INTRODUCTION

Purpose
Dixie Canyon Community Charter (“Dixie Canyon” or the “Charter School”) community is united in the goal of becoming an affiliated charter school in the Los Angeles Unified School District.
District ("LAUSD" or "District").
The purpose of Dixie Canyon Community Charter's affiliated charter petition is founded on three tenets:

- First, to foster the development of creative thinking, critical problem solving, respect for individual differences, and high ethical standards. We prepare our students to be fully participating citizens and leaders in the twenty-first century.

- Second, our community is dedicated to academic success for all students. We believe in every student's innate ability to learn and achieve. Our community’s goal is to provide a rich and motivating environment where each student will enjoy social, emotional and intellectual growth. We prepare our students to be fully participating citizens and leaders in the twenty-first century by providing multiple opportunities to interact with core academic content using technology, and a multimedia approach to teaching.

- Third, our expectations for students are high, and our community is united in the commitment to provide an excellent academic program and to promote a cohesive and strong partnership between home and school.

Dixie Canyon Community Charter is a School for Advanced Studies, and a candidate for California Distinguished School. Dixie Canyon is increasingly faced with external challenges that threaten our ability to maximize student potential. Obstacles include: declining state and District budgets, growing class-size, and fewer faculty and support personnel. These changes have limited our efforts to provide truly differentiated instruction to an increasingly diverse student population: special needs, gifted and talented students, English Language Learners, students performing below grade level, and socio-economically disadvantaged students.

Our school is continually challenged to do more with less. Changes such as these have affected us internally as well. We find that the resources to maintain our high performing school are not provided due to the limited budgetary funds available. At the same time, we encounter mounting pressure to sustain and advance an academic program and teaching strategies to achieve even higher levels of student achievement. The Dixie Canyon Parent Teacher Association (DCPTA) has been a monumental funding source for class and enrichment programs including performing arts, fine arts, physical education, a science and at times our Technology Center. Overall economic hardships have made community financial support more difficult to obtain for the enrichment programs at Dixie Canyon.

Status as an affiliated charter will provide Dixie Canyon with a means to overcome some of these difficulties in meeting and exceeding the goals established by the community so that every student reaches his or her highest potential.

**GOALS OF DIXIE CANYON COMMUNITY CHARTER**

Dixie Canyon Community Charter’s goal is engaging children through innovative instructional programs that promote active learning, challenging each child to reach his or her highest potential. Dixie Canyon Community Charter strives to accomplish the following actionable areas:
• Use the California State Standards and the California Common Core Standards as the guides to monitor the fidelity of all educational programs. This practice emphasizes our commitment to rigor and effectiveness of instruction.

• Increase interactive multiple modality learning opportunities for all students with an emphasis on enriched learning experiences that are differentiated for subgroups, such as children identified below grade level, gifted and talented, with special needs, and English language learners.

• Assess student success with standard-based assessments, performance-based assessments, differentiated assignments, periodic assessments, and self-assessment portfolios.

• Use data to drive instruction and adjust for flexible groups.

• Encourage our students and staff members to be creative, risk-takers, willing to experience and enjoy complex assignments. Build on their strengths, encourage their self-esteem, and inspire them to become life-long learners.

• Provide professional development for our teachers that introduce the use of brain-based research as a means to access all student’s educational potential.

• Actively engage the Mid-Valley community in taking part in opportunities to shape the learning environment and to contribute to Dixie Canyon Community Charter

• Communicate with community middle and high schools to develop the core curriculum for outstanding public education.

DESCRIPTION OF SCHOOL

Dixie Canyon Community Charter provides pre-K through 5th Grade education in Sherman Oaks, California, an urban area of the San Fernando Valley. We serve an ethnically diverse community of children that includes, but is not limited to Caucasian, Hispanic, African American, and Asian students. There are 30 full-time teachers serving the approximately 660 students attending on a traditional calendar. Enrollment is expected to remain the same for the 2012-2013 school year.

DIXIE CANYON COMMUNITY CHARTER AND ITS COMMUNITY

Dixie Canyon Community Charter, a conversion LAUSD School, is located in the San Fernando Valley, just below the Hollywood Hills, in Sherman Oaks. The school originally opened in 1948 as Dixie Canyon Avenue Elementary School and has since been serving residents of Sherman Oaks and nearby neighborhoods.

In the immediate geographic area (two-mile radius) surrounding of Dixie, there are 23 private school options and 14 public school options available to families that reside within the school’s boundaries (see Figure 1). A three-mile radius yields 19 additional schools choices.

status as a community leader in academics, enrichment programs, parent involvement, and striving to maintain the highest quality education available to the community. These efforts make Dixie Canyon Community Charter a top choice for families seeking to enroll students and relocate to the area, competing with nearby private, independent charter and magnet programs.

Dixie Canyon has always been a diverse community school with students from many socio-economic and cultural backgrounds. We will preserve this tradition while expanding enrollment to areas outside of the standard District boundaries. Our diversity mirrors the global community LAUSD is founded on, model that we will cultivate and expound upon that strength.

STUDENTS SCHOOL PROPOSES TO SERVE

Currently, the school accepts children who live within our local school boundaries as well as a limited number of permits on a space-available basis as determined by the District. Below are some facts about our current and target population:

- It consistently exceeds the District’s established Academic Performance Index (API) benchmark.
- It is considered to be a high performing school with an API of 893.
- It has exceeded the District’s goal of 6% Gifted and Talented students, currently 11%.
- Students with special needs represent 9% of our population in 2011-2012.
- Students who have limited English proficiency make up 9% of our population.
- Students who are economically disadvantaged make up 25% of our population.
- With increasing class sizes (up to 38 students in a single class), all of our classes contain students who are limited English proficient, are gifted, identified as having special needs, and students who are in mid-range in achievement.
- From 2005 to 2010, our enrollment numbers have fluctuated slightly with an average of 582 students enrolled. In the last year we have grown to 664 students with new students enrolling almost every week.

