File #: Rep-116-20/21, **Version:** 1

**Approval of the Renewal Petition for Alliance Renee and Meyer Luskin Academy High
[PUBLIC HEARING]
November 24, 2020
Charter Schools Division**

Action Proposed:

Staff recommends approval of the renewal petition for Alliance Renee and Meyer Luskin Academy High (“Charter School”), designated by the state as Middle performing, located in Board District 1 and Local District West, for five (5) years, beginning July 1, 2021 until June 30, 2026, to serve 460 students in grades 9-12 in year one, and up to 600 students in grades 9-12 by the end of the charter term. The recommendation is based on findings in the attached Staff Assessment and Recommendation Report.

Background:

Alliance Renee and Meyer Luskin Academy High is a 9-12 school currently serving 510 students on a private facility in Los Angeles at 2941 West 70th St., Los Angeles, CA 90043, in Board District 1 and Local District West. Alliance Renee and Meyer Luskin Academy High was approved by the LAUSD Board of Education on May 24, 2011. On December 8, 2015, the charter school was renewed for another five year term to serve 600 students in grades 9-12.

On September 1, 2020, Alliance Renee and Meyer Luskin Academy High submitted its charter renewal petition application to the Charter Schools Division. The 90-day statutory timeline for Board action on this renewal petition runs through November 30, 2020.

An initial Public Hearing was held on October 27, 2020.

Based on a comprehensive review and assessment of Charter School’s renewal petition application and its record of performance, staff has determined that Charter School has met the requirements for renewal and therefore recommends approval of the renewal petition.

Due Diligence:

Current Alliance Renee and Meyer Luskin Academy High governing board members completed questionnaires regarding conflicts of interest. A due diligence review of the charter school and its governing organization, school leader, and on-site financial manager, was performed by the Office of the Inspector General.

The petition is available for perusal in the Charter Schools Division and online at the District’s Board of Education website at <http://laschoolboard.org/charterpetitions>.

Expected Outcomes:

Charter School is expected to operate its school in a manner consistent with local, state, and federal ordinances, laws and regulations and with the terms and conditions set forth in its petition. The measurable pupil outcomes and method by which pupil progress toward outcomes will be measured are set forth in the charter petition.

Board Options and Consequences:

“Yes” - If the Board adopts the recommendation of approval of the renewal petition, Charter School would be authorized to continue operating as a charter school under the terms of the approved renewal petition for a five (5) year period beginning July 1, 2021.

“No” - If the Board does not adopt the recommendation of approval of the renewal petition, and instead takes specific action to deny the renewal petition, Charter School would not be authorized to continue operating as a charter school under the terms of the renewal petition. Charter School’s current charter expires on June 30, 2021. The petitioners may appeal a denial to Los Angeles County Board of Education (“LACBOE”). If the appeal is approved by LACBOE, Charter School would be authorized by the LACBOE. If LACBOE denies a petition on appeal, the Charter School may appeal to the State Board of Education (“SBE”) which will review the appeal using an abuse of discretion standard. If the denial is reversed by the SBE, the SBE shall designate, in consultation with the petitioner, the LAUSD Board of Education or LACBOE as the chartering authority.

This Board Report No. 116-20/21, accompanying documents, and transcript of the Board meeting, shall constitute the Board of Education’s adopted written findings of fact for the denial of the Charter School renewal petition.

Policy Implications:

There are no policy implications at this time.

Budget Impact:

State income and various other income sources to the District are reduced when current District students enroll at a charter school, and comparable or offsetting expenditure reduction may not occur in such cases. Under Education Code section 47604(c), a school district that grants a charter to a charter school to be operated by, or as, a nonprofit public benefit corporation is not held liable for the charter school’s debts or obligations as long as the school district complies with all oversight responsibilities. The District will continue to have monitoring and oversight responsibility for charter school finances, as specified in the Charter Schools Act. Any modifications to the charter school’s petition or operations with significant financial implications would require District approval prior to implementation. Petition approval is also contingent upon adequate liability insurance coverage.

