems, how energy is transferred throughout this system and the impact these interactions have on weather, as well as how this system supports life on Earth. As students progress through the four units, they will ultimately construct an explanation and design a solution to reduce human impact on global climate change. Global climate change provides a real world context where some of the criteria and constraints can involve social motivations and patterns of behavior that must be considered as part of the design.

INTEGRATED SCIENCE 7 A
INTEGRATED SCIENCE 7 B

The middle school course sequence aims to provide the foundational skills and knowledge for students to learn the concepts, principles, and theories of science at the high school level. In this NGSS-aligned 7th grade science course, students will utilize various Crosscutting Concepts and Science and Engineering Practices to explore the guiding concept that natural processes and human activities cause energy to flow and matter to cycle through Earth’s systems. Through an integrated study of concepts from the life, earth and physical sciences, students will first investigate the composition of living and nonliving matter that exists in the natural environment, then progressing to a study of the physical changes and chemical reactions that occur between and within the living and nonliving factors in an ecosystem. In the second semester, students will investigate cycles of matter and flows of energy in ecosystems. To culminate the course, students will ultimately apply their understanding of the natural processes and human activities that shape Earth’s resources and ecosystems to address various challenges to sustainability through an engineering design project.
INTEGRATED SCIENCE 8 A
INTEGRATED SCIENCE 8 B

Integrated Science 8 is the capstone course of the California Integrated Middle School course model consisting of four science content units aligned to the Next Generation Science Standards, plus a preparatory groupwork unit. Each curriculum unit integrates two to three science content areas (earth and space science, life science, and/or physical science), as well as engineering. The curriculum for this course follows Stanford NGSS Integrated Curriculum: An Exploration of a Multidimensional World. Because the integrated units incorporate a vast range of topics, each unit contains many different phenomena for students to investigate, explain, or problem-solve through application of the seven Crosscutting Concepts and eight Science and Engineering Practices. Each unit also has one anchoring phenomenon and one context for a culminating project that tie these various phenomena together. This is aligned with the instructional approach utilized in this curriculum -- “project-based learning” -- in which students work in teams to tackle complex, real-world issues through rigorous, long-term projects. By centering our units around student sense-making and problem-solving of phenomena, the focus of learning shifts away from only learning about topics and more towards using understanding of topics to figure out why or how things happen in the world. This promotes student-generated questioning and thus supports students’ agency for wanting to build their own scientific knowledge. As a result, students leave with deeper understandings and a process that can more readily be applied to other real-world phenomena in the future. Included in each unit are language development strategies to support Integrated ELD. Additionally, optional pop-out lessons are available following each unit that allows students to apply what they’ve learned to delve deeper into the intersection of social justice, science, and the “greater good”.

After an introductory unit on groupwork, students will begin the Fall semester with an exploration of how to prevent asteroid collisions by examining the fossil record and investigating the forces and motion relevant to asteroid collisions. The second unit of the Fall semester will require students to develop a model of the Sun-Earth-Moon system in order to work toward creating a telescope route through the solar system. The Spring semester begins with a continued examination of the fossil record from the Fall semester and other pieces of evidence to form a more cohesive picture of Earth’s history and how species have changed over time. After considering evidence of change over time, students will then begin to construct explanations to pinpoint the process that is changing species as a result of environmental change. Finally, students gather and synthesize information and construct arguments to explain how humans have intervened in these natural processes. The course culminates with a unit in which students analyze and interpret data to explain the impact of rising human population on Earth’s systems. Students will use the concept of waves to explore technology that could be used to mitigate the impacts of rising human population.

ELECTIVES

Elective courses are offered as part of Green Dot’s pyramid of intervention. Some courses provide additional support to students that are underperforming in Mathematics and Literacy, whereas other courses provide enrichment to students that are testing at or above grade levels in those subjects.

**Textbooks**

Choosing a textbook should be a collective process where the various members of the community that are to be engaged with the text should be part of the selection process. Each school is invited to send
representatives in a given content area to participate in research and provide input to recommended
textbook selections. This Textbook Adoption Committee (TAC) is convened when the adoption of a text
is needed in a selected content area and is comprised of teachers in the content area and individuals that
have some specific relationship to the material (curriculum director, instructional coaches, instructional
leadership team members, administrators, etc.).

As an initial task, the TAC should create and/or adopt a rubric/checklist by which to judge the various
textbooks. This rubric should include consideration of a) clear alignment with state standards and
Common Core standards, b) clear alignment with school and Green Dot standards, c) cultural, gender,
SES and ethnic differences, d) differing learning modalities, e) local budget constraints, and f) content
accessibility.

If a textbook is selected to be used at a school site that does not appear on the Green Dot Recommended
Book List, the book must be presented to the Area Superintendent for final approval.

For the school year 2019-2020, Green Dot’s approved middle school textbook list is included below. The
needs of the school are evaluated each year and textbooks, curriculum and other instructional materials
are adjusted accordingly.

## Academic Support and Intervention

The following are the intervention and support programs built into Green Dot’s recommended school model:

- **Summer Bridge**: Summer Bridge is a recommended two-week summer program for incoming 6th grade students that acclimates students to the Ánimo Westside culture of middle school, high expectations and the development of a trusting community. The Summer Bridge program is an opportunity to learn about student's individual learning needs through a variety of assessments that will provide data for future placement in courses and adjustments in the master schedule. All students will be assessed to identify non-proficiency in standards and socio-emotional supports. In addition, students who have been identified as English learners or special needs may have additional assessments to assess their learning levels. Students receive standards-based instruction in Math and English Language Arts and are acclimated to the culture and expectations of a Green Dot school. Students engage in culture-building exercises that promote a positive community of trust and respect. The Summer Bridge program allows the school the opportunity to begin to assess student social and personal needs through collaboration in the classroom and small group instruction. Student will also participate in education field trips in the Summer Bridge program. Students enrolled in summer bridge program have been identified through the approved enrollment process. Transcripts, grades or proof of matriculation is not a requirement of that process.

- **Reading and Math Intervention Programs**: Literacy Enrichment (Read 180) and Math Support, standards-aligned programs for reading and math respectively, are provided to students that test low in reading and/or math. Typically, these courses are given to 6th graders through an elective or during Advisory. Students take the 6th grade RI and an internal Math Diagnostic before school starts.

- **English Learners**: Designated and Integrated ELD classes are provided for all English Learner students. Designated ELD instruction is driven by the CA ELD standards and these classes provide targeted language instruction with an aim to improve the English listening, speaking, reading and writing skills of English Learner students. Integrated ELD utilizes content standards and CA ELD Standards in tandem to support English Learner students in acquiring the language of each content area.

- **Special Needs/Academic Success**: Designated SPED students will be provided extra support to reflect the needs outlined in the Individualized Education Plan (“IEP”) and in all of their academic courses through one-on-one instruction, group support and guided instruction.
• **Afterschool Program:** Afterschool programming is available for all students who wish to participate in academic support. Students who are not achieving a satisfactory grade within a particular class may be recommended to afterschool programs for additional support.

• **Office Hours:** Teachers hold office hours after school twice a week to provide students with additional support and tutoring for students who may want additional support in a subject area.

**Social and Life Skills Development**

**Advisory Course**

Animo Westside will offer a variety of programs to ensure that the social and emotional needs of our students are met. We have built an Advisory course into the master schedule to serve as a level 1 intervention using the Multi-Tiered System of Supports (MTSS). Using the MTSS model, all students receive the core literacy and math courses as their Tier 1 instruction. In addition to the core courses, students who need more intensive intervention (Tier 2) and support with a lower student-to-teacher ratio are provided with math and literacy interventions classes. If the student continues to struggle, the MTSS team will determine if there are specific individual interventions (Tier 3) necessary to address the student’s needs or if a referral to the Student Success Team is required.

Advisory serves two purposes: academic and social-emotional support. These classes are particularly important for the student population Green Dot serves as many of the students have had little exposure to rigorous academic programs and are not familiar with what it takes to get into college.

During Advisory, students will:

- Discuss issues related to the pressures of being a young adult in middle school, including but not limited to: puberty, relationships, mental health, family, substance abuse, etc.;
- Receive support from their advisor and peers in preparing them for the entire academic trajectory (successfully navigating through middle school, high school and college);
- Be taught different study skill strategies, test-taking strategies, and communication tools that will enable them to succeed in their middle school academic career. Students will also engage in projects where they learn about themselves, high school and college options;
- Be encouraged to learn about the college process as they are encouraged to think beyond middle and high school in an effort to realize that the tools they gain today will be beneficial in the near future; and
- Learn self-efficacy skills that will allow them to address the barriers of learning with resiliency.

Working with the same teacher and student peers for the duration of middle school, students benefit from a familiar support system built into the school day. In order to assess the effectiveness of the Advisory course, students are provided feedback surveys. The high level of attention that Green Dot devotes to developing such personalized, teacher-student relationships is best demonstrated through our School Stakeholder Surveys in which more than 75% of students across all Green Dot schools agreed or strongly agreed with the statement they would recommend Green Dot to others.

**Clinical Services**

Our Clinical Services team provides individual, group and family therapy to the students and families as necessary. The main purpose of our clinical services program is to address and eliminate barriers to learning from the mental health perspective. In addition, we provide crisis intervention, parent consultation, teacher consultation, and case management which include providing resources and referrals to outside agencies.
All services, which may include social and emotional counseling including small group and individual therapy, are provided or supervised by a licensed Marriage and Family Therapist or Licensed Clinical Social Worker. Additional degrees and credentials members of the Clinical Services team hold include Pupil Personnel Services credential, Masters in Social Work or Licensed Master Social Worker.

The Clinical Services team uses a referral process for students to receive services. Once students and parents have consented to services, students have a case manager that follows them through the process of services. Students are provided Child Development Inventory assessments along with other research-based therapies. The Clinical Services team works with parents, staff, and students throughout the referral process to ensure they are aware of their options. Clinical Services provides a proactive approach to addressing the barriers of learning by utilizing prevention and wellness to enable our students to possess the necessary skills to navigate their academic and social skills.

**Instructional Design, Methods and Strategies**

Research-based instructional frameworks may include active learning, brain-based teaching and learning, differentiated instruction and sheltered instruction to ensure the success of all students at high levels. Research is provided by numerous books, videos, and articles (for example, articles from the Association of Supervision and Curriculum Development) as well as conferences and seminars. Ánimo Westside and other Green Dot schools have used books in staff development including: 101 Active Learning Strategies (Mel Silberman, published April 1, 1996), Teaching With The Brain In Mind (Eric Jensen, published January 1, 2005), Classroom Instruction That Works (Marzano, Pickering, Pollock, published January 15, 2012), Professional Learning Communities at Work (Richard DuFour, published 1998), and Focus: Elevating the Essentials to Radically Improve Student Learning (Mike Schmoker, published 2011) among others. Teachers attend numerous conferences that include: Successful Inclusion Strategies (Susan Fitzell), Engaging Students Through Block Scheduling (Louis Mangione), Vocabulary Development Strategies That Boost Reading and Learning Across All Subject Areas (Kate Kinsella) among many others. This research allows Ánimo Westside teachers to learn from successful models and begin implementing strategies in their classroom.