VISION AND MISSION STATEMENTS

Vision
Provide a rich environment that nurtures every student’s innate ability to learn and achieve while fostering social, emotional and intellectual growth, through our commitment to curriculum and character.

Mission
Our mission is three-fold:

First, our students are provided a rigorous educational experience by which they are challenged to meet expected outcomes. We give equal value to a broad range of knowledge and skills. Each student sets personal and academic goals to strive to achieve his or her personal best;
Second, we prepare students for the challenges of the global economy, by providing the tools and strategies necessary to forge a well-balanced elementary education;
Third, as a school community we focus on character traits that emphasize respect for others, celebration of cultures, and acknowledgement of the diversity of our population.

WHAT IT MEANS TO BE AN EDUCATED PERSON IN THE 21ST CENTURY
An educated person in the 21st century is able to think critically, is creative, can collaborate with others, and understands global connections. Success in this rapidly changing world will take a great commitment to learning. Thus, learning needs to be a meaningful experience. An educated person is able to take their educational experience and make sense of the world in order to be a contributing member of society. They will be able to listen, read, write, talk, solve puzzles,
the world through the eyes of others, empower others and lead; in other words, they need to be able to make connections. (Croson, 2008)

In addition, an educated person in the 21st century needs to have digital competence. This digital competence is important so one can live safely and productively in this new emerging world. According to Yong Zhao, one needs to have the proper attitude, understanding, skill, and perspectives to be able to lead virtual communities, to manage virtual relationships, to defend our nation in cyberspace, to re-create the virtual world, and to direct the development of the virtual world for the betterment of humankind. (Zhao, 2009)

**HOW LEARNING BEST OCCURS**

Dixie Canyon Community Charter believes that the school community and a child’s connections with that community contribute greatly to the student’s learning. The teachers and staff at Dixie Canyon Community Charter are committed to establishing a safe and nurturing environment that will foster a love of school and learning as well as challenge the development of our individual students.

We believe in looking at each child as a whole and differentiating our teaching styles to address individual needs. Effective instruction is student-centered. Our teachers will consider the classroom environment, recognize and honor diversity, assess students to determine differentiation of instruction, and introduce numerous approaches to curriculum. The environment we create at Dixie Canyon Community Charter reflects that which we see and expect from the home, our community and across our school. (Gregory & Chapman, 2002)

Educating the whole child will create a thoughtful and responsible member of society. We believe that learning best occurs when the school community has high expectations for student achievement. Well-qualified teachers, in diverse classrooms, present traditional content as part of an integrated multidisciplinary learning experience. Learning best occurs when the school is open to incorporating innovation that excites and engages students. Our instruction is academically rigorous and uses a variety of techniques, including technology, that connect what students are learning to their interests, experiences, and abilities. Students see how their learning applies to the real world. Our teachers instill a sense of curiosity that is fundamental to lifelong learning, so that students take upon themselves the responsibility to learn outside of the classroom and beyond their elementary years. (Tate, 2003)

**HOW GOALS OF THE PROGRAM ENABLE STUDENTS TO BECOME SELF-MOTIVATED, COMPETENT, LIFELONG LEARNERS**

There is nothing more important to us than to enable our students to become self-motivated, competent, lifelong learners. We will educate our students with the end in mind – realizing first what we are setting out to achieve and then creating the plan, developing the methods, and holding each other accountable for providing the learning that engages and motivates our students. “To begin with the end in mind means to start with a clear understanding of your
destination. It means to know where you’re going so that you better understand where you are now, so that the steps you take are always in the right direction.” Stephen R. Covey, *The Habits of Highly Effective People.*

We will achieve this goal, by presenting information and learning in ways that children can relate to and absorb. We realize that many factors come into play that affect how they take in information, including their life experiences, their home, their emotions and so much more. We will look at what our children are interested in and what drives them; we will strive to understand their perspective and needs and will develop our approach, content and teaching so that it speaks to them as individuals and inspires them to learn. This, we believe, will promote self-esteem, and an appreciation for diversity and prepare them to contribute in our global society.

We will also focus on how students learn. Each child is a different composition of multiple intelligences, each is stronger and weaker in different areas, and each requires different approaches and different sensory stimulation to learn. We will provide professional development to ensure that our teachers have a deep understanding of the various instructional strategies they will employ in the classroom to differentiate their instruction. (Tate, 2003)

Instruction will be interdisciplinary, integrating technology and the arts with core curricular instruction. Students will come to see the interconnectedness of all aspects of learning that they can apply to the real world thus, piquing their curiosity and creativity and helping them learn how to adapt to change. The arts will help our students find talent and strengths to carry them to success. Our approach is designed to nourish our student’s sensory, cognitive, emotional and motor capacities – all of which are fundamental to the individual. (Jensen, 2001)

**A TYPICAL DAY**

Weekdays are our favorite days. They start off with the early morning bustle on campus, students streaming through the gate – many with a parent or guardian walking them to class, others coming from their cars in the “Stop, Drop and Go” line. The DCPTA President, in her business suit, is often found alongside our traffic coordinator taking a few minutes on her way to work to help students out of the car ensuring their backpack and lunch box are in hand. There is almost always a gathering in front of the school of parent and student volunteers distributing scrip, running a fundraiser, seeking other volunteers to support upcoming book fairs and other campus events. School administrators and teachers are in or near the classrooms, greeting students and families, always with a smile and positive spirit to start the day off right. As we pass through the outdoor hallways we take note of student artwork on display in the mural cases, gardens outside each classroom, and reminders posted for upcoming campus events. The best way to describe this experience is “community” – a group sharing common interests in our students and their development. We have created a community at Dixie Canyon and that’s why we plan to call our school Dixie Canyon Community Charter.