Charter School has selected to join the LAUSD SELPA Option 3. The Charter School’s fair share contribution to special education will be 10% of the charter schools’ AB 602 (rate includes Base, COLA, and Growth/Decline reduced by the amount withheld for Program Specialist/Regionalized Services) and Federal IDEA revenues. This amount will be paid from the Charter School’s Local Control Funding Formula (“LCFF”) funds or other unrestricted revenue sources and will be allocated to support the existing District-wide administration of special education supports and services. The revenue rate will be adjusted to account for changes in the State’s funding formula beginning in fiscal year 2013-2014. The amount withheld by the District from the Program Specialist/Regionalized Services in fiscal year will continue to be withheld and adjusted annually for COLA. An additional 10% of special education revenues will be retained by the District and allocated as directed by the Advisory Board and members of the LAUSD SELPA Option 3, with the leadership of the Charter-operated Program special education director. These funds will be used to support the personnel for the members of the LAUSD SELPA Option 3; build management and operating procedures to create an infrastructure to support schools in meeting the needs of students with mild to severe disabilities; and, to create and implement new programs that serve students in charter schools. If Charter School does not spend their allocation of special education funds during a fiscal year of the charter petition period, the allocation of special education funds to Charter School for the next fiscal year will be reduced in an amount equal to the unspent

special education funds of the previous fiscal year.

In addition to the payments required under this Section, the Charter School may request specific special education related services from the District through fee-for-service arrangements that will reflect the calculated cost of the requested services and will be contingent on the District's available resources.

Any change in the Option election that occurs during the term of Charter School's petition period shall be mutually agreed upon and addressed in an MOU between the charter school and the District. The new Option election shall be effective on July 1 of the next school year with the corresponding fair share contribution.

Student Impact:

As stated in the Board of Education's Policy on Charter School Authorizing, "[W]hen the Board of Education authorizes a charter school, it establishes a partnership to advance its vision and mission and to accelerate gains in academic achievement and accountability for *all* of its students and public schools (*Policy*, p.2)." Based on a comprehensive review and assessment of Charter School's renewal petition application and its record of performance, staff has determined that Charter School has met the requirements for charter school renewal and therefore recommends approval of the renewal petition.

Issues and Analysis:

If all pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda.

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends approval of the renewal petition for Alliance Renee and Meyer Luskin Academy High (“Alliance Luskin” or “Charter School”), located in Board District 1 and Local District West, for a term of 5 years, beginning July 1, 2021, until June 30, 2026 to serve 460 students in grades 9-12 in year one, and up to 600 students in grades 9-12 by the end of the charter term.

II. CRITERIA FOR RENEWAL

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in California Education Code sections 47605, 47607, and 47607.2. As part of staff’s holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal under the renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).)
- **Criterion 2:** Is the charter school “high,” “middle,” or “low” performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable?
- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)

Charter schools designated as Dashboard Alternative School Status (“DASS”) will work with LAUSD to establish renewal targets locally. (Ed. Code, § 47607(c)(7).) Please see *LAUSD Policy and Procedures for Charter School Authorizing* (LAUSD Board of Education, August 11, 2020) for more information regarding renewal criteria.

Alliance Renee and Meyer Luskin Academy High a California nonprofit public benefit corporation operates Alliance Renee and Meyer Luskin Academy High. The school is part of a network of 25 LAUSD authorized charter schools with Alliance College-Ready Public Schools (ACRPS), a separate nonprofit public benefit corporation that is the sole statutory member of the Alliance Renee and Meyer Luskin Academy High's nonprofit public benefit corporation.

IV. STAFF REVIEW AND ASSESSMENT

Based on a comprehensive review of the renewal petition application and the school's record of performance, staff has determined that the charter school has met the standards and criteria for renewal. Staff findings include the following:

A. Criterion 1: Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition?

Yes, the charter school has presented a sound educational program; a reasonably comprehensive petition with the requisite affirmations and the Federal, State, and District Required Language; and petitioners are likely to successfully implement the educational program for its targeted student population. The petition sufficiently addresses and is consistent with the applicable legal and policy requirements, including but not limited to the identification of appropriate performance targets and description of an instructional program aligned to state performance standards and the salient needs of the target student population. Please see discussion of the charter school's record of academic performance in the section below.