Serving a diverse student population that will need remediation, acceleration and language development, students are grouped in heterogeneous classrooms where all teachers utilize differentiated instruction. Instruction is differentiated based on student data and formative assessments to create a culturally responsive classroom for students to learn. Based on Doug Lemov’s Teach Like a Champion, Green Dot has adopted instructional specific, concrete, and actionable techniques focused on student engagement and student accountability for rigorous learning. The following techniques have been identified to ensure teachers are setting high academic expectations, engaging students in lessons and creating a strong classroom culture:

- **No Opt Out**: A sequence that begins with a student unable to answer a question should end with the student answering that question as often as possible.
- **Right Is Right**: Set and defend a high standard of correctness in your classroom.
- **Stretch It**: The sequence of learning does not end with a right answer; reward right answers with follow-up questions that extend knowledge and test for reliability. This technique is especially important for differentiating instruction.
- **Format Matters**: It’s not just what students say that matters but how they communicate it. Students must take their knowledge and express it in the language of opportunity.
- **Cold Call**: In order to make engaged participation the expectation, call on students regardless of whether they have raised their hands.
- **Wait Time**: Delay a few strategic seconds after you finish asking a question and before you ask a student to begin answering it.
- **Everybody Writes**: Set your students up for rigorous engagement by giving them the opportunity to reflect first in writing before discussing.
• **Do Now**: Students are both productive during every minute and ready for instruction as soon as you start.
• **SLANT**: Sit up, Listen, Ask and answer questions, Nod your head, Track the speaker

Teachers are expected to use an appropriate mix of direct instruction, cooperative learning and individual student practice for all lessons. Teacher professional development is focused heavily on observations and using data to inform instruction, aligning curriculum with Common Core standards, and assessing student mastery of standards on an ongoing basis. We believe the combination of a college-preparatory, standards-based curriculum and teacher professional development based on these methods ensure that all students meet or exceed Common Core standards.

**Technology Integration in Academic Program**
Technology is widely used at all Green Dot schools to drive higher levels of achievement and prepare students for the information driven economy of the 21st century. It is also used as a critical tool for gathering data for school management. At each of its schools, Green Dot invests in technology in the following areas:

• All Green Dots schools have computing devices (e.g., desktops, laptops, Chromebooks) that are available for student use;
• Each teacher is provided with a laptop and given training on effectively using technology in the classroom;
• Courses often include web-based research projects and assignments;
• Technology elective classes are included in the recommended curriculum to train students on computers and different software programs; and
• A web-based student information and school management system (PowerSchool) is implemented at Green Dot and is used by all schools.

To prepare students for the computer-based state standardized assessments and 21st century learning, Green Dot teachers are integrating key technology skills into their curriculum. Student access to computer based lessons and activities have increased with the transition to the Common Core State Standards. Ánimo Westside has a 1.5:1 student to device ratio. Ánimo Westside has access to online curriculum based software such as Read 180, I Ready for Math and Typing Club. Ánimo Westside uses Google classroom and the suite of skills such as PowerPoint and G-mail.

**Closing the Gap (Specific Goals for Providing and Ensuring Equal Access to Students Achieving Below Grade Level)**
Ánimo Westside is committed to serving academically low achieving students. As with other Green Dot schools, Ánimo Westside expects that many (if not the majority) of its students may be classified as low-achieving. As such, Ánimo Westside’s curriculum and program is adapted to improve performance for traditionally low-achieving students. Ánimo Westside has a simple, but specific goal to ensure that all students are prepared for success in college, leadership and life. In fact, Ánimo Westside’s goals for academically low achieving students are the same as its goals for its entire student body. Administrators, teachers and counselors monitor students’ data and provide tailored supports to ensure students are on track to meet their goals. For more information on these goals, please see the section titled “Measurable Student Outcomes” and the Schoolwide Learner Outcomes listed in this charter petition. Ánimo Westside ensures that all students identified as low achieving have equal access to a rigorous, college-preparatory education through the following means (also see the section for “Academic Support and Intervention”):

• Ánimo Westside will assess all students after enrollment in the Summer Bridge Program to determine learning strengths and weakness, as well as overall proficiency in core subjects. Tests used may include the Read 180 Student Reading Inventory Diagnostic Test and Green Dot math diagnostics.
• Identified students are immediately enrolled in remediation programs to accelerate learning, such as Read 180 and System 44, which are standards-aligned computer-based programs for reading and math respectively.
• Low-achieving students are also provided remediation during the Summer Bridge program, Advisory, Literacy Enrichment/Intervention, Math Foundations, Special Needs/Academic Success and/or Guided Study (an after-school program for students who do not complete their homework or struggle with it).

**Socio-Economically Disadvantaged Students**
Ánimo Westside aims to serve a socio-economically disadvantaged student population. According to CDE, 84% of students are socioeconomically disadvantaged. The school’s academic program is inherently formulated to address the needs of these students. Administrators, teachers and counselors monitor students’ data and provide tailored supports to ensure students are on track to meet their goals. Specific intervention and enrichment programs include:

• **Summer Bridge:** Summer Bridge is a recommended multi-week summer program that acclimates students to the Ánimo Westside culture of middle school, high expectations and the development of a trusting community. During the Summer Bridge program, students will also be identified for special needs, English Learner levels, non-proficiency in standards and social-emotional supports, and staff will make the necessary adjustments to the master schedule to better accommodate them. Students receive standards-based instruction in Math and English Language Arts and are acclimated to the culture and expectations of a Green Dot school. The Summer Bridge program is an opportunity to learn about student's individual learning needs through a variety of assessments that will provide data for future placement in courses and adjustments in the master schedule. All students will be assessed to identify non-proficiency in standards and socio-emotional supports. In addition, students who have been identified as English learners or special needs may have additional assessments to assess their learning levels.

• **Literacy Intervention/Enrichment (Read 180):** Literacy Intervention/Enrichment is a standards-aligned program for reading is provided to students that test low in reading. Typically, this course is given to students through an elective class or during Advisory.

• **Math Foundations:** Students who are struggling in Math (not proficient and/or recommended by their Math teachers) will receive an additional period of Math support, where their teacher and tutors will work on skill building through their current curriculum, as well as remediation strategies to strengthen skills in group tutorial and one-on-one formats.

• **College, Leadership and Life Framework:** The College, Leadership, and Life Framework is a flexible framework that was designed to provide a set of strengths that schools utilize to guide the development of students so that they may be successful in College, Leadership and Life. Although the framework is housed in the Advisory structure, it is an interdisciplinary tool that is leveraged in all of our other content areas throughout the school day.

• **Electives Courses:** Student at or above grade level may have the opportunity for additional electives throughout the years at Ánimo Westside. These courses may include additional exposure to the Arts, Drama, and Journalism.

• **Character Development in Advisory:** Advisors will consistently support students in developing characteristics of leadership, compassion, selflessness, stewardship, perseverance and hope for themselves and others. Through group bonding activities, students will trust their fellow advisees as support network for their personal and social/emotional development.

**Academic Calendar and School Time**
A school site committee determines the daily bell schedule that meets the needs of its students. The calendar committee is facilitated by an administrator and includes teachers who collaborate on decisions while ensuring the school calendar meets the minimum requirements for instructional minutes. Ánimo Westside will have 183 student days and an additional 10 professional development days for its teachers.
The current state minimum requirement for instructional minutes for middle schools is 54,000 and Ánimo Westside will surpass the required number of minutes of instruction as set forth in Education Code 46201. Ánimo Westside will require its pupils to be in attendance at the school site at least 80 percent of the minimum instructional time required pursuant to EC Section 47612.5(a)(1) and 47612.5(e)(1). Students at-risk of not meeting the 80 percent requirement will be referred to the Student Attendance Review Team (SART). Students with absences (excused or unexcused) from a class period more than four times in a given semester will be referred to the SART for support with interventions. The SART aims to work with families to ensure that students comply with compulsory education laws. The SART is both a prevention and intervention tool that can be utilized to address truancies, excessive tardies, and excessive absences. The SART’s duties include:

- Reviewing school-wide attendance data
- Creating prevention strategies to encourage consistent student attendance
- Identifying students struggling to meet attendance expectations
- Creating intervention plans for struggling students
- Monitoring progress of students on contracts
- Determining consequences for excessive absences, up to and including, loss of course credit or referral to the judicial system

If a student is absent from a class period for more than 15 days during the course of a semester, he/she may not receive credit in that course.

We use flexible scheduling models to increase interdisciplinary work and meet specific learning needs. We plan to tailor the school schedule as much as possible to the calendar in Los Angeles Unified School District without compromising our academic program. We want to be respectful of those families who will have children in Los Angeles Unified School District and at Ánimo Westside.

Sample Minimum Day Schedule

Examples of Minimum days:
- Back to School Night: A minimum day may be provided to allow teachers additional preparation time for the evening event with parents.
- Finals: Minimum days may be provided during Finals at the end of each semester so that students will have additional time to study and prepare for assessments.
- Parent Conferences: Minimum days may be provided during parent conferences so that teachers may be available to meet with parents to discuss students’ academic progress as needed.

Sample Master Schedule

The following master schedule shows how courses and teachers align with the daily schedule. Administrators and teachers may make adjustments to the school’s master schedule and add additional Green Dot-approved courses in order to meet the specific needs of their students.

data assignment, panel interview with Area Superintendents, school-site/principal shadow, and school site community panel. The assistant principal hiring process is identical.

During its teacher selection process, Green Dot’s Human Capital and Human Resources departments will do the following:

- Research and establish job qualifications, including a list of position-specific criteria to be given to qualified applicants
- Announce openings
- Recruit applicants from a broad pool of applicants
- Request an application, resume, references, records of experiences, credentials, licenses, etc.
- Complete a video screen that measures teaching aptitude in an urban setting if applicants meet the Green Dot standard
- Complete an in-person competency assessment if applicants meet the Green Dot standard
- Complete a reference check if applicants meet the Green Dot standard
- Arrange that candidates be interviewed at the school site by stakeholders
- Have final teacher candidates teach a demonstration lesson that must be student-driven and exhibit a strong command of the subject area
- Ensure that all candidates pass TB, DOJ and FBI clearances after a conditional offer letter has been provided and before employment begins

Like every other Green Dot school, Ánimo Westside, during its classified staff selection process, will do the following:

- Work with Human Capital to determine necessary hires
- Announce openings
- Recruit applicants from a broad pool of applicants
- Request an application, resume, references, records of experiences, credentials, licenses, etc.
- Verify previous employment and check references of interviewed candidate(s)
- Verify TB, DOJ and FBI clearances after a conditional offer letter has been provided and before employment begins

The principal is responsible for the ultimate hiring decision and for yearly review of all school-based employees.

**Ongoing Professional Development**

Professional development for teachers and school site leaders is a critical component of Green Dot’s school model and program. Reflective practice occurs in an environment where there is collaboration, use of meaningful data, and thoughtful discussion regarding instruction. Incorporated into the daily routine at Ánimo Westside, professional development opportunities will provide teachers time to inquire about practice, study individual and group student data, develop best practices, and ensure accountability for school-wide goals. Our professional development is also standards based and incorporates CCSS in core subject areas.

**Teacher Professional Development**

Throughout the school year, teacher professional development activities at Ánimo Westside will be based on the recommended practices of Green Dot, which may include:

- **Annual Training/Retreat:** An annual three to five day retreat for school staff to plan for the year and receive professional development.
- **Mid-year Retreat:** A full day retreat for school staff to evaluate progress, reflect, and adjust the school’s plan for the final semester.
• **Weekly Staff Development**: A late start or early dismissal is provided each week so that a 90 minute professional development period is established. Staff development topics are based on the assessment of student needs and identifying areas of improvement as outlined in the school’s annual strategic plan.

• **Weekly Staff Collaboration**: A late start or early dismissal is provided each week so that a 60 minute collaboration period is established. Collaboration time includes grade level collaboration, department professional development, and collaboration on school-wide systems such as Advisory and Safe and Civil.

• **Department Norming Days**: Department meeting to norm teaching practices.

• **Green Dot-wide Staff Development**: Green Dot-wide meeting of content teachers to share best practices.

Professional Development topics will vary depending on the school’s focus, data from assessments and teacher needs. Professional Development may be differentiated for new or experienced teachers, by content area and/or grade level. Teachers that are new to a select course may receive additional Professional Development provided by the Green Dot Education Team. A common thread in all Professional Development is how to apply best practices and strategies to meet the needs of subgroups including English Learner and Special Education students. Topics may include any of the following: effective lesson planning, analyzing data to improve instruction, multiple forms of assessment, developing engaging curriculum and creating culturally relevant pedagogy.