The bell rings at 8:10 a.m. and students pour into the classrooms and take their seats; by 8:15 the teachers have started instruction and the Principal greets everyone over the intercom, sharing school news, making announcements and reminding students of our motto: Be Cool At School. In our world, being “cool” helps us create the best day possible and includes being safe,
responsible and respectful. Everyone on campus is expected to “be cool” and strives to demonstrate “cool” in every interaction.

Our classroom curriculum is based on the California State Standards, the California Common Core Standards and Frameworks from the California Department of Education. Teachers study curriculum, stay up to date on research and teaching methods and are creative in their approach. They model all areas of the curriculum, using rubrics and criteria charts to guide instruction and exceed the requirements of the State Standards. They cover English, mathematics, science, social studies, and visual and performing arts. Our student’s science curriculum is the FOSS program purchased by the Los Angeles Unified School District. Thanks to the generosity of Dixie Canyon families, the Art and Science Discovery Center on campus provides a place where teachers are assisted in the execution of the State Science Standards. Our science investigations are a hands-on representation of life, earth and physical science. Our teachers are committed to the implementation of a broad range of knowledge.

Throughout the day students are spotted going to and from learning activities across campus. Each environment is designed to facilitate and encourage learning. PE is taught outside where students learn basketball, dance, track and field and handball skills, just to name a few. On the north side of campus is our Technology lab filled with desktop computers-- PCs and Macs-- one for each visiting student. Classrooms come to the lab together at least once a week to meet with our computer teacher and learn and practice the designated digital curriculum designed to meet the needs of a student preparing for the 21st century. Students are welcome to visit the technology lab before school, during lunch and after school as well to practice their skills.

Another classroom is dedicated to our art program, where students work on projects designed to meet the visual arts in the California Standards. Teachers design these projects to address cross-curricular areas of study to enhance learning. Our students come to the art room once a week to study the elements of drawing, painting, printmaking, weaving, ceramics, fashion design, architecture and more. Our campus is recognized for its performance art program where students participate once a week in the campus auditorium with an arts expert to develop their literacy, intuition, reasoning and imagination. The arts expert, under the direction of our teachers, plans a rich curricular experience. Our music program provides students with weekly 30-minute sessions to explore singing, instruments, music history and more. Students also visit the Wonder of Reading library at least once a week with their classrooms, where they check out books and learn about authors and the joy of reading. Our students like moving about the campus as it gives them a sense of inclusion and helps them embrace their campus community.

We are designated as a School for Advanced Studies; we provide differentiated instruction to meet the needs of our gifted and talented students while also remaining dedicated to providing all students with the highest-quality education. Our student body includes English learners, students with special needs, gifted students and at-risk students all who are contributing to our stellar test scores, academic excellence and campus pride – and all, who strive to “Be Cool at School.”

The day ends much the same way it began, with an afternoon bustle at 2:38 p.m., except on Tuesdays when dismissal is at 1:38 p.m. allowing teachers to participate in Professional Development and meetings. Parents are picking up their students, after-school programs are meeting students in the center of campus, student and parent volunteers are on hand sharing
news, recruiting support or hosting a fundraiser, teachers and administrators are waving goodbye… the community is thriving. Tomorrow can’t come soon enough.

PROGRAM AND CURRICULUM:

Instructional Framework and Core Subjects
Dixie Canyon Community Charter’s proposed teaching methodologies are based on the California State Standards and Associated Frameworks in all content areas; Language Arts, Mathematics, Social Studies, Science, Visual and Performing Arts, and Physical Education. In addition it is our intention to transition into the application of the new California Common Core Standards within the five years of this charter. In order to address the needs of all of our students and identified subgroups of students, Dixie Canyon Community Charter will balance curriculum-centered and student-centered instruction that is differentiated, experiential, and inquiry-based. Dixie Canyon Community Charter teachers will analyze data and use shared planning at and across grade levels to appropriately differentiate instruction. All methodologies are supported with authentic assessments, District assessments, publisher, teacher-generated, and performance assessments as determined by the Curriculum Development and Review Committee.

Teaching Methodologies
Dixie Canyon Community Charter’s curriculum is Standards-based and will meet all District and State requirements. We will use current research and student data to drive instruction at each grade level. As an affiliated charter school of the Los Angeles Unified School District, Dixie Canyon Community Charter will comply with all No Child Left Behind Act (NCLBA) requirements of teachers and paraprofessionals.

Standards-based methodologies include:

Academic Rigor—Students will actively explore, research, and solve complex problems to develop a deep understanding of core academic concepts. “The curriculum must be organized around major, relevant, and meaningful concepts; the “big ideas” or “essential questions” students are expected to engage with deeply. To achieve this, teaching needs to engage students in active reasoning about these fundamental concepts.” (Lauren Resnick)
Clear Expectations—Teachers will clearly define and articulate State Standards in student-friendly language to ensure academic goals are attained. “Teachers need to communicate to students clear, high expectations about acceptable standards of achievement and the specific criteria that verify student success. Students need to receive regular, timely, and useful feedback and opportunities to improve their work in order to meet expectations.” Students will understand what they need to learn in that grade level for content areas. (Lauren Resnick)

Collaborative Groupings—Teachers will create small, flexible groups to facilitate student communication forums. This approach lends itself to a variety of perspectives and ultimately renders support for differing levels of knowledge and skill. Cooperative groups promote student-centered learning and teamwork.

Criteria Charts/Rubrics—These tools support clear expectations and facilitate self-evaluation as student’s progress towards meeting rigorous standards. Students are able to set goals based upon their understanding of the criteria and scoring rubrics in all academic areas.

Direct Instruction—Teachers orient students to each academic, standards-based task. They model processes and provide guided and then, independent practice as they check for understanding.