B. Criterion 2: Is the charter school “high,” “middle,” or “low” performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable?

Yes, the school has been classified by the state as Middle performing in 2019-2020. Please see discussion of the charter school's record of academic performance in the section below.

Charter Renewal Term

For Middle performing schools, pursuant to Education Code section 47607.2(b), the LAUSD Board shall consider the following: 1) The schoolwide performance and performance of all subgroups of pupils served by the charter school on both the state and local indicators on the California School Dashboard; 2) The LAUSD Board shall provide greater weight to the performance on measurements of academic performance on the California School Dashboard; 3) Until January 1, 2026, the LAUSD Board shall also consider clear and convincing evidence, demonstrated by verified data, showing either of the following: a. The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or b. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

The charter school's record of performance during the term of the charter reflects the following specific factors:

1. Student Achievement and Educational Performance

a. Summary

Alliance Luskin has been identified by the state as a Middle performing charter school. Based on staff's review of the schools performance on the California School Dashboard placing a greater weight on academic performance, and considering any verified data provided by school, staff conducted a “may deny” analysis and determined that those conditions (in section k below) were not met, thus supporting a recommendation for renewal.

b. Measurements of Academic Performance on the California School Dashboard

As context, the state utilizes the colors received on all state indicators to determine the performance classification for charter schools. Please see the table below for more information on this school.

Alliance Renee and Meyer Luskin Academy High							
Years	ELA	Math	EL Progress Indicator *	College / Career Indicator	Chronic Absent.	Graduation Rate	Suspension Rate
2018	Yellow	Orange	NPC	Blue	N/A	Yellow	Orange
2019	Orange	Orange	Red	Green	N/A	Green	Orange

Data Source: Data Quest, Student and Downloadable Data File <https://www.cde.ca.gov/ds/sd/sd/>

For classification purposes of High, Middle or Low performance, the state removed four student subgroups (White, Asian, Two or More Races, Filipino). For the purpose of status and change, all numerically significant subgroups are included for the state, which include scores that span tested grades from K-12.

*For the ELPI, the state uses status level as a proxy for color on the 2019 Dashboard where there are at least 30 students tested. (Note: There is no status level for 2018, therefore it is not used.)

NPC: No Performance Color

The recommendation for renewal has considered the schoolwide performance and performance of numerically significant subgroups served by the charter school on the state and local indicators, providing greater weight to performance on measurements of academy performance. In addition to the state and local indicators, the recommendation considered whether there was clear and convincing evidence showing the school demonstrated measurable increases in academic achievement, as defined by at least one year's progress in each year in school, and strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers, as applicable.

For classification purposes of High, Middle or Low performance, the state removed four student subgroups (White, Asian, Two or More Races, Filipino). For the purpose of status and change, all numerically significant subgroups are included for the state, which include scores that span tested grades from K-12.

As seen in the above table, in English Language Arts (ELA) in 2018, the charter school's Distance from Standard (DFS) was higher than the state's DFS, and in 2019, the charter school's DFS was lower than the state's. In 2018, the charter school had two numerically significant subgroups (Latino, and Socioeconomically Disadvantaged), and in 2019, the school had three numerically significant subgroups (English Learners, Latino, and Socioeconomically Disadvantaged). In both 2018 and 2019, the majority of the charter school's numerically significant subgroups were higher than the state's DFS for those subgroups, with the exception of the English Learner (EL) subgroup, which was lower.

In response to the EL subgroup data, charter school leadership stated that the ELD instructor joins all ELA content meetings, planning meetings, and data meetings to provide support to ELA teachers and to remain updated on what the EL students are working on in their core ELA classes. The ELD instructor also continues to provide specific professional development to teachers on Universal Design for Learning (UDL) strategies to better support English Learners in their classes.