Green Dot has an induction practice for its new and existing teachers through Summer Professional Development and New Teacher Professional Development. Summer Professional Development focuses on the following five areas:

- **Reviewing Data from the Previous Year**: Reviewing school, department and individual data
- **Curriculum and Professional Development**: Reviewing school’s strategic plan, alignment to school-wide focus, and setting lesson plans
- **School Business**: Reviewing student policy manual and other compliance related topics
- **Teacher-Administrator Meetings**: One-on-one meetings between administrators and teachers
- **Planning**: Lesson planning, preparing syllabi and setting department goals

New Teacher Professional Development consists of the specialized trainings outlined below:

- **Summer Training**: New teachers are required to attend a mandatory 5-day training prior to the start of summer professional development.
- **Ongoing Workshops**: New teachers are required to participate in workshops that are aligned with the California Standards for the Teaching Profession, Green Dot’s College Ready Teaching Framework, and Common Core State Standards. Topics include classroom management, creating a culture of high expectations in the classroom, best practices in lesson planning, etc.
- **Monthly Support and Development Meetings**: First and second year teachers participate in monthly support and development groups at their school site.

**Administrator Professional Development**

For administrators, a comprehensive professional development program is in place, which includes the following:

- **Coaching**: Area Superintendents provide individualized coaching sessions for each school site administrative team twice a month. These coaching sessions are focused on the supervision of instruction, data analysis and problem solving. Principals receive additional one-on-one coaching twice a month to focus on their development and appropriate support of their Assistant Principals.
- **Key Results**: Area Superintendents facilitate a Key Results session at a selected school each month. During this time, the host principal provides a focus question for the session centered on instruction or school culture. Principals walk through classrooms with this focus question in mind and provide the host principal with feedback about this focus question. These sessions help principals share ideas with regards to the supervision of instruction and the development of school culture and Principals to generate next steps to be taken at their school sites as a result of what they see at the host school. Area Superintendents will follow up with each leader that
Attends the Key Results session in their biweekly coaching sessions to reflect upon their participation in the Key Results visit, lessons learned and applicable next steps for their school site.

- **95/5 Sessions**: Based on the belief that principals should spend 95% of their time onsite providing instructional leadership and 5% of their time offsite in their own professional learning hosted by Green Dot’s Education Team. 95/5 is a full-day professional development session for principals and assistant principals once a month. These sessions are focused on the strategic plan developed by the Area Superintendents as they determine the most relevant focus areas based on their coaching sessions. Area Superintendents will follow up with each leader in their biweekly coaching sessions to reflect upon their participation in the 95/5 and applicable next steps for their school site.

- **Principals Retreat**: Two day retreat for all Principals, Assistant Principals and Administrators-in-Residence. The retreat allows Principals to reflect, evaluate progress and share promising practices.

- **Administrator-in-Residence Program**: One-year on-the-job training program for new school leaders with an emphasis on instructional leadership, resource management, people management, community leadership and problem-solving.

Ánimo Westside will meet all applicable legal requirements for English Learners (“EL”) as they pertain to the initial testing of students in their primary language and to the notification of annual testing results to parents. The home language survey will be given upon a student’s initial enrollment into Ánimo Westside (on enrollment forms). Parents shall also be kept properly informed regarding student identification, placement, program options including ELD, sheltered core content instruction and waiver for primary language content instruction, teacher qualifications and training, re-classification to fluent English proficient status, our monitoring and evaluating program effectiveness, and standardized testing requirements. Each English Learner with disabilities will be assessed for English proficiency using accommodations and modifications as set out in the IEP or Section 504 plan. Ánimo Westside will implement policies to assure proper placement, evaluation, and communication regarding ELs as well as the rights of students and parents.

**EL Master Plan**
Green Dot will be implementing its own EL Master Plan. The plan includes a five step process for the identification of English Learners including: 1) Initial Identification, 2) EL Proficiency Assessment, 3) Primary Language Assessment, 4) Parent Notification, and 5) Program Placement. Green Dot schools provide on-going training for administrators and teachers on the identification process.

EL students at Ánimo Westside are served through a variety of programs designed to meet their needs. Ánimo Westside EL students are enrolled in both designated ELD and integrated ELD courses. Designated ELD courses include Academic English Essentials, ELD Literacy Intervention and Sheltered core ELA classes in which ELs are placed to receive strategic language development support based on the CA ELD Standards. ELs also receive integrated ELD support in all other content areas, in which instruction includes both a focus on content and CA ELD Standards to support ELs with English language proficiency across content areas. These programs are built into the individual school’s master schedule and take place within the school day. Ánimo Westside works with the Green Dot Human Resources (HR) and Human Capital Departments to ensure appropriate staffing and authorizations for teachers in these courses.

EL programs are monitored on an annual basis. Schools administer and review the data from the Green Dot adopted and state mandated assessments. The data from these assessments are used for student placement in EL programs, the determination of which programs are needed at a particular school site, and reclassification. The data is reviewed by the EL teachers, English Department and school...
administration which makes recommendations to the District English Language Advisory Committee (DELAC) and School Advisory Council (SAC). The DELAC and SAC review data to inform programmatic and budgetary decisions each spring for the upcoming school year.

**ELPAC Testing**
All students who indicate that their home language is other than English shall be ELPAC tested within thirty days of initial enrollment and annually thereafter during the spring ELPAC Summative Window until re-designated as fluent English proficient.

Ánimo Westside shall notify all parents of ELPAC results within thirty days of receiving results. A formal letter will be mailed to all students and, per request, a parent conference will be held to explain and/or clarify any pending questions about testing, courses offered or reclassification.

**Strategies for English Learner Instruction and Intervention**
Ánimo Westside teachers will be informed on the language level of their students and will work collaboratively to develop standards-aligned lessons that support English language development.

EL progress monitoring occurs several times a year as a collaboration between designated teachers, the EL lead, the administrator over EL, counselors and grade level teams. Designated teachers use student data to set goals twice a year and meet one-on-one with students to assess progress toward their goals three times a year. Students not meeting their goals will receive targeted or intensive interventions through support from the grade level team, the administrator over EL, the EL lead and/or counselor as needed. The same process will occur for long-term English Learners (“LTEL”) and students at risk of becoming LTELs as needed.

Ánimo Westside EL students will be placed in a Designated ELD class to provide designated ELD support driven by the ELD standards and the Green Dot Designated ELD principles. In addition, all teachers will be trained in creating language objectives, designing explicit language instruction, using EL student data when planning instruction, the Green Dot Integrated ELD principles and use the CA ELD Standards in conjunction with content standards to drive instruction. Professional development guides teachers in the use of ELPAC data to differentiate instruction based on the student’s levels of language proficiency. Strategies include Precision and Productive Partnering, Kate Kinsella’s Sentence Frames, and explicit language instruction in order to provide students with rigorous curriculum with appropriate supports so that they stay in the apprenticeship zone with high challenge and high support. The ELA/ELD framework support teachers to build into and from content instruction in order to develop critical English language skills, knowledge, and abilities needed for content learning in English. All teachers will have a CLAD certification or a California Commission on Teacher Credentialing recognized equivalent.

**Sample Designated Course Options:**
These courses for English language acquisition will be offered within the school day. Administrators will collaborate with teachers and counselors using student data to build a master schedule that meets the needs of students at all English Learner levels. Courses will be taught by a credentialed teacher and may include the following:

- Newcomer ELD
- Sheltered ELA

---

6 California Department of Education (2014) Chapter 2, English Language Arts/English Language Development Framework for California Public Schools
ELD Read 180
ELD Academic English Essentials (English 3D)
ELD Advisory

In order to ensure that students make adequate progress toward mastery of ELD standards, teachers will receive coaching from literacy specialists and/or ELD coordinators focused on the following designated ELD instructional principles:

- Intellectually challenging texts
- Differentiated scaffolding
- Language focus that amplifies content learning
- Specifically teaching language acquisition
- Engage in academic discourse for a variety of purposes
- Facilitate interactive and engaging learning
- Students receive timely feedback on speaking and writing to develop skills
- Extended opportunities to practice in all four language domains

Reclassification Procedures: Criteria for Student Reclassification From English Learner to Fluent English Proficient (RFEP):

Guidelines for Reclassification

The ELPAC assesses student performance in the following areas: Listening, Speaking, Reading and Writing. In order to be reclassified as RFEP, students must meet the following criteria:

1) Earn an overall score on the ELPAC of Level 4

2) Grade Appropriate Reading Inventory score (Lexile):
   - 6th grade > 650
   - 7th grade > 650
   - 8th grade > 650
   - 9th grade > 750
   - 10th-12th grades > 800

3) Teacher approval and/or grade of C or better in most recent English class.

4) Provide written notice to parents or guardians of their rights and encourage them to participate in the process and provide an opportunity for a face-to-face meeting.

5) Reclassify Student as Fluent English Proficient.
   - Place dated reclassification form signed by the English teacher in the student’s file.
   - Include all students reclassified in Spring 1 report with reclassification and EL updates by CALPADS certification deadlines.

6) Reclassify students throughout the year as new data becomes available. (Repeat Steps 1-5)
   - After fall ELPAC data is published
   - After spring ELPAC data is published

7) Monitor the academic progress of RFEP students for four years.
   - If a student scores Below Basic or Far Below Basic on SBAC, a Tier 1, 2, or 3 intervention is initiated as appropriate.
Evidence of quarterly monitoring is entered onto the Student Reclassification Form in the student cumulative file.

- If a student is failing core academic classes, MTSS monitoring will be triggered.

**Gifted and Talented Students and Students Achieving Above Grade Level**

The curriculum at Ánimo Westside will be focused on providing the appropriate differentiated instruction for different students of varying ability levels, including gifted or talented students. Students achieving above grade level will be identified through standardized test scores, teacher assessments and grades, and quarterly assessment data and through the Summer Bridge program. Students found to be achieving above grade level will have an opportunity to excel through differentiated instruction in the classroom and enrichment electives. Flexible grouping allows more appropriate, advanced and accelerated instruction that more closely aligns with the rapidly developing skills and capabilities of students above grade level. Differentiated learning classrooms where gifted students reside will be given additional or complementary assignments that challenge their thinking, while adding greater depth and complexity to the curriculum. Differentiated learning classrooms, may include Honors or elective courses, professional development for these courses may be provided during the summer, as well as throughout the school year. Additional differentiation of professional development may take place during Department meetings. The principal or a designee will be the onsite contact person for information regarding programming for students achieving above grade level.

Throughout their middle school career, students found to be achieving above grade level will have an opportunity to excel through activities such as:

- Differentiated instruction in the classroom
- Honors classes
- Enrichment electives (e.g., technology, drama, student leadership)

**Standard English Learners**

Ánimo Westside’s educational program successfully meets the needs of its diverse student population including standard English Learners. A focus on data allows the school to individualize supports for students and provide appropriate intervention and acceleration. Furthermore, the small school model offers additional support and attention for students with a low student-to-adult ratio. For all students including, standard English Learners, the school will aim to create a culturally responsive school that is rigorous and supportive. A standard English Learner will be supported through all three tiers of the Multi-Tier System of Supports with Social Emotional, Behavioral and Academic Intervention. They will have the support of an Advisory program to prepare them with the tools and behaviors to succeed in high school, college, leadership and life – covering topics such as: academic preparation, promotion of college awareness, developing strong peer relationships, developing life skills in areas such as resiliency/grit, growth mindset, organization, communication, health/nutrition and personal finance.

Foster Youth

Ánimo Westside’s educational program successfully meets the needs of its diverse student population including foster youth. A focus on data allows the school to individualize supports for students and provide appropriate intervention and acceleration. Furthermore, the small school model offers additional support and attention for students with a low student-to-adult ratio. For our Foster Youth students, the school will aim to create a school that is both rigorous and supportive acknowledging the needs of individual students with wraparound services to help address social and non-academic barriers to student learning including small group counseling and individual student counseling and connection to outside services. Students will also be supported through all three tiers of the Multi-Tier System of Supports with Social Emotional, Behavioral and Academic Intervention. They will have the support of an Advisory program to prepare them with the tools and behaviors to succeed in high school, college, leadership and life – covering topics such as: academic preparation, promotion of college awareness, developing strong peer relationships, developing life skills in areas such as resiliency/grit, growth mindset, organization, communication, health/nutrition and personal finance.