Small Group Instruction—Teachers differentiate instruction based upon student strengths and/or weaknesses. Small-group methods are the techniques of choice. In other instances, they are valuable options that can provide an educational system with needed flexibility. When used properly, the methods are invaluable for increasing student motivation through greater involvement and participation. (Treasures, 2010)

Differentiated Instruction—Teachers provide lessons and assignments within the core curriculum that provide students access to the content at their appropriate academic levels. (Gregory and Chapman 2002)

Higher-level Thinking/Depth & Complexity—Teachers design lessons that develop critical thinking skills, which help students to solve complex problems. Students are taught to utilize the higher order thinking skills; synthesis, analysis, and evaluation (Bloom’s Taxonomy). Teachers use questioning strategies to explore the curriculum using depth and complexity prompts (Sandra Kaplan). Teachers can tailor the curriculum to challenge students based on their interests and abilities.

Integration of the Arts—Drama, dance, music, visual arts, and physical education are integrated across the curriculum to enhance students’ thinking and learning experiences. We value a broad knowledge base for our students. We believe that one size does not fit all. (Gregory & Chapman 2002) We strive to identify a student’s strengths and opportunities for improvement. (Eric Jensen 2001)

Experiential Learning—Aristotle once said, “For the things we have to learn before we can do them, we learn by doing them.” Students learn by doing. Students interact with the curriculum through the arts, field trips, science labs and simulations, and real life problem solving using physical models. It is through these experiences that students are able to process, analyze, and conceptualize their ideas about their world. The approach is a continuum from the concrete to the symbolic. (David Knob, Lowery FOSS, Jensen 2001)
**Action Learning**—Teaching use a hierarchy of questions to access a student’s understanding of content areas. They use closed, objective, relative and open questions to monitor comprehension. This technique gives insight into what students see, hear and feel. Good questions lead to reflection and greater insight into the subject matter. (Raven)

**Thinking Maps**—Teachers use Thinking Maps in all subject areas to guide students’ critical thinking skills.

Adhering to the proposed instructional framework and teaching methodologies ensures Dixie Canyon Community Charter’s instructors can successfully meet the needs of all students, which include these subgroups: GATE, “Twice-Exceptional,” Special Education, English Language Learners, Under-Achieving/Non-Proficient, General Education, and the Socio-Economically Disadvantaged.

These specialists are currently hired through a collaborative process involving the Dixie Canyon Parent Teacher Association (DCPTA) and input from the Principal. This collaboration continues each year, and its content and schedule structure are delineated at the onset of annual planning. The annual plan guarantees that all students have equal access to these enrichment programs.

The Dixie Canyon Parent Teachers Association (DCPTA) financially supports Dixie Canyon’s current “arts-based” enrichment and physical education programs. As a separate entity from Dixie Canyon Community Charter, the DCPTA shall maintain liability insurance sufficient to cover any and all DCPTA’s sponsored activities and shall present a certificate of insurance as evidence of such insurance coverage on at least an annual basis to the Districts Division of Risk Management & Insurance Services. Dixie Canyon Community Charter will conform to and operate under the District’s Donation Policy.

Dixie Canyon Community Charter will seek to continue to provide this enrichment programming to all students in the future. The following is a description of the current enrichment programs, how each element is fully integrated into the curriculum, and the research-based evidence supports the value of this approach to educating a diverse student population.

**Physical Education**

The physical education program provided to all grades is a supplement to the State Standards, which the teachers implement. This enrichment activity is an important component to providing our students with a healthy mind and body. This program also enhances the concepts of team sports and good sportsmanship while incorporating fairness in competition. Dixie Canyon, we understand the importance of integrating the theory of physical education with organized and structured play. Access to a regular physical education program can enhance all aspects of development including academic performance, movement knowledge, motor skills and self-esteem. These benefits can be achieved through quality physical education programs. For optimum results programs should be regular, frequent, developmentally appropriate, success-oriented, and instructed by trained physical education teachers (McKenzie, Sallis, Faucette, Roby, and Kolody, 1993)

Dixie Canyon Community Charter will maintain a participation rate of the CST that exceeds the minimum requirement of 95%.

In accordance with LAUSD policy, all ESL students will be held to the high expectations of completing one ELD level per year and advancing one level per year on the CELDT. ESL students will be identified through the use of the LAUSD home language survey, teacher observation, and the CELDT test. Students not identified EO or IFEP, will take the CELDT Required Language marked with an asterisk (*)
annually and need to move through the LAUSD ESL portfolio levels 1 - 5. Our goal is to
increase the percent of English Learners scoring early advanced and advanced on the CELDT by
5% as well as to increase the ESL proficient or advanced status in ELA on the CST by 2%
annually.

**FREQUENCY AND METHODS BY WHICH STUDENTS ARE ASSESSED**

**Periodic Assessments***

Dixie Canyon Community Charter shall determine the development, implementation or use of
periodic assessments according to the needs of the students, within the limits permitted by the
education code. Dixie Canyon Community Charter may choose to use district assessments or
design our own and will determine the timing of such assessments and coordinate with the
respective Local District.

Dixie Canyon Community Charter believes that assessment is ongoing and affords teachers an
opportunity to develop daily lessons that meet the needs of all students based on their strengths
and weaknesses. As mandated by **No Child Left Behind**, we are committed to ensuring that
each child reaches his or her proficiency level in the areas of language arts and mathematics.

At the beginning of each school year, teachers receive data for their incoming pupils. We analyze
the data from the prior year and formulate an instructional agenda based on the needs of each
student to determine the level of intervention needed. Teachers then plan the next step based on
the data analysis. This could include small group instruction, additional assessment to identify a
specific skill area of need, or referral for intervention.

We use a variety of assessment tools in order to get a comprehensive representation of student
achievement. Data from these different assessments is collected and studied by teachers
independently and at weekly grade-level collaboration. Additionally, the administration
examines and discusses data with teachers on an ongoing basis throughout the year.