For classification purposes of High, Middle or Low performance, the state removed four student subgroups (White, Asian, Two or More Races, Filipino). For the purpose of status and change, all numerically significant subgroups are included for the state, which include scores that span tested grades from K-12.

As seen in the table above, in 2018 and 2019, the charter school Declined Significantly in Change Level schoolwide and for all numerically significant subgroups.

For classification purposes of High, Middle or Low performance, the state removed four student subgroups (White, Asian, Two or More Races, Filipino). For the purpose of status and change, all numerically significant subgroups are included for the state, which include scores that span tested grades from K-12.

As seen in the above table, in Math in 2018 and 2019, the charter school's DFS was lower than the state's DFS. In 2018, the charter school had two numerically significant subgroups (Latino, and Socioeconomically Disadvantaged), and in 2019, the school had three numerically significant subgroups (English Learners, Latino, and Socioeconomically Disadvantaged). In 2018 and 2019, the majority of numerically significant subgroups performed higher than the state's DFS for those subgroups, with the exception of the EL subgroup which was lower.

In response to the EL subgroup data, charter school leadership stated that the math department meets two times a month to conduct data meetings and analyze student work to identify misconceptions from the lessons. The intent is to ensure each teacher walks away with a re-teach/re-engagement plan for students on one specific skill or concept. Additionally, the Assistant Principal of Mathematics supports the math teachers by providing regular coaching, leading the analysis of student work, and leading professional development on embedding specific disciplinary teaching strategies related to math instruction.

For classification purposes of High, Middle or Low performance, the state removed four student subgroups (White, Asian, Two or More Races, Filipino). For the purpose of status and change, all numerically significant subgroups are included for the state, which include scores that span tested grades from K-12.

As seen in the table above, in 2018, the charter school Maintained in Change Level schoolwide. The Latino subgroup Increased and the Socioeconomically Disadvantaged (SED) Maintained. In 2019, the charter school Declined in Change Level schoolwide and for the majority of the numerically significant subgroups, with the exception of the SED subgroup which Maintained.

Data Sources: California School Dashboard Research data files 2019 revised on 04/09/2020 and 2018 revised on 03/11/2019 <https://www.cde.ca.gov/ta/ac/cm/>

As seen in the table above, the 2019 California School Dashboard indicates 31.5% of Alliance Luskin’s English Learner students are making progress towards English proficiency, lower than the state at 48.3%. The Performance Level for the school is Very Low while the state Performance Level is Medium.

f. Standardized Assessments Participation Rates

In 2019, in ELA, Math, and the English Learner Progress Indicator (ELPI), the school met the participation rates (of at least 95%) schoolwide and for all numerically significant subgroups.

g. College/Career Academic Indicator

For classification purposes, the state removed four student subgroups (White, Asian, Two or More Races, Filipino). For the purpose of status and change, all numerically significant subgroups are included for the state, which include scores that span tested grades from K-12.

As seen in the table above, in both 2018 and 2019, the charter school had a higher percentage of prepared students than the state for both schoolwide and all numerically significant subgroups (Latino, and Socioeconomically Disadvantaged).

As seen in the table above, in 2018 the charter school Increased Significantly in Change Level schoolwide and for all of the numerically significant subgroups. In 2019, the charter school Maintained in Change Level schoolwide and for the SED subgroup, while the Latino subgroup Declined.

h. Verified Data

As noted above, a charter school classified by the state as Middle performing may present verified data. Pursuant to Education Code Section 47607.2(c)(1), “verified data” means data derived from nationally recognized, valid, peer reviewed, and reliable sources that are externally produced. Verified data shall include measures of postsecondary outcomes (if applicable).