Sports, Clubs and Community Service Activities

Animo Westside believes that co-curricular sports, clubs and community service activities are central to an effective education.

Sports

Depending on student interest and sufficient fundraising, we offer a variety of boys’ and girls’ sports. Sports are offered based on student interest and demand. Practice and game facilities are secured through partnerships with local parks, recreation centers, and in some cases, District facilities.

Clubs

Animo Westside offers a variety of activities outside of the academic program. Depending on student interest and budgetary constraints, this may include Gay-Straight Alliance, Students Run LA (SRA LA), photography and other student-initiated activities. We take advantage of charter status flexibility in adjusting our schedule to allow these activities.

A “Typical Day” at the Charter School – What a Visitor Should Expect to See When the School’s Vision is Being Fully Implemented

Students begin arriving at school at 7:15 a.m. and are greeted by an Administrator and Campus Aide. The school environment is a small, safe school that allows teachers and staff to provide individualized attention and prepare students for college, leadership and life.

Our master schedule is designed to meet the needs of our students. Our curriculum and focus on the California content standards and Common Core standards provide a rigorous and well-rounded education. In order to ensure our students are successful, we have incorporated interventions into our daily schedule, including reading and math support, Read 180, and an Advisory course. Our Advisory course allows students to create a one-on-one relationship with their teacher and also is a conduit for college readiness, leadership development and overall youth development.

In each classroom, students will be taught by a highly qualified teacher that will utilize a variety of instructional techniques to ensure students understand and master the material. Students will be grouped into heterogeneous classrooms where teachers utilize differentiated instruction. In addition, teachers will adopt concrete and actionable instructional techniques from Doug Lemov’s Teach Like a Champion that will enable them to focus on student engagement and student accountability for rigorous learning (e.g., No Opt Out, Right is Right, Cold Call, Everybody Writes). Teachers will be expected to use an appropriate mix of direct instruction, cooperative learning and individual student practice for all lessons.
Teachers will facilitate collaborative learning environments where high expectations for academic performance are maintained and supported through the use of a variety of instructional strategies, scaffolding and explicit modeling.

Learning continues after the school bell rings through after-school enrichment programs, tutoring, student-run clubs and competitive sports. Students may be hosting a performance. Parents may be hosting a parent meeting or attending “coffee with the principal” to hear updates about the school, provide feedback and/or attending a parent education workshop.

**Dissemination of Practice**

Green Dot and Ánimo Westside are committed to collaborating closely with LAUSD and other schools in order to share promising practices and learn from each other. Ánimo Westside will share practices with LAUSD in the following areas: effective teacher performance evaluation and student assessment systems, responsible parent and student involvement in school, and narrowing the achievement gap among students of various backgrounds.

Ánimo Westside intends to have both formal and informal interactions and communications with the District and with other schools in order to foster learning and sharing. Ánimo Westside plans to attend the annual charter school conferences/meetings, participate in the Charter Collaborative, host regular school visits, share relevant materials and communicate electronically on an ongoing basis.
Because Green Dot has a network of charter schools, LAUSD will benefit even further because Green Dot can disseminate best practices not only from Ánimo Westside but also from Green Dot’s other charter schools.
Element 2: Measurable Pupil Outcomes and Element 3: Method by which Pupil Progress Toward Outcomes will be Measured

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school.” (Ed. Code § 47605(b)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(b)(5)(C).)

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(c)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

Measurable Student Outcomes (The extent to which all pupils demonstrate attainment of the skills, knowledge, and attitudes specified as goals in the school’s educational program)
Ánimo Westside is using the same model as Green Dot’s other charter schools, all of which aim to outperform comparable public schools on key performance metrics, including CAASPP performance and performance on the California Department of Education Dashboard. Green Dot expects Ánimo Westside to perform at similar levels as other Green Dot schools. As described previously, Ánimo Westside expects to graduate students that will be prepared for college, leadership and life.
Ánimo Westside students will be:

Green Dot Public Schools California 73
The school will monitor the California Department of Education’s California School Dashboard as information becomes available regarding measureable outcomes for all indicators, including the college and career state indicator.

**Measuring Pupil Outcomes: Student Assessments**

Aligned with its firm belief in accountability, Green Dot schools have rigorous assessment and goal-setting programs to measure students’ proficiency levels and ensure that each student is making progress toward becoming a responsible, well-educated adult. Students are assessed regularly from the time they enter the school through graduation and teachers monitor their progress closely. The following assessments are currently used at Green Dot’s existing schools:

- **Placement exams**: All incoming enrolled students are given placement exams in order to determine proficiency levels in math and reading. Placement exams are administered during an orientation day in the spring, summer bridge or shortly after a student enrolls for those who do not participate in summer bridge. Comparable tests are given at the end of the year to measure progress. The ELPAC Initial Assessment is administered at the within the first 30 days of enrollment to any student who speaks a language other than English to determine English language proficiency. The ELPAC Summative Assessment is administered in the spring to all students classified as English learners until students are designated English fluent and reclassified.

- **State-Required Standardized Tests**: All state-required tests are given and analyzed closely. 5th grade scores for incoming 6th grade students are gathered after enrollment so that data can inform instructional practice.

- **Green Dot Common Assessment Program**: Green Dot schools will use quarterly assessments (benchmarks) to assess student mastery of standards, norm teaching practices across schools, and drive teacher reflection and improvement of practice. These assessments may be developed internally or may be developed by nationally-normed assessment providers such as: Glencoe and Carnegie Learning. Assessment vendors are subject to change based on recommendations and annual reviews conducted by the Green Dot Education Team.

- **Green Dot Required Assessments**: Students in all grades will be given the Reading Inventory to measure Lexile growth three times per year. The iReady assessment will be given to all students to measure Quantile growth twice per year. These metrics will monitor student and cohort level growth. Each fall, English Learner students will also take the Green Dot EL Language Proficiency Benchmark, which is based on the ELPAC tasks, in Designated ELD courses to measure EL student progress so that teachers can determine appropriate supports.

- **Traditional Classroom Assessments**: Quizzes, essays, projects and exams are delivered regularly in classes.

- **Other Assessments**: Students are also measured regularly in non-curricular areas such as class attendance and discipline.

These assessments will be used to evaluate student progress and modify instruction for both individual and groups of students. Data analysis will be supported by the school site administrative team and Green Dot Education Team (Area Superintendent and Content Area Coaches).
Measuring Pupil Outcomes: Summative Assessment Performance Targets

**Performance Targets Aligned to State Priorities (school-wide and for applicable subgroups)**

Ánimo Westside established targets for ELA and Math on the SBAC Common Core assessment from baseline data received from the 2016-17 administration of the test. LCAP goals and targets may be adjusted based on the school’s annual update and reflection on prior year academic achievement. Ánimo Westside will strive to achieve targets and expects to be held to the same accountability standards as District schools.

Measuring Progress Towards Outcomes: Formative Assessment

All students will be held accountable to the Common Core standards and CA State standards and supported to reach the Green Dot objectives for performance. Ánimo Westside will use quarterly assessments aligned to benchmark student progress in core areas including English, Math, Science and History. This program includes pacing guides, exams, data reports and analysis of student scores. Student data will be analyzed by subgroup to monitor the achievement of African American students, English Language Learners, and Special Education students. The school will monitor subgroup data after each assessment and provide appropriate intervention and resources for students as needed. The goals of the program are listed below:

- Provide the ability for schools to track individual student progress
- Create common assessment tools across the organization that allow teachers to use common data to inform instruction
- Create the opportunity for collaboration amongst teachers so that best practices can be shared across the organization
- Provide multiple opportunities for students to get accustomed to standardized testing

Ánimo Westside agrees to the following:
- All teachers must administer interim assessments.
- Teachers must give the assessment by the scan deadline.
- All teachers will participate in collaboration days to share reflections on their data and collaborate on next steps for unit planning.
- Ánimo Westside administrators must help teachers devise a plan for sharing interim data with students and parents.
- Ánimo Westside administrators must monitor the implementation of next steps devised by teachers after assessment is received.
In addition to passing the required number of courses appropriately distributed, graduating students complete a capstone 8th grade project that demands evidence of student learning for their three years of education at Ánimo Westside, demonstrating their proficiency in the goals we have set for students, which include:

- Ability to show leadership in the community setting
- Demonstration of problem-solving skills
- Showing respect for differences among people and cultures
- Confidence in academic ability and interpersonal relations
- Evidence of working cooperatively and negotiating effectively with others

This is designed to be an open-ended project in which students are given flexibility in their choice of activities for the capstone project, and we envision that students will complete this assignment with creativity and enthusiasm measuring their growth on schoolwide learning outcomes. By the end of their 8th grade year, such students will present a portfolio documenting their learning growth and acquisition of skills such as:

- Reading, writing, and mathematical competency
- Academic rigor of synthesis, analysis, and evaluation
- Technological acumen
- The ability to work in a team setting
- Initiative, perseverance, and motivation

**Data Analysis and Reporting**

The achievement of Ánimo Westside will be measured in both growth and absolute measures and will be compared to the achievement of LAUSD Resident schools that are similar in demographics and other characteristics (e.g., proximity to school, incoming student performance). Additionally, Ánimo Westside will analyze the school’s academic performance by using publicly available data to compare the academic achievement of its students to the academic achievement of comparison District schools, and ensure that Ánimo Westside is also serving similar demographic characteristics as LAUSD neighborhood schools. Ánimo Westside will also evaluate itself based on the criteria used by its authorizer’s Charter Schools Division.

**Role of Data to Monitor and Improve the Academic Program**

College-prep, rigorous assessments that are aligned to Common Core and State standards will be provided to all Ánimo Westside students. Teachers will be trained to use the Backwards Design Model for developing instructional units. This model requires teachers to use the state standards and Common Core standards as a starting point for curriculum development. By adhering to this model, Ánimo Westside will ensure that student report card grades measure the level of student mastery of the standards. Teachers will also use student achievement results on assessments to determine areas for re-teaching. Teachers will meet at least once a semester to examine student work using protocols to assess student levels of proficiency with regards to standards. Teachers will use student performance on weekly and quarterly assessments to guide their planning and instruction.

Ánimo Westside will rely heavily on data collected from assessments to personalize learning for each student and to ensure proper placement in classes. Incoming 6th graders take placement exams (one in reading, and one in math) during the summer. The reading test is the Reading Inventory and this test determines a student’s lexile level so that Ánimo Westside can determine which students are reading at a Basic, Below Basic, or Far Below Basic level. The math test is the iReady assessment used to determine math proficiency. Students who score Basic, Below Basic, or Far Below Basic on the reading assessments are placed in a year-long Read 180 course to support them in language arts. Students who Basic, Below
Basic, or Far Below Basic on the math assessments may be placed in a course specially designed to support them in their math classes.

Ánimo Westside staff will also use data from state assessments, diagnostic assessment (e.g. RI and iReady) and classroom assessments on a quarterly basis to inform instruction and student placement. Ánimo Westside will use all of these indicators to monitor student growth and school progress. Teacher recommendations of student performance the prior year may contribute to the placement of students. Should a parent or student question their academic placement in a course, a parent conference will be held to review applicable data with an administrator, counselor and/or teacher. The staff will analyze student achievement data to determine the areas of highest need and to develop specific goals and steps to be taken to increase student achievement. Each department will set goals at the beginning of each year to determine steps to be taken to achieve the goals. The department then establishes steps to take, including resources to be used, to help them reach this goal. In addition, the review of student grades each quarter leads to discussions about the types of assessments each teacher uses as well as the ways in which teachers are grading. Administrators may provide professional development for the whole school or individual departments on grading practice based on needs. Administrators may audit gradebooks on a bi-weekly basis to assess teachers grading practices and provide support as needed.