Standardized assessments will include, but are not limited to: CST written in English (yearly),
CELDT (yearly), curriculum embedded assessments for Language Arts, Kindergarten checklists,
Treasures Core Diagnostic assessments, Envision K – 5 Mathematics Diagnostic assessments,
CORE K-12, Periodic Math Assessments (every 6-8 weeks), and District Science Assessments
(fourth and fifth grade three times a year). These assessments give teachers a common measure
of student performance. Teachers and administrators can make decisions regarding instructional
programming based on how students are performing in relation to other students who take the
same test.

Authentic assessments are ongoing and can better evaluate the child over time and in a variety of
settings. Authentic assessments may include, but are not limited to, portfolios, journals, work
samples, homework, teacher-devised tests, teacher observations, checklists, anecdotal records,
publisher- provided criterion-referenced tests, and projects. Performance assessments and
project-based assignments that are graded using a rubric also allow for meaningful application of
essential knowledge and skills.
In conjunction with standardized and authentic assessments, teachers will also use daily informal assessments from observations, weekly quizzes and tests, class work, and project assignments to help identify immediate areas of concern and to guide instruction.

As a District affiliated charter school, Dixie Canyon Community Charter will test with the District and adhere to District testing calendars and procedures for all state mandated assessments.

**METHODS TO INSURE THAT STATE STANDARDS ARE MET AND PUPIL ASSESSMENTS CONDUCTED**

Dixie Canyon Community Charter  values data-based decision making to optimize its approach to meeting the needs of all students, to monitor the school’s progress, and to establish future goals and interventions. Specific examples of this include:

| Technology | such as musicals and plays  
| - Continual evaluation for trimester grades |

- All students will be assessed on a continuum in accordance to the pacing plan developed by the Curriculum & Review Committee. Teacher at each grade level will analyze data generated.
- Data from combined assessments—annual CST, Literacy Periodic Assessments, Mathematics Periodic Assessments, and Science Assessments, grades 4/5, will be used to identify at risk students and design a program of intervention to address their needs.
- Data will be monitored using the Districts CORE K-12 assessments system. Teachers and administration will evaluate data, as it becomes available, in order to meet each student’s educational needs. The administrator and teachers review data from periodic assessments and evaluate the implications for necessary professional development, whether peer observations are needed, and to determine if additional programs and supplemental resources are needed. In addition, data also assists with the prioritizing topics for discussion during grade-level planning.
- District assessment results and authentic assessments results are communicated to parents by teaching staff throughout the school year.

IDENTIFICATION OF GRADING POLICY

Individual classroom teachers will be primarily accountable for assessing their students’ progress with regard to grade-level work and content standards. Student progress toward meeting expected student outcomes is monitored on an ongoing basis at each grade level by assessments aligned to the State Standards.

Student progress toward achieving the school’s desired grade-level standards will be communicated to parents by providing immediate feedback on class assignments and homework assignments as well as by means of the unsatisfactory progress report and regular conferences with the student’s teachers.

The academic standards include specific learning topics in the different subject areas for each grade level: language arts divided into reading, writing, listening, and speaking; mathematics; history and social science; science; health education; physical education; and the arts. The standards for lifelong learning (i.e., work and study habits) include use of time, independence, organizational skills, and quality and completeness of work. The standards for character development (i.e., learning and social skills) include respect, cooperation, dependability, responsibility, self-control, and fair play.

Proficient levels of the District and State Standards are summarized on the progress report each trimester using the progress report introduced by LAUSD in the 1999-2000 school year. The LAUSD Progress Report uses a 4-point scoring rubric that aligns with State Standards and classroom teachers’ daily work assignments. Students earn a “4” for Advanced Proficient Levels; “3” for benchmark Proficient Levels; “2” for Partial Proficient Levels; and “1” for Levels that are Not Proficient. Parent conferences are conducted as needed throughout the year.
ELEMENT 4: Governance

*The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement* Ed. Code § 47605 (b)(5)(D)

PETITION FOR AFFILIATED CHARTER STATUS*

*Dixie Canyon Avenue Elementary School is an elementary school grades K-5 that proposes to be converted to an Affiliated Charter within the Los Angeles Unified School District and to be
known as Dixie Canyon Community Charter. As an Affiliated Charter, Dixie Canyon Community Charter will follow all established LAUSD policies and guidelines.

Dixie Canyon Community Charter is subject to the governance of the LAUSD Board of Education, which has a fiduciary responsibility over Dixie Canyon Community Charter.

Governance at the school site level shall be in accordance with the provisions of this petition and will be consistent with all applicable state, federal laws and regulations and the provisions of collective bargaining agreements.

Any governance model in conflict with the above shall be null and void unless the appropriate parties have agreed to a waiver or exemption. Absent agreed upon waivers between the District and UTLA, Article XXVII of the LAUSD-UTLA CBA must be adhered to, particularly in regards to Local School Leadership Council composition and responsibilities.

*In the event that Dixie Canyon Community Charter changes from affiliated charter status to independent charter status, Dixie Canyon Community Charter and/or its non-profit corporation will be a separate legal entity and will be solely responsible for the debts and obligations of Dixie Canyon Community Charter. If Dixie Canyon Community Charter changes its status to an independent Charter School, Dixie Canyon Community Charter shall submit a petition for material revision of incorporation and bylaws for District’s approval.

**Dixie Canyon Community Charter will comply with the Brown Act.**

*Members of Dixie Canyon Community Charter Governance Council, any administrators, managers or employees, and any other committees of Dixie Canyon Community Charter shall comply with federal and State laws, nonprofit integrity standards and LAUSD’s Charter policies and regulations regarding ethics and conflicts of interest.