Per the LAUSD’s Policy and Procedures for Charter Schools, until such time that the State Board of Education adopts a pupil-level academic growth measure, for the purposes of this Policy and Procedures, the District defines “one year’s progress” as growth in achievement in ELA and Math from one academic year to the next. The District's expectation is that a

charter school demonstrates either the same or higher growth levels as schools serving similar student populations, for each year of the charter school's current term of the charter (e.g., seven-year, six-year, five-year, or two-year term). Charter schools submitting verified data for this purpose must provide a clear explanation as to its alignment with the requirements herein.

The school opted not to provide verified data. Staff determined that the schoolwide performance and performance of all numerically significant subgroups on the California School Dashboard required additional analysis to determine the renewal recommendation.

j. Local Indicators

Staff also considered the Local Indicators (i.e. Basic: Teachers, Instructional Materials, Facilities; Implementation of Academic Standards; Parent and Family Engagement; Local Climate Survey; Access to a Broad Course of Study) and all are reported as Met.

k. "May Deny" Analysis for Middle Performing Charter Schools [if applicable]

Following the review of the foregoing performance data for this charter school placing a greater weight on academic performance on the California School Dashboard, and considering verified data provided by the charter school, staff determined that the school's performance in the areas of ELA and Math requires further review. Pursuant to the applicable renewal criteria for Middle performing schools, staff proceeded to the step of considering the "may deny" conditions to complete the review of academic achievement.

The LAUSD Board may deny a renewal petition satisfying the middle performing criteria pursuant to section 47607.2(b) upon making each of the following written factual findings: 1) The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of the school; 2) The closure of the charter school is in the best interest of the pupils; and, 3) The decision provided greater weight to the performance on the measurements of academic performance. a. When determining whether to deny a renewal petition under prong 1 or 2, LAUSD will consider the full oversight record of the charter school, providing greater weight to performance on the measurements of academic performance. This consideration will include a comparison to Resident Schools' performance on the measurements of academic performance (e.g. reclassification rates, Long-term English Learner (LTEL) rates, and percentage of students Met or Exceeded Standards as measured on the California Assessment of Student Performance and Progress (CAASPP) as compared to the state averages, California School Dashboard data, four-year cohort graduation rates).

As shown below, the charter school's performance in ELA and Math in 2018 and 2019 as compared to the Resident Schools Median is higher. Staff has recommended the charter school for renewal.

Data Sources: California School Dashboard Research data files 2019 revised on 04/09/2020 and 2018 revised on 03/11/2019 <https://www.cde.ca.gov/ta/ac/cm/>

As seen in the table above, the charter school had a schoolwide percentage of students suspended at least once that was lower than the state in 2018 and higher than the state in 2019. In 2018 and 2019, the majority of numerically significant subgroups (Black or African American, English Learner, Latino, Socioeconomically Disadvantaged, and Students with Disabilities) were lower than the state, with the exception of the Latino subgroup in 2019, which was higher.

In response to the 2019 suspension data, school leadership shared that the school has focused on strengthening three major areas: Behavior response, Positive Behavioral Interventions and Supports (PBIS), and Social-Emotional Learning (SEL) support. The school's interventions include restorative components that engage multiple stakeholders to

create plans to support individual student needs and explore alternatives to suspension. These interventions provide the students with the necessary support to remain in class and receive behavior support. The school's PBIS gives teachers and staff the opportunity to track and recognize positive behaviors through the school's RISE (respect, inclusive, scholar, excellence) values. The SEL support is provided by a counselor who is dedicated to students with higher socio-emotional needs. This counselor provides one-on-one support through either weekly or daily check-ins and helps students develop their self-regulatory and coping skills to address their socio-emotional needs and minimize lost instructional time.

The CSD has conferred with staff in the Division of Special Education, and no concerns have been noted at this time.

iii. Additional Information

As noted earlier in this report, Alliance Luskin had three governance benchmarks and one academic benchmark as part of its previous renewal. The school provided the required information within the timelines indicated and CSD staff monitored as part of ongoing oversight.

C. Criterion 3: Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)

- ♦ At the time of renewal, Charter School does not have substantial fiscal or substantial governance factors that would lead to a finding that the Charter School is demonstrably unlikely to successfully implement the program set forth in the renewal petition.
- ♦ There is no evidence at the time of renewal that Charter School is not serving all pupils who wish to attend based on data on pupil enrollment patterns.