Student achievement and assessments will also be discussed during department meetings and grade level meetings. The master schedule aims to provide all teachers in a department with a common planning period so they can meet weekly to collaborate. Additionally, departments/grade levels will meet on early release Fridays to discuss progress towards department goals and curriculum pathways. Each grade level will function as a Student Success Team that collaborates to develop individualized intervention plans for struggling students and/or high achieving students in need of a challenge. Administrators, counselors, teachers, parent and clinical services personnel will also be invited to participate in the Student Success Teams to ensure students are receiving the support they need to be successful.

Green Dot believes a critical piece to student success is a student’s ability to assess his/her own work against set standards. “Plan, Do, Study, and Act” are the steps used by staff when creating unit plans and daily lesson plans. This technique is founded on the notion that teachers must clearly define what they expect students to learn if students are to achieve at high levels. Students must have visible targets for work, be able to evaluate their own work, and set goals for their own effort. Ánimo Westside uses the College Reading Teaching Framework to facilitate success of student self-assessment.

**Methods to Ensure that All Statewide Standards are Met and Pupil Assessments Conducted**

The philosophy of Ánimo Westside, Green Dot schools, Green Dot board members, and community stakeholders is that we will work together to set specific and measurable goals to ensure that all Green Dot schools meet their obligations with regard to student performance and school operations in order to support ongoing learning and improvement. Goals and objectives to ensure that students meet statewide standards for academic performance will involve the following four-step process—Plan, Do, Study, Act.

- **PLAN: Setting measurable standards and goals:** Staff has identified what students should know (content standards) and what they should be able to do (performance standards) in all learning areas at critical points in their education. Steps in this process include: reviewing the school's mission, purpose, and expectations, reviewing state and district standards, developing exit outcomes and graduation standards, and listing specific academic outcomes that students will demonstrate in each subject area, grade, or skill level.

- **DO: Linking standards to curriculum and assessment:** Standards, curriculum, and assessment are aligned with each other, with state guidelines, and with the school's educational goals. Professional development includes training in the use of data-driven decision making, and educators review the alignment of assessment and curriculum with the state content standards at least twice a year.
• **STUDY: Measuring student performance and monitoring progress toward goals:** Progress is objectively measured by the annual statewide assessments for each grade. Classroom teachers may also measure achievement using the interim benchmark assessments and classroom performance assessments. Progress is communicated to parents on a regular basis. Progress reports are issued quarterly and parents have daily access to student grades on PowerSchool.

• **ACT: Using the data to identify strengths and areas of improvement:** Staff will set baseline expectations for incoming students (e.g., information from previous assessments), recommend additional support if needed, administer all assessments, including school, district, and state-required testing (e.g., state-required tests, proficiency tests), develop evaluative comparisons with similar populations using disaggregated data, set priorities for professional development, and assist with the allocation of resources.

In addition, Ánimo Westside has a performance dashboard developed by Green Dot in order to measure the performance of all stakeholders in the school. The scorecard includes teacher, parent and student surveys, which are part of the matrix shown below. Communication of these outcomes will include student self-reflection activities integrated into classroom instruction post-assessment. Teacher reflection and analysis of data in professional development will be integrated into the year-long professional development calendar. Communication to parents may be in large group settings such as parent workshops or open forums. Individual communication to parents will come in the form of progress reports, grade reports, parent conferences and school letters.

# Identification of Who will be Accountable for Student Progress

Green Dot’s governing board will hold the principal of Ánimo Westside ultimately accountable for the success of the school and student performance. By implementing the Green Dot school model, the Ánimo Westside staff will be data-driven, results-oriented and accountable for student progress in the classroom. The culture at Ánimo Westside will be based upon constant reflection and improvement.

As California begins implementation of the Every Student Succeeds Act (“ESSA”), Ánimo Westside will work with its staff to ensure that all students have full access to the curriculum and that each subgroup in the school is making meaningful progress towards meeting all of the standards. Ánimo Westside will implement all provisions of ESSA that are applicable to charter schools, including the use of effective methods and instructional strategies that are based on scientific research that strengthens the core academic program, meeting its Adequate Yearly Progress goals, publicly reporting the school’s academic progress and reaching and teaching students with a diversity of learning styles. Ánimo Westside may also implement extended learning for students falling behind who need extra help. Ánimo Westside will participate in all assessments required by the State of California. Furthermore, Ánimo Westside is a WASC accredited school through June 30, 2022.

Green Dot’s education team conducts program reviews annually with each school where academic and cultural outcomes are assessed and a strategic plan is put in place to ensure targets will be met. Green Dot uses student performance data as a cornerstone of its management of its schools and provides extensive development to school leadership and staff so that each school will consistently improve and surpass the goals outlined within its charter petition. The Green Dot program review includes an analysis of relevant data related to the Green Dot model. Specific cultural outcomes include an analysis of stakeholder data including teacher and counselor surveys, student surveys, and parent / family surveys. An analysis of staff stability, student discipline and safety data, attendance, and teacher effectiveness provide an overall assessment of both student and staff culture.

Grading, Progress Reporting and Promotion/Retention

Ánimo Westside is committed to providing a standards-based education for each of its students, and exhausting our resources to provide academic intervention to support achievement at or beyond proficiency for all students.

Grading

Green Dot requires that all of its teachers publish a grading policy for each course. Teachers publish course grading policies in each course’s syllabus and review the grading policy with the school site principal for approval. Ánimo Westside’s Principal will work with teachers and departments to align grading policies across the school site. Rubrics for individual assignments may vary by teacher, department or school site. Grading weights and/or percentages may be established by school-wide or by individual departments to reflect departmental priorities (e.g. Laboratory experiments, writing assignments, etc.). Each school and course generally adheres to the following standard grading policy:

1) Students are given letter grades for assignments
   - A = superior work, the student consistently excels in quality of work
   - B = above average work, the student maintains a good standard of work
   - C = average work, the students does expected work at a moderate level of achievement
   - D = below average level of achievement. While this is a passing grade, the student may have to remediate the course to advance to the next level of instruction.
   - F = student does not meet minimum requirements; no credit is given.
   - The grade of “I” (Incomplete) may only be given when extended illness or other unusual circumstances, or an eligible student’s participation in Charter School’s Extended Semester Program warrant giving the student additional time to fulfill the course work. These grades must be removed within eight weeks of the next semester, or they become an “F”.

2) Courses typically assign a percentage of a student’s total course grade to each of the following categories: homework, quizzes, mid-terms, finals, and class projects. A “typical” class will assign 15% of the total course grade to homework, 20% to quizzes, 20% to mid-terms, 30% to final exams, and 15% to class projects such as portfolios, presentations, or other authentic assessments.

Parent Communications

Parent-Student-Teacher Conferences

Green Dot Public Schools commits to good communication between home and school. When a student experiences academic difficulties, a parent conference (a meeting with parents/guardians and an administrator or team of teachers) is scheduled with the student to identify areas of difficulty and possible strategies for remediation. An action plan that aims to meet the needs of the students will be formulated at that meeting.

Progress Reports

Progress reports will be mailed home at the end of the first and third quarter. Progress reports are not final and indicate a student’s performance to-date in the semester.

Report Cards

Report cards will be issued at the conclusion of each semester. Report cards will be mailed home and include final grades that will be reflected on a student’s transcript.

Promotion/Retention

To be considered for promotion to the next grade level, each middle school student (grades 6 - 8) must obtain sufficient academic credit in required courses during that school year. Middle school students are
required to receive academic instruction and participate in the subject areas of English, Reading, Mathematics, Science, History and Writing. The school considers multiple measures such as attendance, course grades, academic data, and age/maturity.

Any student who misses in excess of 15 days in a semester in a class period may not earn credit in that course. Students who fail more than two courses per school year may not be promoted to the next grade level (i.e., that student may be retained in the same grade level for the following school year). Students who fail one or two courses in a school year may be required to pass summer school to be promoted to the next grade level.

Green Dot administration reserves the right to review special circumstances and allow consideration to be given.
Element 4: Governance

“The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.” (Ed. Code § 47605(b)(5)(D).)

Green Dot California Board Membership

The Green Dot California Board frequently discusses additions to its membership based on the need to add expertise and/or balance representation of the communities served by Ánimo Westside and other Green Dot California schools. The California Board is a self-perpetuating board. California Board members are elected or re-elected at an annual, regular or special meeting of the California Board. Once a person is nominated for election to the California Board, the California Board undergoes a thorough review process including reviewing the nominee’s professional background, community involvement, and commitment to Green Dot’s mission. The California Board then votes to elect the nominee. Unless a California Board member dies, resigns or is removed from office by action of the California Board, each California Board member generally holds office for a term expiring on the second 31st of December occurring after the date the California Board member takes office and, if the California Board member’s office otherwise would become vacant, thereafter until the California Board member’s successor is elected. The California Board may provide that the initial term of a California Board member expires on the first 31st of December occurring after the date the California Board member takes office to provide for staggered expiration of the terms of California Board members. After an initial term, California Board members generally are up for re-election every two years. The National Board is not involved in the vetting, designation, appointment, or selection of California Board members. The National Board can, by majority vote of the quorum needed to transact business, elect to remove a California Board member if it deems that the California Board member fails to uphold the values of the Green Dot organization as outlined in the intellectual property license agreement. The California Board, by a majority vote of the California Board members then in office, may remove a California Board member with the written consent of the National Board. In addition, the California Board, by resolution, may declare vacant the office of a California Board member who has been declared of unsound mind by an
order of court, or who has been convicted of a felony, or who has been found by final order or judgment of any court to have breached a duty under Part 2, Chapter 2, Article 3 of the California Nonprofit Corporation Law.

The California Board may execute any powers delegated to it by law, and shall discharge any duty imposed upon it by law, and may delegate to the California President and Chief Executive Officer and/or the Chief Academic Officer, any of those duties, as permitted by law and the Board’s Bylaws. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated. The charter school shall maintain an accurate accounting of the ethnic and racial balance of students enrolled in the school. Ánimo Westside will use the PowerSchool software program to track demographic information on each individual student.

It is our goal to improve the educational opportunities for economically disadvantaged students. Ánimo Westside aims to serve the most impacted populations in the neighborhood and plans to do as well as or better than nearby community schools in conducting outreach for potential students, attracting a diverse student population, and serving the highest needs students within the surrounding areas. Every effort will be made to reach out to all eighth graders in our attendance areas during recruitment as well as all segments of the community that are reflective of Los Angeles Unified School District. Our outreach will include flyers sent out to families of students who would typically attend Marina Del Rey Middle School, George W. Crozier Middle School, or Audubon Middle School to ensure that all students in the area have an opportunity to attend a Green Dot school. Community members will be notified through community meetings, mailings, personal phone calls and possibly newspaper advertisements. We expect to hold at least three informational meetings during the winter and spring annually.

Ánimo Westside will provide to LAUSD all requested information using District forms, including the ethnic survey. The Charter School will provide LAUSD with data for the District’s integrated student information system (MiSiS) for all enrolled students to assist with compliance monitoring. After the Charter School submits the ethnic survey information during the first year of operation, Budget Services, Financial Planning Division and Office of Student Integration Services will use the information listed below for compliance purposes:

- Norm Day Classification
- Total School Enrollment
- Number of Students by Grade Levels
- Number of Students by Ethnicities and Grade levels
- List of Register-Carrying Teachers in Classrooms
- List of all highly qualified Certificated Personnel in core subjects if defined in Every Students Succeeds Act and State policy and regulation
- List of Emergency Credentialed Teachers in non-core subjects
- Unfilled Classroom Teacher Positions
- Fiscal Year-End Financial Report
- Number of Students Living Outside the LAUSD Attendance Area

Ánimo Westside will monitor the implementation and outcomes of its plan and make adjustments as needed. Ánimo Westside will provide a copy of the recruitment plan to LAUSD upon request.
Element 8: Admissions Requirements

“Admission requirements, if applicable.” (Ed. Code § 47605(b)(5)(H).)

**DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES**

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

**HOMELESS AND FOSTER YOUTH**

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that Charter School is open to enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment.

Charter School shall comply with all applicable federal and state laws regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time. Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the applicable provisions of AB 379.