**PROCESS, WHICH ENSURES STAFF, STUDENT AND OTHER STAKEHOLDER INVOLVEMENT**

Parents play a very active role at Dixie Canyon Community Charter and the success of Dixie Canyon Community Charter will depend upon continuing this tradition. The highly productive collaboration between parents and educators enables us to provide the best, most enriched education possible. While parents are and will be involved in all levels of decision-making at Dixie Canyon Community Charter, their primary role will be to help to fulfill our promise of an enriched educational experience for all children. At least one elected parent representative will serve on each of the school’s Governing and Executive Committees, including but not limited to budget, bylaws and curriculum, ELAC, school safety, staff selection, technology, discipline and professional development.

Parents attend monthly parent meetings where they elect their own officers and representatives and where they set goals for their participation. By participating in the process, parents will learn skills related to teaching their children, planning, budgeting, management, analysis and problem solving.

**Methods by Which Schools Consult with Parents and Teachers Regarding School’s Educational Programs School Governance**
School Governance

Involvement in the Governance Council and the various Governance Council committees will provide for direct parent and teacher involvement in the ongoing process of reviewing and revising the school’s educational program. This will enable us to continue to meet the unique needs of Dixie Canyon’s students. All Governance Council and standing committee meetings will be open to the public in accordance with the Brown Act, and all stakeholders and interested parties will be encouraged to contribute agenda items for discussion. Meeting schedules will be made available to the public through bulletins sent home with students (and/or including on the school website and via organized email blasts). An agenda of each meeting will be posted publicly (at the school site and on the school’s website) at least 72 hours in advance thereof. All meetings will be held in accordance with the posted agenda and any items raised during any “public comments” period will be added to a later agenda for official discussion. The Governance Council and standing committees will also comply with all Brown Act requirements related to Special Meetings. Minutes of meetings will also be posted in a public area and/or on the website. The foregoing meeting requirements will be subject to any exceptions permitted under the Brown Act.

Additional Parent Involvement Opportunities

Parent involvement is the key to the success of the school, with opportunities for both parents who stay at home and those who work full-time. These opportunities include events such as Back to School Night, Open House, Parent/Teacher Surveys, parent/teacher conferences, parent participation in the classroom, campus beautification, book fairs, annual Diversity Day, Science and Math Nights, Reader’s Theater, dance presentations, parent workshops, December Holiday Concert, monthly newsletter. Pumpkin Fair and Backlot, and Auctions. Parents participate in Parent Education seminars and DCPTA meetings. Dixie Canyon also announces opportunities using email blasts, via its website and by automated phone calls (ConnectEd). Teachers communicate via weekly collaboration meetings, professional development meetings, and regular faculty meetings. Parents are essential in making the school a vital part of the community, and in fostering the diversity and excellence of Dixie Canyon’s enriched educational program. A parent’s inability to participate in the funding for the enrichment programs does not impact admission for enrollment in any way.

Decision-Making Process and Organizational Chart

Dixie Canyon’s School Governance Council will be a consensus-oriented, decision-making body for Dixie Canyon Community Charter. It will have the responsibility for allocating categorical block grant resources and setting the policies and procedures to achieve the school’s program goals, thus promoting the best educational program possible for students. The attainment of consensus among all members of the Council will be a primary goal. If consensus cannot be reached, decisions will be made by a simple majority vote of the members present, with the exception of changes to the Bylaws, which must be decided by a two-thirds majority of the Council. Any stakeholder can bring new business before the Governance Council by bringing the matter to the attention of the Principal, a member of the Governance Council, or the relevant...
committee. All standing committees will have representation from both the parent body and teaching staff and are the foundation of policy decision-making at Dixie Canyon Community

Compliance with all Laws Relating to Public Agencies in General, all Federal Laws and Regulations and State Codes

Dixie Canyon Community Charter will comply with all applicable laws relating to public agencies in general, all federal laws and regulations and State codes. As required by LAUSD, our school adheres to all applicable consent decrees and court orders including Rodriguez and Chanda Smith Modified Consent Decree. Dixie Canyon Community Charter accepts and understands its obligation to comply with specific sections of the Education Code: Sections 47611 and 41365, and all laws establishing minimum age for public school attendance. Dixie Canyon Community Charter and all committees will comply with the Brown Act as noted.
above*. Members of the Dixie Canyon Charter Governance Council, any administrators, managers or employees, and any other committees of the school will comply with federal and State laws, nonprofit integrity standards and LAUSD’s Charter policies and regulations regarding ethics and conflicts of interest. In the event that Dixie Canyon Community Charter changes from affiliate charter status to independent charter status, it recognizes that Dixie Canyon Community Charter and/or its nonprofit corporation will be solely responsible for the debts and obligations of Dixie Canyon Community Charter.

**Dixie Canyon Community Charter’s Relationship with District/County**

Dixie Canyon Community Charter Governance Council will work collaboratively with the Local District and District to determine the applicability of District policies and procedures to Dixie Canyon Community Charter. Dixie Canyon will continue its operation as a fiscally affiliated Dixie Canyon Community Charter until such time as stakeholders choose to consider other options. Dixie Canyon Community Charter will work collaboratively with the District to ensure all programs, services, and future needs are funded.

**Process for Amendments to Charter**

Dixie Canyon Community Charter reserves the right to amend its charter at any time with LAUSD Board of Education approval. All amendments will require the majority vote of representatives to Dixie Canyon Community Charter Governance Council. The LAUSD Board of Education under the standards and criteria found in EC 47605 must consider any material revisions to the charter. Dixie Canyon Community Charter will consult with the District in making a determination as to whether or not a proposed amendment or change to the charter constitutes a material revision.

**Articles of Incorporation and Bylaws of Nonprofit Corporation**

Since we are applying to convert to an affiliated Dixie Canyon Community Charter, we do not need to submit articles of incorporation and bylaws of a nonprofit corporation. We have, however, submitted the Bylaws of the Governance Council in the appendix.