For more information about enrollment or dismissal practices, substantial fiscal issues or substantial governance issues, please see the Access and Equity, Fiscal Operations, and Governance sections, respectively.

D. Does the Petition Contain a Declaration of Whether or Not the Charter School Shall Be Deemed the Exclusive Public Employer of the Employees of the Charter School?

Yes, the petition contains the required declaration.

3. Fiscal Operations

Alliance Luskin’s record of performance and related information demonstrate that the school is likely to succeed in the area of fiscal operations.

a. Summary

Alliance Renee and Meyer Luskin Academy High achieved the ratings of *Accomplished* and *Proficient* in the category of Fiscal Operations on its annual oversight evaluation reports for the last two years.

During the 2019-2020 oversight visit, the CSD noted that the school’s internal controls and processes were generally in place and implemented in practice.

According to ACRPS' independent audit report for the Fiscal Year ended June 30, 2019, ACRPS' fiscal condition is strong. ACRPS and its charter schools reported positive net assets of \$150,618,446 and net income of \$13,185,349. ACRPS, without its charter schools, reported positive net assets of \$ 46,598,188 and a net loss of (\$1,821,242)

During 2019-2020, Alliance Luskin paid annual management fees which amounted to 10% to ACRPS for administrative services such as: finance and accounting, human resources and employee relations, new teacher recruitment and support, educator effectiveness, recruitment & selection, assessments, data and analysis, information technology, student information services, school operations support, facilities, professional development, marketing communications, college success support, school development, and parent & community engagement services. These management fees are calculated based on total revenues - less 10% of excluded revenues (e.g., school fundraising, proceeds from equipment sales, extraordinary one-time donations, other fees & contracts, etc.).

Alliance Renee and Meyer Luskin Academy High Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. An asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. The performance level (color) is not included when there are fewer than 30 students in any year used to calculate status and change. An "--" means that data is not currently available.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. If a district, school, or student group does not meet the 95% participation rate target, the Distance from Standard (DFS) value for the Academic Indicator is adjusted downward.

English Learner Progress Indicator**

This Reports shows the percentage of current EL students making progress towards English language proficiency or maintaining the highest level. ELs take the ELPAC exam to measure progress towards English language proficiency. The ELPAC has 4 levels. The 4 ELPAC levels were divided into 6 ELPI levels to determine whether ELs made progress toward English language proficiency. English Learner Progress with the transition to a new assessment, the 2018 Dashboard is unable to report a performance level (color) for this measure. However, the percent of students performing at each level on the new assessment is reported.

Enrollment Report**

This report displays CALPADS K-12 enrollment number and percentages of select subgroups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Aggregate data files are provided by the CDE – Data Reporting Office at <http://www.cde.ca.gov/ds/sd/sd/filesenr.asp> and California School Dashboard System of Support <https://www.cde.ca.gov/ta/ac/cm/>. Please note: There may be slight differences with some of the information in this report and with what is displayed in Dataquest and CA Dashboard due to changes in file modifications such as Date Modified, Date Posted, other data updates by the testing vendor and updates in CALPADS.**

Alliance Renee and Meyer Luskin Academy High RECLASSIFICATION RATES

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs.

"At-Risk" and Long-Term English Learners (LTEL)**

Note: The "EL Total" column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the "English Learners" heading. The "Total (Ever-EL)" column displays the summed total of the data in the "RFEP" column plus the data in the four columns under the "English Learners" heading OR the data in the "EL Total" column, but not both. The percent values displayed in this report are calculated as a percent of the "Total (Ever-EL)" which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEP). *Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Students with Disabilities Report**