**NON-DISCRIMINATION**

Charter School shall not require a parent/legal guardian/student to provide information regarding a student’s disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student’s IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

In accordance with AB 699 enacted on October 4, 2017, the school’s non-discrimination provision shall include immigration status.

Charter School shall not require a parent/legal guardian/student to provide information regarding a student’s disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, immigration status, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.
enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Admissions Requirements
Ánimo Westside will admit all pupils who wish to attend the school as per Education Code section 47605(d)(2)(A). If the number of pupils who wish to attend our school exceeds capacity, enrollment shall be determined by a random public drawing as described below.

Student Recruitment
Ánimo Westside is committed to serving all students, including low-income, economically disadvantaged students and educationally disadvantaged students. As with other Green Dot Public Schools California schools, Ánimo Westside tailors its student recruiting efforts and student enrollment processes to attract all students from the communities in which it serves. All of the methods outlined in Element 7, Means to Achieve Racial and Ethnic Balance, are reflective of this mission. Specific activities that will be employed by Ánimo Westside include:
- The use of English and Spanish marketing collateral and materials;
- Extensive grassroots marketing; and
- Simple, easy-to-use and easy-to-understand forms and brochures.

Lottery Preferences and Procedures
Charter School will implement the following admissions process, including an open enrollment period, lottery if necessary and official enrollment process. Existing students will be exempt from the public random drawing (lottery).

Per Education Code section 47605(d)(2)(B), preference shall be given to:
1. Students with siblings currently enrolled at Ánimo Westside who reside within LAUSD boundaries
2. Children of Green Dot California and Green Dot National regular employees who reside within LAUSD boundaries (not to exceed 10% of total enrollment)
3. All other students who reside within LAUSD boundaries
4. Students with siblings currently enrolled at Ánimo Westside who do not reside within LAUSD boundaries
5. Children of Green Dot California and Green Dot National regular employees who do not reside within LAUSD boundaries (not to exceed 10% of total enrollment)
6. All other students who do not reside within LAUSD boundaries

Enrollment Period
Each party interested in enrolling at Ánimo Westside will be asked to complete a lottery form requesting contact information during the interest period (open enrollment period), which begins the second Monday of October and ends no later than the first week of December. A copy of all lottery forms will be maintained. Lottery forms request minimal student information and parent contact information and are made available both in paper form and online. The dates of the open enrollment period will be made public on Green Dot’s website prior to the opening of the open enrollment period. If the number of completed lottery forms exceeds the capacity, a random, public drawing (lottery) will determine enrollment. The lottery will be held each year no earlier than the first Monday of December and no later than the third Friday of December. The date and time of the lottery will be made public on Green Dot’s website prior to the opening of the open enrollment period. The process and procedures, as well as timeline, will also be made available to all interested parties in hard copy at the school’s main office.

22 Applicants who are siblings and apply to the same Green Dot school together are given sibling admissions preference as soon as one sibling is accepted into the school during the lottery.
Additionally, this information will be distributed, as appropriate, during the recruitment efforts described above. The lottery will be held at the school or a large community center, church, auditorium, or any public venue capable of seating all applicants comfortably. The lottery will take place on a weekday evening or weekend morning to help ensure all interested parties can attend. No test or assessment shall be administered to applicants prior to acceptance and enrollment into the school.

**Lottery Procedures**

At the lottery, a presentation will be made in English and/or Spanish to all interested parties about the lottery process and rules. Parents and families do not have to be present to gain admission. The lottery will be conducted using an automated online system to ensure that the process is fair and equitable for all applicants. Lottery forms submitted prior to the lottery form deadline are verified for the preferences outlined above. Applicants will receive preference in the automated system, depending on the preferences the applicant qualified for in the verification process. Qualifying lottery forms will receive preference in the automated lottery system, per the preferences outlined above.

Representatives from the school, typically the Principal and School Operations Manager, will host and present the lottery to parents and families, while a representative from Green Dot’s Home Office will be charged with conducting the computer-automated portion of the lottery process. Parents and families will see a database that contains the names from each lottery form submitted to the Charter School for the upcoming school year. The Green Dot Home Office representative will sort applicants into separate tiers to give priority to the preferences in the charter petition. Applicants in tier 1 will be selected first, tier 2 second and so on until all applicants have received a lottery number. After the computer randomization is complete, the acceptance and waitlist results will be projected on the screen in the front of the room. Applicants will be admitted to the school in the order they are drawn, up to the grade-level capacity. The school reserves the right to select more than the applicable capacity for admission to ensure the school’s overall enrollment is stable as long as the overall enrollment would not exceed the authorized enrollment capacity. Principals will work with the Home Office to discuss the conditions of the increase, such as historical attrition rates, enrollment capacity, master scheduling, facility capacity, etc. Should the Principal elect to enroll more students than the capacity, an announcement will be made at the lottery and additional students will be enrolled based on the lottery and the methods described. If the capacity, or adjusted capacity mentioned in the preceding sentence, for the upcoming school year is already exceeded, the school will run a waitlist lottery to determine the order of the waitlist. The school will maintain records documenting the fair execution of the lottery including the names placed into the lottery, the name of the automated online system used to conduct the lottery, the names of admitted students, and the names and order of those placed on the waiting list. The information will be maintained according to state and county document retention requirements as applicable. Annual training of lottery procedures and use of the online database is provided for appropriate school staff, including the School Operations Manager, to ensure the fair execution of lottery and waitlist procedures.

**Post Lottery Procedures**

All families who submitted a lottery form, including both those who did and did not attend the lottery event, will be notified in writing about the results of the lottery by the appropriate school staff within one week of the lottery via a notification letter sent to the address indicated on the form. The letter will indicate whether the child was accepted or waitlisted, and, if waitlisted, the number on the waitlist for the applicant. For students identified on the acceptance list, the letter will include steps the parents/guardians of the applicants must take to enroll the applicant in the school, such as attendance to the school’s enrollment event. Schools will host at least one enrollment event for families and make three separate phone calls on three different days to confirm enrollment to families unable to attend the enrollment event.
Waitlist Management Procedures
If a lottery is required, a numbered waiting list will be created at the time of the lottery and will be ordered randomly by the automated lottery system, per the preference tiers outlined above. After the lottery, the waiting list is never re-ordered. Lottery forms submitted after the close of the enrollment period, or after capacity is reached (if no lottery is required), will be added to the waitlist; ordered on a first-come, first served basis. Should a vacancy occur, admission will be offered to the next applicant at the top of the waiting list. Students admitted off the waiting list will be notified via telephone. If the school is unable to contact the family via telephone, the family will be notified in writing via a letter sent to the address indicated on the lottery form. Families contacted from the waitlist will have 10 calendar days to accept the seat at the school. The timeline will be reasonable and take into account the needs of the school community. Typically, three separate phone calls on three different days are made, with accompanying documentation in the online database. If parents/guardians of applicants do not respond within ten calendar days, the applicant will be removed from the waitlist, and the next applicant’s parents/guardians will be contacted.

The waiting list expires annually on the last day of the school year.
Element 9: Annual Financial Audits

“The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” (Ed. Code § 47605(b)(5)(I).

Charter School shall provide for an annual audit that shall be conducted in compliance with applicable state and federal laws, including but not limited to the requirements of Education Code sections 47605(b)(5)(I) and 41020 as they may be amended from time to time. Charter School shall ensure compliance with the requirements of section 41020(f)(2), which makes it unlawful, absent an Education Audits Appeal Panel waiver, for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous years.

- a. Provisional Budget – Spring prior to operating fiscal year
- b. Final Budget – July of the budget fiscal year
- c. First Interim Projections – November of operating fiscal year
- d. Second Interim Projections – February of operating fiscal year

In addition:

Green Dot's Audit Committee, which is made of Green Dot Board members, shall annually oversee the selection of a reputable independent auditor and the completion of an annual audit of Ánimo Westside’s financial books and records, including attendance. The auditor shall be on the State Controller’s list of educational auditors and shall be hired by the Green Dot California Board of Directors. This audit will be conducted in accordance with the applicable Generally Accepted Accounting Principles, and will verify the accuracy of Green Dot’s and Ánimo Westside’s financial statements (including their Statement of Financial Position, Statement of Activities and Statement of Cash Flows), attendance and enrollment accounting practices, and review internal controls. To the extent required by law, the scope of this audit will be expanded to include any relevant items or processes identified by the Office Management and Budget such as Circular A-133. The Green Dot Finance and Accounting department works with the auditors to ensure all materials are provided, and processes, controls and policies are followed in accordance with regulations and requirements, as part of the services covered by the Service Fee. The schools are not responsible for managing the Audit or its dissemination.

Green Dot currently uses Vavrinek, Trine, Day and Company, LLP as its independent auditor. It is a firm of Certified Public Accountants licensed in the State of California.

It is required that annual audits will be completed within five and one-half months of the close of each fiscal year. Thereafter, a copy of the auditor's findings will be forwarded to Los Angeles Unified School
District. All financial statements will be submitted to LAUSD by December 15th following the close of the fiscal year. The Audit Committee will review any audit exceptions or deficiencies and report recommendations to Green Dot’s full Board as to how these have been, or will be, resolved.

If the Charter School were to have a finding, material weakness or audit exceptions, it would be addressed and corrected immediately. Audit exceptions would be addressed in collaboration with the Green Dot Finance and Accounting department and the Audit Committee as soon as they were discovered. They would be addressed with the Board of Directors at the December Board meeting where the Audit is reviewed. If a global change in process were required, it would be brought up to the Audit Committee of the Board and if material the Board of Directors for approval. In addition, the principal of Ánimo Westside will act upon these recommendations, and report its actions to Los Angeles Unified School District. (47605 (b)(5)(I)).

Consistent with EC Section 41020(h), not later than December 15, a report of each local educational agency audit for the preceding fiscal year shall be filed with the county superintendent of schools of the county in which the local educational agency is located, the department, and the Controller. The Superintendent shall make any adjustments necessary in future apportionments of all state funds, to correct any audit exceptions revealed by those audit reports. In addition, per AB 1994, Ánimo Westside will provide an annual financial report to LAUSD in a format developed by the Superintendent of Public Instruction. Ánimo Westside will submit its annual audit to the State Controller, COE, CDE and LAUSD. Green Dot’s Controller and Auditor are responsible for ensuring that the completed audit is sent to all required agencies by the statutory deadline.

Administrative/business operations are performed by Green Dot. Green Dot provides the following services, plans and systems to its schools and will provide similar services to Ánimo Westside:

1) Budget preparation  
2) Application for revolving loan  
3) Set-up of fiscal control policies and procedures  
4) Set-up and assistance for administration of human resources – including payroll  
5) Interface when necessary with district, county, and state in matters relating to fiscal affairs, reporting, audits, accountability

Additional services provided by Green Dot were detailed earlier in the charter.
Element 10: Suspension and Expulsion Procedures

“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)

**GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

**STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

**NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:
• Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
• Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
  • Copy of parental notice of expulsion hearing
  • Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
  • If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
  • If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
    A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
    B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

**OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

**REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

**READMISSION**

Charter School’s governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School’s governing board shall readmit the pupil, unless Charter School’s governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil’s parent/guardian within a reasonable time.
**REINSTATEMENT**

Charter School’s governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

**GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

**Discipline Foundation Policy**

Students shall not be suspended or expelled for academic failure. Students shall only be suspended or expelled for actions as defined by Element 10 of this charter petition.

Green Dot has a progressive student discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Student Policy Manual, which is prepared to be consistent with applicable law, this charter petition and any policies and procedures as stated herein. The discipline policy of Ánimo Westside will be reviewed with students and parents, by the Principal or designee, upon admission to Ánimo Westside and the signing of the Student Policy Manual. Parents and students who fail to sign the Student Policy Manual do not relieve any obligation to adhere to Green Dot’s student discipline plan, but by signing the Student Policy Manual, students and parents confirm receipt and acknowledge their understanding of and their responsibility to the standards set forth in the student discipline policy. The plan includes day-to-day discipline including, but not limited to, warnings, school detentions, parent-teacher communication, student conduct agreements, counseling referrals, written assignment or reflections, in-school suspensions, Saturday schools, campus community service, disciplinary probation, and guidelines for suspension and expulsion. Understanding the impact of a loss of instructional time, students are provided assignments for completion during an out-of-school suspension and are afforded the opportunity to complete work upon return should it not be available at the time of the suspension.