As a separate entity from Dixie Canyon Community Chart, the Dixie Canyon Parent Teacher Association (DCPTA) shall maintain liability insurance sufficient to cover any and all DCPTA sponsored activities and shall present a certificate of insurance as evidence of such insurance coverage on at least an annual basis to the Districts Division of Risk Management & Insurance Service. Dixie Canyon Community Chart will conform to and operate under the District's Donation Policy (Policy Bulletin No. 1633). DCPTA shall work collaboratively with Dixie Canyon Community Chart to further the educational program of the school. DCPTA is a nonprofit 501c (3) California Corporation. DCPTA’s purview is fundraising to support the Charter’s enrichment programs. DCPTA and Dixie Canyon Community Chart will follow district policy and procedures regarding the hiring of additional enrichment personnel. Enrichment personnel work collaboratively with Dixie Canyon Community Charter’s teaching staff to develop an effective and Standards bases model. Should there be a disagreement between DCPTA and
Dixie Canyon Community Charter, the Charter School discussion would ensue to put the needs of the students and grade-level standards above the disagreement. The site administrator, or Governance Council will make the final decision.

Selection Process of Council Members and Relevant Governance Council

Members of the Governance Council will serve two-year terms; one-half of the teacher members and one-half the parent members will be elected each year. The voting members of the Governance Council will include representatives from the school’s various constituencies as follows:

Standards and Conduct

Dixie Canyon Community Charter embraces the theory of positive discipline. We use problem solving rather than punishment to help children become successful students and citizens.

Parent/child/school cooperation and support is crucial. At the start of every school year all students take home an agreement, to be signed by them and their parents outlining expectations for campus conduct and appropriate citizenship. Teachers collect the signed agreements in the classroom. In addition, standards and expectations for behavior are further explained by each teacher in every classroom and posted in all public areas. These areas include the classrooms, auditorium, lunch area, library, drama room, computer lab and outside offices and bathrooms. Students are expected to maintain our school-wide standards of behavior:

Be Safe.
Be Respectful.
Be Responsible.

Positive Behavior Reinforcements

Students are encouraged to behave appropriately throughout the day. Each morning, during announcements, the Principal reminds students of the behavior expectations, which encourages them to think about their role in creating a positive school culture. At the beginning of the year, the Principal hosts grade level assemblies for students to discuss expectations for student behavior by role-playing scenarios with the students to demonstrate and reinforce the desired behavior by presenting it in an entertaining way. In addition, on the first Friday of every month there is a school-wide pep rally to highlight positive character traits. Students are given “Caught being Good” tickets by school staff when demonstrating good citizenship. Tickets are collected
in the office “mailbox” and recognized students are acknowledged once a month at the school-
wide assembly.

Teachers also give awards at each monthly assembly – giving recognition to students for
academic achievement, citizenship or attendance. Teachers recognize each student’s
individuality and strive to reward every student in their class for something positive they have
done by the end of the school year.

Positive academic motivation also plays a role on our campus. Prior to the annual CST teachers
talk with students about what to expect and the purpose of the tests. A rally is held on campus to
get students motivated and encourage them to do their best. A phone call goes to all households
encouraging students to get a good rest, eat a good breakfast and be sure to come to school the
next day. Students who demonstrate concern or worry about the upcoming CST are given
individual time with the Principal for a “Test Chat” to talk about the process, encourage them
and help them set goals for their achievement. Students who achieve perfect CST scores are
recognized with a certificate, lunch with the Principal and their photo in the monthly school
newsletter.

Individual classrooms further provide positive reinforcement through behavior strategies and
creation of rules that teachers and students establish together. Co-development of classroom
standards encourages student engagement and buy-in along with safe, respectful and responsible
behavior. For example, many teachers use the “stop light” system of discipline where the student
who behaves well is on “green,” a student with a warning may move to “yellow” and a student
who has been warned repeatedly will move to “red” and lose privileges that the class has decided
on. Many teachers have also adopted the “Caught Being Good” concept in their classrooms and
give the students play money or tickets to “shop” for small prizes, earn a special privilege or earn
class parties.

All of these activities guide our students in understanding the importance of their contribution
making Dixie Canyon Community Charter a great school.

**School-Wide Behavior**

Morning recess and lunch recess are times for play, relaxation, and to share time with friends
from different classes and grade levels on the playground, in the reading garden, or in the library.
These choices allow for personal development and a wide range of personal choices. All students
are expected to Be Safe, Be Respectful, and Be Responsible. However, if there are infractions,
there are consequences for the misconduct.

**Consequences for Misconduct**

The Principal has encouraged the teachers to handle minor problems in the classroom. The use of
positive reinforcement has seen an increase in desired behavior. However, if a student is sent to
the Principal, the problem is handled on an individual basis, as there is no one-size-fits-all plan.
The benefit of this is that each student is treated as an individual and educated about how to meet
the school-wide behavior expectations.

Some strategies the Principal uses include:
• First offense: The student and Principal have a conversation where questions are asked and the student shares his or her perspectives on the given situation. The student may then hear the Principal’s perspective and explanation of school behavior guidelines along with expectations and tips on how to participate appropriately.
• Second offense: A student who needs a “cooling off” period will be directed to a specific area until he/she is ready to rejoin the class.
• Third offense: The student is removed from the game or classroom. The Principal notifies parent. Any students involved in physical altercations will meet with the Principal immediately. Further behavioral infractions will be handled according to LAUSD policies and procedures.