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by LEAs (Local Education Agencies). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended. **Note: Students with disabilities counts and percentages in this report may be higher or lower for some schools when comparing this report counts with 2019-20 Enrollment by Subgroup counts posted in DataQuest by the CDE due to the accuracy of all data associated with the applicable CALPADS submission. CALPADS certification is a two-step process with Level-2 certification reserved for the district superintendents, charter school administrators, or their designees. High incidence eligibilities are indicated by an asterisk (*). Alliance Renee and Meyer Luskin Academy High Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. An asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. The performance level (color) is not included when there are fewer than 30 students in any year used to calculate status and change. Color: 1 = Red, 2 = Orange, 3 = Yellow, 4 = Green, 5 = Blue, 0 = No Color. Change Level: 1 = Decline Significantly, 2 = Declined, 3 = Maintained, 4 = Increased, 5 = Increased Significantly, 0 = No Data. An "--" means that data is not currently available. **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Alliance Renee and Meyer Luskin Academy High Academic Performance - Math

This report shows the performance levels for a single state indicator, Mathematics, for all student groups. It also shows how the current year (status) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. An asterisk (*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. The performance level (color) is not included when there are fewer than 30 students in any year used to calculate status and change. Color: 1 = Red, 2 = Orange, 3 = Yellow, 4 = Green, 5 = Blue, 0 = No Color. Change Level: 1 = Decline Significantly, 2 = Declined, 3 = Maintained, 4 = Increased, 5 = Increased Significantly, 0 = No Data. An "--" means that data is not currently available. **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Alliance Renee and Meyer Luskin Academy High English Learner Progress Indicator

This Reports shows the percentage of current EL students making progress towards English language proficiency or maintaining the highest level. ELs take the ELPAC exam to measure progress towards English language proficiency. The ELPAC has 4 levels. The 4 ELPAC levels were divided into 6 ELPI levels to determine whether ELs made progress toward English language proficiency. English Learner Progress with the transition to a new assessment, the 2018 Dashboard is unable to report a performance level (color) for this measure. However, the percent of students performing at each level on the new assessment is reported. Status Level: 1 = Very Low, 2 = Low, 3 = Medium, 4 = High, 5 = Very High, 0 = No Data. **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. 2019-20 Enrollment Report**

This report displays CALPADS K-12 enrollment number and percentages of select subgroups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. RECLASSIFICATION RATES**

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs. **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. 2019-20 "At-Risk" and Long-Term English Learners (LTEL)

Note: The "EL Total" column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the "English Learners" heading. The "Total (Ever-EL)" column displays the summed total of the data in the "RFEP" column plus the data in the four columns under the "English Learners" heading OR the data in the "EL Total" column, but not both. The percent values displayed in this report are calculated as a percent of the "Total (Ever-EL)" which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEP). **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by LEAs (Local Education Agencies). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended. Note: Students with disabilities counts and percentages in this report may be higher or lower for some schools when comparing this report counts with 2019-20 Enrollment by Subgroup counts posted in DataQuest by the CDE due to the accuracy of all data associated with the applicable CALPADS submission. CALPADS certification is a two-step process with Level-2 certification reserved for the district superintendents, charter school administrators, or their designees. High incidence eligibilities are indicated by an asterisk (*). **Source: Data collected by the California Department of Education (CDE) through the California Longitudinal Pupil Achievement Data System (CALPADS), California School Dashboard, and testing vendor. AB 1505 Renewal Criteria Analysis - "High Performing" or "Low Performing" School

KEY	
Color	CA Dashboard Indicator rating.
	For student groups, colors represent numerically significant subgroups [i.e. 30 or more, (15+ for Foster Youth and Homeless students)]. ELPI use status level as a proxy for color on the 2019 Dashboard.
NPC	No Performance Color when student groups are not numerically significant.
--	0
Missing Data	CALPADS error; Test Irregularities; or No CDE data
N/A	Not Applicable (e.g., elementary school not needing to have CCI data or Graduation Rate data)

CRITERIA TO QUALIFY AS "HIGH PERFORMING" (HP) or "LOW PERFORMING" (LP)

HP1a [LP1a] - Does the charter school have schoolwide performance levels on at least two measurements of academic performance per year in each of the two consecutive years immediately preceding renewal?