Ánimo Westside’s student discipline policy defines student responsibilities, unacceptable behavior, and the consequences for noncompliance. The discipline policy promotes learning and protects the safety and well-being of all students, staff, and visitors at the school and serves the best interests of the school’s pupils and their parents/guardians. Green Dot and Ánimo Westside administrators have reviewed the suspension and expulsion portion of the California Education Code prior to preparing the procedures and the list of enumerated offenses for which a pupil may/must be suspended or expelled. These procedures are prepared to provide due process to all students. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students.

The school’s discipline plan follows the District’s Discipline Foundation Policy. The school implements school-wide behavior supports and alternatives to out-of-school suspension. The school follows the STOIC classroom management model from Safe and Civil schools as foundation for addressing student behavior which includes providing students with Structures for Success, Teaching Expectations, Observing and Monitoring student behavior, Interacting Positively and Correcting Fluently. This comprehensive model focuses on providing students with clear expectations, actively supervising student behavior and correcting misbehavior promptly and with positive interactions. Examples include: merit card program, teacher and student mediation, in-school suspension, parent-student shadow days, written student reflections and campus community service. Merit cards are a part of positive behavior support system that acknowledges

23 More information about the STOIC classroom management model is available here:
http://www.safeandcivilschools.com/
students’ positive contribution to the school community both inside and outside of the classroom. The merit card program may include recognition events and/or celebrations of students who reach a threshold amount of merits.

The MTSS model outlines academic, behavioral and social-emotional supports for all students at different tiers. All students receive behavioral supports at the Tier 1 level through a school-wide Positive Behavior Support System representing universal practices. At the Tier 2 level, more intensive support may be provided with mentoring programs, behavior support groups, and other interventions both in the classroom or outside the classroom for students not responding to Tier 1 supports. If a student continues to struggle, the MTSS team will determine if there are specific individual interventions (Tier 3) necessary to address the student’s needs or if a referral to the Student Success Team is required. A Student Success Team referral may take place based on the need for individualize behavioral interventions, but would also include a comprehensive review of the student’s needs academically as, well as social-emotionally. If, through the process, the Student Success Team suspects a disability, an assessment plan would be created in order to complete a comprehensive psychoeducational evaluation. For students with an IEP who are having behavioral challenges and who are in need of additional behavioral supports and interventions which are not currently in the IEP, the school would convene an IEP team meeting in order to add or revise a behavior support plan or consider other behavioral supports or whether or not a functional behavior assessment is warranted. The IEP team may also consider a re-evaluation of the student in order to determine a possible change in eligibility or to gather additional information to plan other changes to the student’s plan.

Any campus community service issued pursuant to this Discipline Foundation Policy may take place before, after or during the school day. Any campus community service issued during the school day shall not prohibit a student’s time for lunch or remove him or her from instructional time.

Language translation and other necessary accommodations will be provided for students and parents as needed during any discipline conference, including the Discipline Review Board and Discipline Review Panel.

**Progression of Disciplinary Procedures**

A restorative approach will be applied whenever possible to build connection with the school community. Restorative practices may include, but are not limited to, community circles, mediation, restorative dialogue and conferences. School Behavior data is monitored through PowerSchool, Green Dot’s student information system. PowerSchool provides teachers and administrators the ability to log positive behavior, interventions, and consequences as needed. Additionally, Green Dot’s internal Tableau system includes customized reports that school sites use to monitor progress over time.

**Teacher Detention**

Teachers are responsible for the day-to-day discipline in their classrooms with the understanding that teachers have many different roles beyond just disciplinarian. Teachers work with their students to meet their individual needs and teachers and students work together to find a common ground in the classroom, to ensure that learning can take place. Teachers are provided professional development on classroom management during summer professional development, and on-going throughout the school year during weekly Professional development. Professional development will include data analysis, review of school policies, alignment of grade level teams on student expectations and de-escalation strategies. Disciplinary options available to the teachers as a Teacher Detention include: warnings, teacher detentions, parent-teacher communication, student conduct agreements, counseling referrals, written assignment or reflections, and discipline referral to the Principal. Teacher detentions may take place during a student’s lunch period, but would not prohibit a student time for eating lunch.
As a general rule, any teacher may assign a Teacher Detention to a student for minor classroom misconduct (e.g., chewing gum, passing notes, making inappropriate noises, minor inappropriate conflicts with others, cheating). Minor inappropriate conflicts with others may be determined at the teacher’s discretion and include engaging in a verbal argument, inappropriate or disruptive banter or distracting others from the learning environment after multiple redirections of the behavior. Parents will be notified of a teacher detention directly from the teacher assigning the consequence or through the school-wide notification system. When a student has not responded to appropriate in-class interventions or there is a serious violation of the rules, he/she will be referred to the Principal. A serious violation includes any violation listed under the “Grounds for Suspension of Expulsion” section included below.

**Administrative Detention**
Administrative Detentions are typically held after school. During the detention period, students are to sit quietly. No activity such as listening to music or sleeping is permitted. The detention will consist of an activity (e.g., writing an assignment, sitting quietly in a classroom, assisting with cleaning the campus) that appropriately corresponds to the student’s misconduct that led to the detention. Students may also complete classroom assignments and homework or complete a reflection on their misconduct. School events, activities, or athletics are not valid reasons for missing an Administrative Detention.

Once a student is issued an Administrative Detention, the student’s parent/guardian is notified by telephone by the Principal or designee. Administrative Detentions are held multiple days per week to allow students to serve their detention on a day that is convenient for the family. Green Dot will use a progressive discipline system as defined in Ánimo Westside’s Student Policy Manual to intervene in student behavior.

**Grounds for Suspension and Expulsion**

**Suspension**
Suspension is intended to maintain established policies and standards of behavior to promote learning and protect the safety and well-being of all students.

An in-school suspension shall be preceded by a conference conducted by the Principal or designee with the student and his/her parent and, whenever practical, the teacher, supervisor, or school employee who referred the student to the Principal or designee.

If a student is issued an in-school suspension without this conference, both the parent/guardian and student shall be notified by the Principal or designee of the student’s right to return to school for the purpose of a conference. Parents are notified via phone, written in-school suspension notice and in person if possible.

A student serving an in-school suspension reports to school at the regular time in compliance with the Ánimo Westside’s school uniform requirements. Additional information about Ánimo Westside’s school uniform requirements can be found in the Student Policy Manual. Each teacher will give the student written assignments that he/she must complete under the direct supervision of the Principal or designee. Teachers may conference with the student during their planning period to provide direct instructional support as needed. In addition to instructional support, students will be provided with counseling services as deemed appropriate. Social-emotional learning curriculum may be used to allow for individual reflection and to prepare the student to reintegrate into the school community. The student will not attend any classes or school-scheduled breaks (e.g., nutrition/recess, lunch). The student will eat lunch in the assigned room. The assigned room may be a classroom, counseling center or other office space, as deemed appropriate by the school, and will be supervised at all times by an appropriately credentialed Ánimo Westside staff member.
Whether suspension occurs in or out of school, the maximum number of consecutive days a student may be suspended is five (5) days, unless the suspension is extended pending an expulsion hearing with Green Dot’s Discipline Review Panel (“DRP”). Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended pending an expulsion hearing. The will Discipline Review Panel (“DRP”) consist of at least the following members and no more than five staff members:

- Area Superintendent, Vice President of Schools, or Chief Academic Officer
- Two administrators from a campus not bringing forth the case
- Two teachers/counselors from a campus not bringing forth the case

For students on suspension pending an expulsion hearing, the Charter School entered a Memorandum of Understanding (“MOU”) with the District. This MOU dictates that the District will provide instructional services for students on suspension pending an expulsion hearing. If the Charter School exits the MOU, the School will work directly with parents/guardians to facilitate the pick-up and delivery of academic work for each course through the Charter School’s main office. Work may be picked up and delivered on a daily basis, but this should occur at least once per week. Home schooling or the facilitation of an instructor to the student’s home for a designated amount of time per week will be utilized for students on an as-needed basis. School administration will arrange for students to take exams, both teacher-administered and state tests, in Ánimo Westside’s main office under appropriate supervision as needed.

**Suspension Procedures**

Suspensions shall be initiated by the Principal or designee according to the following procedures:

1. **Conference**
   Suspension shall be preceded by a conference conducted by the Principal or designee with the student and his/her parent and, whenever practical, the teacher, supervisor, or school employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified by the Principal or designee of the student’s right to return to school for the purpose of a conference. Parents are notified via phone, written suspension notice and in person if possible.

   At the conference, subject to any omitted conference due to an emergency situation described in the preceding paragraph, the pupil shall be informed of the reason for the disciplinary action and the evidence against him/her. The student shall be given the opportunity to present his/her version and evidence in his/her defense. This conference shall be held within two school days of the date that the Charter School received knowledge of the suspendable offense, unless the pupil’s parent or legal guardian waives this right, expressly is unwilling to attend, or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil’s parent or guardian to attend a conference with the Principal or designee. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. **Notice to Parents/Guardians**
   At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the

parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will state the date and time when the student may return to school. The notice will also include rights and procedures for suspension appeal. If the Principal or designee wishes to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice shall request that the parent/guardian respond to the Principal or designee the next school day. There shall be no penalty to the student should the parent fail to respond to this request.

*A decision to expel a pupil for any of the above acts shall be based on a finding of one or both of the following: (1) other means of correction are not feasible or have repeatedly failed to bring about proper conduct, and (2) due to the nature of the act, the student’s presence causes a continuing danger to the physical safety of the pupil or others.*

**Student Discipline Review Board**

Each school year, the Charter School will create a standing committee of at least five members for its Discipline Review Board (“DRB”), which is an advisory committee to the Principal or designee (Assistant Principal or Dean of Students) on student discipline-related issues. The DRB convenes when a student commits a serious violation of the discipline code (Categories I and II as identified in matrix above) or has broken the terms of his/her particular individualized student conduct agreement. The DRB is comprised of at least 3 teachers, and may also include a classified employee, counselor, or dean. The DRB will not include more than 7 staff members. The Principal or designee is the facilitator of the DRB and convenes a DRB conference when needed. All other members of the DRB participate in this DRB conference by reviewing evidence, asking pertinent questions of the Principal, students and/or family member, discussing interventions, and make a recommendation for next steps. It is the responsibility of the Principal or designee to have available all pertinent materials for each gathering.

The Principal or designee should schedule the DRB conference when the suspension paperwork is issued for a serious violation of the discipline code (Categories I and II as identified in the matrix above) or when the student has broken the terms of his/her particular individualized student conduct agreement. While it is important that all evidence is collected in advance of the DRB conference, it must occur before the student returns to school at the end of the suspension period. The DRB may recommend to the Principal or designee disciplinary action, terms of probation, and expulsion. The Principal or designee considers the DRB’s recommendation and makes the final disciplinary decision or expulsion recommendation. While five (5) school days is the maximum initial suspension allowed; following the DRB conference, suspension may be extended pending the results of the DRP hearing, as the student does

not return to campus while they are pending the expulsion hearing, which will be held within 30 school days.

**Involuntary Removal – General Provisions**
No student shall be involuntarily removed (i.e., disenrolled, dismissed, transferred, or terminated) by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil’s parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil’s educational rights holder, and shall inform him or her of the right to initiate the DRP hearing procedures specified in this Element 10 before the effective date of the action. If the student’s parent, guardian, or educational rights holder initiates the specified DRP hearing procedures, the student shall remain enrolled and shall not be removed until the DRP issues a final decision.

For suspensions of ten consecutive days or more, the Charter School shall provide:
- i. timely, written notice of the charges against the student and an explanation of the student’s basic rights; and
- ii. a hearing adjudicated by a neutral officer within a reasonable number of days at which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate.