RULES AND PROCEDURES FOR SUSPENSION AND EXPULSION

The procedures for suspension and expulsion from school will follow the procedures identified by LAUSD and in the California Education Code, Section 48900. Identified infractions may result in immediate suspension or expulsion per LAUSD policy and the California ED. Code Section 47605 (b)(5)(j) and in accordance with California Education Code, Sections 48900 et seq. and 48915 as well as the federal Gun-Free Schools Act of 1994. Procedures leading up to suspension will be progressive in severity and involve the active participation of students, teachers, the administrator, a classified employee and parents. Teachers may suspend students from their classrooms as per LAUSD/UTLA negotiated policy. Student expulsion recommendations from Dixie Canyon Community Charter will be referred to the Student Discipline Proceedings Unit of the LAUSD for processing and disposition and notification.

Grounds for Suspension/Expulsion

In accordance with E.C. Section 4891.5, the Principal shall immediately suspend and recommend a student’s expulsion if he or she determines that the student committed any of the following acts at school or at a school activity off school grounds:

• Possessing, selling, or furnishing a firearm
• Brandishing a knife at another person
• Unlawfully selling a controlled substance
• Committing or attempting to commit a sexual assault or committing a sexual battery
• Possession of an explosive

NOTE: An employee of the school district must verify the student’s possession of the firearm and explosive. The Principal must confirm that the student was in knowing possession of the firearm and explosive.

Administrator’s Role in Suspension/Expulsion

If suspension is necessary, the Principal shall notify the parent, remind the parent that suspension is a disciplinary action and schedule a parent conference. The Principal shall inform the parent that the parent is expected to respond without delay to any request from school officials to attend a conference regarding his or her child’s behavior.
No student shall be penalized for his or her parent’s failure to attend a conference with school officials, i.e., reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent at the school conference (E.C. section 48911).

The Principal may suspend a student without affording him/her an informal conference only if an emergency situation exists. The term “emergency situation” means that the Principal has determined that the immediate conditions constitute a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended from school without the conference, the designated administrator shall notify both the parent and the student of their right to a conference and of their right to return to school for that purpose. The conference shall be held at the earliest time possible, but no later than two school days after the incident takes place unless the student waives this right or is physically unable to attend. In the latter instance, the conference shall be held as soon as the student is able to attend.

**Suspension Appeal Procedures**

The Principal is to inform the parents of the appeal procedures when they disagree with the suspension. The appeal may first be made to the school Principal (not designee). If the parents wish to appeal the Principal’s decision, they may appeal to the Local District Operations Administrator or designee. The Local District appeal conference shall be arranged as soon as possible following the parents’ request; during the period of appeal, the suspension remains in effect for the length of time designated. The results of the appeal may include, but are not limited to:

- Sustaining the suspension in all respects
- Modification of penalties imposed
- Rescinding the suspension and expunging the suspension from the student’s records

The parents shall be notified in writing of the appeal decision. Copies of any objections the parents may have to the decision shall be included in the student’s discipline records if the parents so request.

**Expulsion Procedure**

Only the Principal of Dixie Canyon Community Charter can recommend that a pupil be expelled. Whenever a student is accused of an act for which an expulsion may be recommended, the Principal will conduct an incident investigation by 1) discussing the matter with district officials, 2) identifying and interviewing witnesses, 3) securing oral and written statements, and 4) reviewing appropriate student records.

The administrator will also notify law enforcement if certain acts have been committed by the student, including assault with a deadly weapon, possession of narcotics or controlled substances, possession of a weapon at school. The Principal will then consult with the Student Discipline Proceedings Unit of LAUSD regarding the appropriateness of an expulsion, and additionally consult with his/her administrative supervisor. If expulsion is recommended the Principal will conduct any necessary conferences and forward all information to the Discipline Unit in accordance with District policy.
The LAUSD Student Discipline Proceedings Unit is charged with ensuring that students recommended for expulsion are afforded a fair and impartial hearing and all due process rights.

A student may be expelled without suspended enforcement and therefore not be allowed to attend any LAUSD school or program during the term of expulsion. Pupils who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the LAUSD Discipline Unit at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the LAUSD Board to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The pupil’s readmission is also contingent upon the capacity of the Charter School at the time the pupil seeks readmission.

Therefore, in the event that a student requires expulsion, Dixie Canyon Community Charter will work with LAUSD and consider BUL-4655, March 13, 2009, as the guiding practice for expulsion. Dixie Canyon Community Charter will notify the Local District Superintendent of any potential expulsion case and provide the LD Superintendent with a copy of the case file for review. It will be the Local District Superintendent that will review the case and prepare the recommendation to expel the student. Dixie Canyon Community Charter will cooperate fully as indicated above with LAUSD in preparing the file for student expulsion and participate and cooperate with the Board decision on the plan for rehabilitation. Whenever a suspension occurs, the Principal is to advise the parent of the appeal procedures when they disagree with the suspension or recommendation. The appeal may first be made to the Principal. If the parents wish to appeal the Principal’s decision, they may appeal to the Local District Operations Administrator or designee. The Local District appeal conference shall be arranged as soon as possible following the parents’ request; during the period of appeal, the suspension remains in effect for the length of time designated. The parent shall be notified in writing of the appeal decision. Copies of any objections the parents may have to the decision shall be included in the student’s discipline records if the parents so request.

Outcome Data

The Charter School shall maintain all data-involving placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request in accordance with District policies and procedures.

The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

The Charter School shall follow District policies and procedures with regard to requests for
readmission and the process for the required review of all expelled pupils for readmission. A
description of the procedure shall be made available to the pupil and the pupil’s parent or
guardian at the time the expulsion order is entered. The Charter School is responsible for
reinstating the student upon the conclusion of the expulsion period whether the student seeks
readmission or not.

Modified Consent Decree. An IEP team, including a District representative, will meet to conduct
a manifestation determination and to discuss alternative placement utilizing the District’s
Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan,
the Charter administrator will convene a Link Determination meeting to ask the following two
questions: A) Was the misconduct caused by, or directly and substantially related to the student’s
disability? B) Was the misconduct a direct result of the Charter’s failure to implement 504?