That is, a charter school must have been assigned a color (performance level) for at least two of the four measurements of academic performance (ELA, Math, EL Progress, College/Career) in each of the two years preceding renewal. **YES – NO**

1. If "YES" - proceed to **HP1b [LP1b]** below.
2. If "No" - you cannot do an analysis for "High Performing" or "Low Performing." Proceed to the "Middle Performing" analysis.

HP1b [LP1b] - Did the charter school receive the two highest [LP1b – two lowest] performance levels schoolwide on all state indicators included on the California Dashboard (all blue and/or green) [LP1b – all red and/or orange] for which it receives performance levels in each of the two consecutive years immediately preceding renewal? **YES – NO**

1. If "YES" to **HP1b (two highest performance levels)** - the school is "High Performing" and may be recommended for a 7-year renewal after a full analysis is done on all performance areas (e.g., governance, operations, fiscal, etc.). No additional review is needed.
2. If "YES" to **LP1b (two lowest performance levels)** - the school is "Low Performing" and may be recommended for a 0 or 2 - year renewal after a full analysis is done on all performance areas (e.g., governance, operations, fiscal, etc.). No additional review is needed.

However, **MAY RENEW ONLY** upon making both of the following written factual findings:

- 1) The charter school is taking meaningful steps to address the underlying cause(s) of low performance, which are or will be written in a plan adopted by the governing body of the charter school;
AND
 - 2) There is clear and convincing evidence, demonstrated by verified data, showing either:
 - a. The school achieved measurable increases in academic achievement, as defined by at least one year’s progress for each year in school;
OR
 - b. Strong postsecondary outcomes equal to similar peers.
 3. If “NO” - then proceed to HP2a [LP2a] below
 - a. If the charter school receives a combination of performance colors (red, orange, yellow, green, and blue) proceed to HP2a [LP2a] below.

HP2a [LP2a] - Does the charter school have performance levels on at least two of the four measurements of academic performance for at least two subgroups in each of the two consecutive years immediately preceding renewal? **YES – NO**

1. If “YES” – proceed to HP2b [LP2b] below.
2. If “No” – A charter school without performance levels on at least two of the four measurements of academic performance for at least two subgroups in each of the two consecutive years immediately preceding renewal cannot be considered within the “High Performing” or “Low Performing” renewal criteria. Proceed to the “Middle Performing” analysis.

HP2b [LP2b] - Did the charter school receive performance levels schoolwide (all students) that are the *same or higher* [LP2b – *same or lower*] than the state average for all four measurements of academic performance? **YES – NO**

1. If **“YES”** to **HP2b (received performance levels schoolwide that are the same or higher than the state average for all four measurements)** - the school meets the criteria in the first part of section 47607 (c)(2)(A)(ii). Proceed to the subgroup comparison analysis pursuant to the latter half of section 47607 (c)(2)(A)(ii). Move on to **HP2c**.

2. If **“YES”** to **LP2c (received performance levels schoolwide that are the same or lower than the state average for all four measurements)** - the school meets the criteria in the first part of section 47607.2 (a)(1)(B). Proceed to the subgroup comparison analysis pursuant to the latter half of section 47607.2 (a)(1)(B). Move on to **LP2c**.

3. If **“No”** – If all of the performance levels schoolwide are the “Same” or a combination of “Higher” and “Lower” proceed to the “Middle Performing” analysis.

. **LP2b** -

HP2c [LP2c] - For the state subgroups that are performing below the state average in each of the four measurements of academic performance in each respective year, did the majority of the school's subgroups receive performance levels that are higher [lower] than the state average? **YES – NO**

* A charter school is considered high performing and eligible for presumptive renewal if all state indicators have blue/green colors and the ELPI has a "High" or "Very High" Status with 30 or more students in the 2019 Dashboard. A charter school is considered low performing and eligible for presumptive non-renewal if all state indicators have red/orange and the ELPI has a "Low" or "Very Low" Status with 30 or more students in the 2019 Dashboard.