**Expulsion – Dismissal from School**
A student may be expelled from Ánimo Westside for any of the violations listed above in the section titled: “Matrix for Suspension/Expulsion Recommendation,” upon recommendation from the Principal pursuant to the DRB conference and after a DRP hearing.

Upon an expulsion recommendation by the Principal or designee, the pupil and the pupil’s guardian or representative will be invited to a conference with the Principal or designee to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Principal or designee upon either of the following: 1) the pupil’s presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing. Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended pending an expulsion hearing.

It is a federal mandate (Federal Gun Free Schools Act of 1994) that a school expel, for a period of not less than one year (except on a case-by-case basis if modified by Green Dot’s Chief Academic Officer and such modification is in writing), any student who is determined to have brought a firearm to school. The following violations shall result in an immediate suspension and a recommendation for expulsion:
- Brandishing a knife at another person;
- Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal;
- Unlawfully selling a controlled substance;
- Committing or attempting to commit a sexual assault or committing a sexual battery (as defined in 48900[n]); and
- Possession of an explosive.
A student may not be suspended or expelled for any misconduct unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the Principal or occurring within any other school district. That act may occur at any time, including, but not limited to 1) while on school grounds, 2) while going to or coming from school, 3) during the lunch period whether on or off the campus, or 4) during or while going to or coming from a school-sponsored activity.

**Authority to Expel**
A student may be expelled by the Discipline Review Panel (“DRP”) following a hearing before it. The DRP will consist of at least the following members and no more than five staff members:
- Area Superintendent, Vice President of Schools, or Chief Academic Officer
- Two administrators from a campus not bringing forth the case
- Two teachers/counselors from a campus not bringing forth the case

At the beginning of the academic school year, a schedule is composed for all administrators to be “on call” for a particular month should their presence be needed at a DRP hearing.

**Expulsion Procedures**
Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled within the thirty (30) school days after the Principal or designee determines that the student will be recommended for expulsion. A hearing will be held even if a student does not request a hearing for purposes of creating a record that the expulsion was done in accordance with Green Dot procedures.

The DRP hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing at least three (3) days prior to the hearing.

Written notice will be mailed by the Principal or designee within at least seven calendar days before the DRP hearing and will include student identification information, a description of the alleged misconduct, the applicable expulsion provision as listed in the above Matrix for Suspension/Expulsion Recommendations, student rights for due process, a description of the expulsion proceedings, the right to representation by counsel or advocate, the right to question all witnesses who testify at the hearing, the right for the hearing to be held in public session, the right to inspect and obtain all copies of documentation, the right to present evidence on the pupil’s behalf, the date and time of the hearing, the right to receive language translation, the right to request a reasonable accommodation, and the right to request a postponement. Upon mailing the written notice, the Principal or designee’s responsibility, it shall be deemed served upon the pupil.

A record of the hearing shall be made and will be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Within ten (10) school days after this hearing, the DRP facilitator (an Area Superintendent, Vice President of Schools, or Chief Academic Officer) will provide the pupil/parent/guardian/authorized representative with the Findings of Fact, which will include a description of the outcome of the hearing. If the DRP recommends against expulsion, the pupil will be immediately reinstated and permitted to return to an instructional program. If the DRP confirms the Principal’s or designee’s recommendation for expulsion, the Findings of Fact will include an expulsion order, a rehabilitation plan, and any other

recommendations the DRP determines to be appropriate. The rehabilitation plan typically requires a student to maintain satisfactory attendance, enrollment in a school setting, make academic progress, and not return to the school campus from which they were expelled. Depending on the expellable offense, counseling may be recommended. A sample Findings of Fact template is available upon request. If a student is expelled, Green Dot's Education Team will assist parents in finding a new placement for an expelled student by advising parent to call the local district Student Discipline Office if they want their child to attend a local district school or to work with the Los Angeles County Office of Education for an alternative school placement.

Pupils who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by Discipline Review Panel at the time of the expulsion order. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission. Upon request from a pupil’s parent or guardian, or a pupil who holds his or her own educational rights, the decision to readmit a pupil shall be made by the Discipline Review Panel. The DRP will determine whether the pupil has successfully completed the rehabilitation plan. The pupil’s readmission is also contingent upon the capacity of the Charter School at the time of the pupil seeks readmission.

In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault or to have committed a sexual battery, a complaining witness shall be given five days’ notice before being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during his or her testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. These requirements shall not preclude the person presiding over an expulsion hearing (i.e. Area Superintendent, Vice President of Schools, or Chief Academic Officer) from removing a support person whom the presiding person finds is disrupting the hearing. Further, in a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault or to have committed a sexual battery, evidence of specific instances of a complaining witness’ prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence to be heard. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

**Appeal Rights**

Students/parents/guardians have the right to appeal suspensions and expulsions. In order to appeal a suspension or expulsion, the student/parent/guardian must submit a written appeal to the Chief Academic Officer outlining the reason for the appeal, attaching any supporting documentation, within 30 calendar days from the date of the suspension or, in the event of an expulsion, within 30 calendar days from the date of the DRP’s issuance of its Findings of Facts.

If requested, a suspension/expulsion appeal meeting will be held with the Chief Academic Officer and the student/parent/guardian. The Chief Academic Officer will review the supporting documentation attached to the written appeal, and hear the basis for the appeal from the student/parent/guardian/authorized representative. A decision will be made on the appeal based on a review of all evidence and the Finding of Facts within 10 calendar days from the date of the expulsion appeal meeting unless an extension is mutually agreed upon between the student/parent/guardian/authorized representative and the Chief Academic Officer. If denied, the student/parent/guardian/authorized representative may appeal this decision to the Green Dot Board of Directors within 10 calendar days of the denied appeal. An appeal hearing will be scheduled to be heard by the Board within 30 calendar days of receipt of the appeal to the Board.
If the expulsion appeal goes to the Board, the Green Dot Discipline Appeal Committee (“DAC”) will hold a closed session meeting to hear the appeal. The DAC is a Board Committee whose membership consists entirely of Board members. The DAC’s duly authorized jurisdiction includes student expulsion hearings. The DAC will review all relevant materials including, but not exclusive to:

- All documents submitted during the DRP hearing by the student and the school,
- The Findings of Fact and Expulsion Order,
- Appeal letter(s) to the Chief Academic Officer and Response, and
- Letter from parent requesting an appeal to the Board.

The scope of the Board’s review shall be limited to:

1. Whether the DRP acted without or in excess of its jurisdiction;
2. Whether there was a fair hearing;
3. Whether there was a prejudicial abuse of discretion in the hearing; and
4. Whether there is relevant and material evidence, which, in the exercise of reasonable diligence, could not have been produced or was improperly excluded at the hearing.

**Post-Board Appeal Process**

The DAC will issue a decision within 10 calendar days from the date of the expulsion appeal DAC meeting unless an extension is mutually agreed upon between the student/parent/guardian/authorized representative and the DAC. If the DAC upholds the appeal such that the expulsion is overturned, the pupil will be immediately reinstated and permitted to return to an instructional program. If the DAC confirms the recommendation for expulsion, the decision will include the DRP’s and/or Chief Academic Officer’s expulsion order, a rehabilitation plan, and any other recommendations the DAC determines to be appropriate. With any decision upholding an expulsion, the DAC shall provide, students/parents/guardians/authorized representatives with support from Green Dot to find alternative placement. Green Dot provides parents/guardians with LACOE contact information for support to find an alternative placement, and Green Dot acts a liaison to the LAUSD Suspension and Expulsion Unit as needed.
Element 11: Employee Retirement Systems

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(b)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Subject to prevailing applicable law, Ánimo Westside teachers, administrators, counselors, special education program administrators, school psychologists, and clinical supervisors shall be a part of the State Teachers’ Retirement System (STRS) throughout the duration of the charter school’s existence under the same CDS code. Subject to prevailing applicable law, other employees (e.g., school operations managers, office assistants) shall be covered by the Public Employees’ Retirement System (PERS) and Social Security as appropriate throughout the duration of the charter school’s existence under the same CDS code.

Green Dot shall submit retirement contributions to LACOE in a timely manner. Green Dot ensures the accuracy of the STRS/PERS reporting to LACOE based on their long history of working with LACOE. Green Dot Human Resource staff ensure that staff are properly enrolled in STRS/PERS and Green Dot payroll staff ensure the creditable/reportable compensation is properly reported to CalSTRS and CalPERS. Green Dot accounting staff ensure that employer and employee contributions are remitted to STRS/PERS.
Element 12: Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(b)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. If LAUSD is the pupil’s school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

Ánimo Westside is a school of choice; no student is required to attend.

Ánimo Westside will support families interested in learning about their enrollment options by guiding to them to nearby schools using resources such as LAUSD’s Resident School Finder and connecting them to the Local District Operations for placement.

Element 13: Rights of District Employees

“A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(b)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.
Element 14: Mandatory Dispute Resolution

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(b)(5)(N).)

General Provisions
Any claim, controversy or dispute between the District and Charter School arising out of or relating to this Charter, except for any claim, controversy or dispute related to the authorization (non-renewal, revision and/or revocation) of this Charter, (“Dispute”) shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys’ fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party’s attorneys’ fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys’ fees, costs and/or expenses, or mediator’s or arbitrator’s fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

**Disposition of Liabilities and Assets**

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School’s governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

Charter School’s governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School’s authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

In the event that the school closes, the Chief Executive Officer and President will serve as the school’s closure agent.

Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a “school of the district” for special education services, Charter School shall execute a Memorandum of Understanding (“MOU”) by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area (“SELPA”) Local Plan for Special Education and shall be considered a “public school of the District” for purposes of Special Education pursuant to Education Code Section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code Section 47641 (a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b).

**SELPA Reorganization**
The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than
those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

**Modified Consent Decree Requirements**

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree ("MCD") and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measurable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s ("OIM") required format in accordance with the OIM’s required timelines and as follows:

- **End of Year Suspension**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- **Statewide Assessment Data**
  
  The standard file including District ID.

- **Norm day**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **CBEDS**

- **All Students enrolled as of December 1 of each school year**
  
  District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- **Dropout**
  
  District ID, SSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district
- Monthly SESAC and Suspension data
- Graduation roster from all charter schools with 12th grade students with disabilities

The MCD requires charter schools to implement the District’s integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Upon charter school full utilization of MiSiS either directly or via a web based API, the list of required data above will automatically be captured within MiSiS.

**Element 2 – Measurable Pupil Outcomes and Element 3 – Method by which Pupil Progress Toward Outcomes will be Measured**

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. 6. Charter School must provide to the CSD a copy of student attendance records, teacher gradebooks, and Title I records (if applicable).

7. Charter School must provide to the CSD the name, title, and contact information of the person designated to maintain all Charter School personnel records after the closure. Personnel records to be transferred to and maintained by the designee must include any and all employee records, including but not limited to, records related to performance and grievance. Charter School must provide to the CSD and the designee a list of all active and inactive employees and their periods of service. Both Charter School and the designee, individually and separately, shall inform the CSD immediately upon the transfer of Charter School’s employee records to the designee.

8. Charter School shall ensure that all records are boxed and clearly labeled by classification of documents and the required duration of storage in accordance with District procedures.

9. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student’s district of residence.

**Financial Close-Out**

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:
1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.

2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.

3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School’s annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

**Disposition of Liabilities and Assets**

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School’s governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District’s personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.

3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.

4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School’s governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.

b. Make final federal tax payments (employee taxes, etc.)

c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School’s authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.
Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School’s occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminus with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education’s approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:
• **Use**: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses.   (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

• **Minimum Payments or Charges to be Paid to District Arising From the Facilities**:  
  (i) **Pro Rata Share**: The District shall collect and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and

The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

- **Real Property Insurance:** Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD’s property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility **IF** Charter School is co-locating or sharing the LAUSD facility with another user.

**Non-District-Owned Facilities**

**Occupancy and Use of the Site:** Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD.
